Searching For God And Finding Allah Gene Netto, 2019-11-19 What does Islam say about Christianity, Jesus, the Trinity, the Holy Bible, and Almighty God? What does Islam say about the Absolute Truth of Islam, the Prophet Muhammad, and the Holy Qur'an (also spelled Koran)? If there is only One Almighty God, then Christians and Muslims must be praying to the same God. So, what are the differences between the two religions, and why do Muslims reject Christianity, the Bible, and Jesus as the Son of God, but still accept Jesus as a prophet of God? For non-devout and ex-Christians, this book will explain the problems with Christianity from an Islamic perspective. It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad. For Muslims who grew up without a strong religious education, this book will explain that all religions are not the same, that Christianity is no longer valid or accepted by God, and that we should use the logical brains that God gave us to understand Islam. In this book, you will discover that Islam is simply the continuation of Judaism and Christianity, that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve, and that the Prophet Muhammad is the next messenger and also the Final Messenger from God, that Jesus promised to his followers. - Gene Netto

A CONCISE GUIDE TO THE QURAN: Answering Thirty Critical Questions Dr. A. M. Awal PhD, 2023-08-18 Investigating the authenticity of the Koran from a mathematical standpoint and a numerical point of view, to scientifically and historically verify whether Mohammed wrote the Koran.

Allah: The Concept of God in Islam Yasin T. al-Jibouri, 2012-01-19 Humans are comprised of a body and a soul, yet most of them take care of their bodies and forget about their souls. This book wakes them up, the author hopes, and provides them with a dose of spirituality which they may never have had before. This book is written for everyone, and its stories will appeal to many, if not most, people who will find in them beauty and universality: There is One God, one human family started by Adam and Eve, one truth, one heaven, one hell, one right and one wrong... and one religion. Call any of these by any name, it does not matter, for calling a rose by any other name does not change its beauty, hue, aroma or anything else. So is the case particularly with God whom the Muslims prefer to call "Allih" for reasons which the book explains. This Volume discusses the "99 Attributes of Allih" or how Muslims view their Creator. Knowing a maker is done by knowing what he makes. It discusses not only prominent figures but other beings as well: jinns (or genies), angels, demons, etc. It narrates interesting tales about a number of God's prophets and messengers such as Noah, Moses, Abraham, David, Solomon and Jesus Christ, peace with them all and many, many salutations.

THE SECRET OF THE HOLY QURAN Dr. Iftekhhar Ahmed Shams, 2023-01-15 The Holy Quran, the heavenly book of Islam. It is Allah's eternal Speech; it is pure, and one cannot touch it unless they are purified. Allah (SWT) says in Quran: It is a noble Quran. In a well-protected Book. None can grasp it except the purified. A revelation from the Lord of the Worlds. (56:77-80) The Holy Quran contains 114 Surahs, 89 are Makki Surahs, and 25 are Madani Surahs. Surah means status, height, pitch, border, elevation, and mercy. It is intended to be a chapter, according to Surah. There are 6,236 ayahs (verses) in Quran, Ayah is a word that signifies sign or wonder. It signifies that every Ayah of the Holy Quran is a symbol of Allah's Majesty. And every Ayah is a miracle because no creature, whether humankind, jinn, or angels, can make it; it has 77,430 words in total. Some benefits of the Holy Quran The Qur'an will be proof for you on the Day of Judgment. Your status in this life will be raised. The Qur'an will intercede for you on the Day of Judgment. You will be from the best of people. The reciters of the Qur'an will be in the company of the noble and obedient angels. The Qur'an will lead you to Paradise. There are ten rewards for each letter you recite from the Qur'an. Even by looking at the Quran, you get a reward. Your understanding of the Quran determines your position in Paradise. One of the Quran's wonders is that no one has ever been able to change a single letter of its text, despite their best efforts; it's because Allah (SWT) has said: Indeed, it is we who sent down the Qur'an, and indeed, we will be its guardian. (15:9) This is the noble Quran, a complete guide, mercy, and miracles for the whole of humankind, irrespective of religion. Let's find out what is inside the Quran and reveal the secret of the Holy Quran through this book for those who can read Quran and those who cannot.

Isa ibn Mariam A Kindly Question to Muslim Friends Richie Cooley, 2022-04-22 This booklet examines the contradictions between the Bible and the Quran, especially in relation to the person and work of Jesus Christ. It is written from a fundamental Christian perspective.

Islamic Traditions and Muslim Youth in Norway Christine Jacobsen, 2010-12-17 A major question regarding Islam in Europe concerns the religiosity of “Muslim youth” – a category currently epitomizing both the fears and hopes of multicultural Europe. How are Islamic traditions engaged and reworked by young people, born and educated in European societies, and which modes of religiosity will they shape in the future? Providing an in-depth ethnographic account from Norway, this book engages comparative research on Islam and young Muslims from across Europe, focusing on Islamic revitalization, Muslim identity politics, changing configurations of religious authority, and the formation of gendered religious subjectivities. The author discusses anthropological and other social science theorizing in order to examine religious continuities and discontinuities in a context of international migration, globalization, and secular modernity.

Contemporary Issues in Islamic Law, Economics and Finance Flavia Cortelezzi, Alessandro Ferrari, 2022-08-12 This book explores how Islam can impact the structures and performance of firms, financial institutions and capital markets across a range of countries and industries. The Islamic finance industry represents an important reality not only because of the oil wealth of the Gulf states, which have fueled demand for such financial services, but also for an increased demand from a growing Muslim population in the West that aspires to express a full and all-inclusive religious identity. The increased demand for Muslim financial institutions has prompted Western non-Islamic firms to begin providing these services in an interesting effort of acculturation to the new plural scenario. By adopting a multidisciplinary approach, which also takes into account the theological, legal and geopolitical framework, the book offers a comprehensive picture of Islamic financial tools, contracts and business opportunities. Drawing on different fields of expertise, it deals with various themes, such as the theological roots of Islamic economics and finance and its geopolitical impact; the EU policy of cooperation with MENA and GCC countries; the instruments of Islamic finance, its legal principle and ability to become an instrument for enhancing business opportunities; the functioning of Islamic banks; the development of capital markets within a financial model influenced by religious constraints and, finally, the new relationships of this religious financial system with Western legal systems. The book thus provides a complete and extensive overview of the practice of Islamic finance through the lenses offered by studies of economics and management. Providing a careful analysis and an integrated framework of geo-economic and political issues, the book will be a valuable resource for academics, researchers and professionals in International Business, Entrepreneurship and Small Business Management, Law and Religion and Intercultural Studies.

Bleeding for Allah Markus Aurelius, 2007-11-19 Over 4 years in the making, Bleeding for Allah scrutinizes Islam from the very birth of the religion. The Koran, the Holy Book of more than one billion people worldwide, is systematically analyzed to reflect the true nature of its message. Bleeding for Allah goes the full distance in detailing the uncomfortable and painful truth of that message. Although touted as a peaceful religion and Islamic terrorists dismissed as misguided fanatics, it is clear that the very words of Allah, as voiced through the Archangel Gabriel to the Prophet Muhammad, are anything but

peaceful. Markus Aurelius, in concise and clear fashion, gives countless examples of Koranic verse that readily demonstrates its militancy and violence. The author speaks to cultural bias and is quite sensitive to its influence on interpretation. But the author finds it extremely difficult to dismiss countless holy verse such as: Believers, take neither the Jews nor the Christians for your friends. (Koran, 5:51) or: Prophet, make war on the unbelievers and the hypocrites, and deal sternly with them. (Koran, 66:9). To further try to eliminate cultural bias, the book includes a comparative analysis of specific words between the New Testament and the Koran. For example, the words punishment and torture appear 600% more in the Koran while the word love appears 500% less. The author carefully examines the Prophet Muhammads life and outlines the gruesome details of his explosive success in the 7th century. The shrewd Prophet creatively found divine support from Allah for his banditry and mass murder. Sadly, more than one billion people believe those words today. Americans are woefully in the dark regarding the Koran. But few Americans have taken the time to read the Koran itself. Markus Aurelius challenges the American public to do just that. Bleeding for Allah is the perfect primer.

Worldly Wisdom and Foolish Grace Barbara Carnegie Campbell, 2020-08-07 Rabbi Jesus interpreted the teachings of Torah to his followers. The Prophet Mohammad received a divine revelation centuries later that returned his people to the faith of Abraham. The holy texts of all three Abrahamic faiths, Judaism, Christianity, and Islam, teach compassion, generosity, and nonviolence. While culture and politics often speak one understanding of “wisdom,” each of these faith traditions asks very different and difficult behavior of their followers, i.e., loving enemies, showing compassion for all, and giving away wealth to serve the poor; in other words, grace-filled living which the world sees as “foolish.” Worldly Wisdom and Foolish Grace reflects on ten of the hardest words spoken in Abraham’s tent, places “foolish grace” up against “worldly wisdom,” and asks us to choose which road to take.

Getting to Know Allah - Legacy Edition Bernard Payeur, 2015-11-08 111:1-5 Perish the hands of Abu Lahab, and may he perish too; neither his wealth nor what he has earned will avail him anything. He will roast in a flaming fire, and his wife will be a carrier of fire-wood, she shall have a rope of fibre around her neck. The phrase In the Name of Allah, the Compassionate, the Merciful launches 112 of the 114 chapters of the Koran. If compassionate is defined as being aware of the suffering of an other and wishing to relieve it, and merciful as being unconditionally kind and forgiving, then these are not the qualities we would associate with the Author of verses about roasting a man over an open fire, with his wife, tethered like an animal, supplying the firewood fueling the flame that is burning her husband. Does it matter that Abu Lahab and his wife did not hide their disdain for the Prophet Muhammad and his new religion? It matters to Allah, and what matters to Allah is what Getting to Know Allah is all about.

Politically Incorrect Guide to Islam (And the Crusades) Robert Spencer, 2005-08-01 The courageous Robert Spencer busts myths and tells truths about jihadists that no one else will tell. —MICHELLE MALKIN While many choose to simply blame the West for provoking terrorists, Robert Spencer's new book *The Politically Incorrect Guide to Islam (and the Crusades)*TM reveals why it is time to ignore political correctness and identify the enemy - if we hope to ever defeat them. In a fast-paced, politically incorrect tour of Islamic teachings and Crusades history, Spencer reveals the roots of Islamic violence and hatred. Spencer refutes the myths popularized by left-wing academics and Islamic apologists who justify their political agendas with contrived historical "facts." Exposing myth after myth, *The Politically Incorrect Guide to Islam (and the Crusades)*TM tackles Islam's institutionalized mistreatment of non-Muslims, the stifling effect Islam has on science and free inquiry, the ghastly lure of Islam's X-rated Paradise for suicide bombers and jihad terrorists, the brutal Islamic conquests of the Christian lands of the Middle East and North Africa, and more. In *The Politically Incorrect Guide to Islam (and the Crusades)*TM, you will learn: How Muhammad did not teach "peace and tolerance"—instead he led armies and ordered the assassination of his enemies Why American Muslim groups and left-wing academics are engaged in a huge cover-up of Islamic doctrine and history How today's jihad terrorists following the Qur'an's command to make war on Jews and Christians have the same motives and goals as the Muslims who fought the Crusaders Why the Crusades were not acts of unprovoked aggression by Europe against the Islamic world, but a delayed response to centuries of Muslim aggression What must be done today—from reading the Qur'an to reclassifying Muslim organizations—in order to defeat jihad terrorists

Freedom through Submission: Muslim-talk in Contemporary Denmark Johannes Renders, 2021-03-01 In *Freedom through Submission* Johannes Renders explores Danish-Muslim statements on human freedom. Within a context where public talk of Islam is largely mediated by an incessant succession of controversies, the notion of freedom is weaponized both by and against a growing Muslim community. Danish Muslims take issue with liberal associations of the notion with autonomy and choice, and seek to reconfigure the public debate that pits freedom against Islam. This book brings out a sophisticated and reflective Muslim discourse, in which freedom is something individuals must simultaneously exercise, surrender, and achieve through a cultivated relinquishing of the will to Allah.

Allah Gabriel Said Reynolds, 2020-03-03 A concise and illuminating portrait of Allah from one of the world's leading Qur'anic scholars The central figure of the Qur'an is not Muhammad but Allah. The Qur'an, Islam's sacred scripture, is

marked above all by its call to worship Allah, and Allah alone. Yet who is the God of the Qur'an? What distinguishes the qur'anic presentation of God from that of the Bible? In this illuminating study, Gabriel Said Reynolds depicts a god of both mercy and vengeance, one who transcends simple classification. He is personal and mysterious; no limits can be placed on his mercy. Remarkably, the Qur'an is open to God's salvation of both sinners and unbelievers. At the same time, Allah can lead humans astray, so all are called to a disposition of piety and fear. Allah, in other words, is a dynamic and personal God. This eye-opening book provides a unique portrait of the God of the Qur'an.

Answering Jihad and Seeking Allah, Finding Jesus Collection Nabeel Qureshi, 2016-03-08 This collection includes 2 bestselling ebooks from award-winning author Nabeel Qureshi. Answering Jihad From New York Times bestselling author and former Muslim Nabeel Qureshi comes this personal, challenging, and respectful answer to the many questions surrounding jihad, the rise of ISIS, and Islamic terrorism. Setting aside speculations and competing voices, what really is jihad? How are we to understand jihad in relation to our Muslim neighbors and friends? Why is there such a surge of Islamist terrorism in the world today, and how are we to respond? Seeking Allah, Finding Jesus In Seeking Allah, Finding Jesus, Nabeel Qureshi describes his dramatic journey from Islam to Christianity, complete with friendships, investigations, and supernatural dreams along the way. Providing an intimate window into a loving Muslim home, Qureshi shares how he developed a passion for Islam before discovering, almost against his will, evidence that Jesus rose from the dead and claimed to be God. Unable to deny the arguments but not wanting to deny his family, Qureshi's inner turmoil will challenge Christians and Muslims alike.

Searching Below the Surface Nakhati Jon, 2022-03-11 We all want to know how the God of the Bible differs from the Islamic Allah. How does a covenant-keeping God interact in the divine-human relationship? In what ways does a contract-demanding Allah vary from biblical truth? This comparative religious exploration will equip Christians to clarify the difference. Searching Below the Surface: A Deeper look at Covenant and Contract prepares the reader to present biblical truths by exposing Muslim ideas. The book unearths the often-unseen perspectives of a covenant God called Yahweh and a deity prone to contract, Allah. The book seeks to answer these questions: How does Yahweh's Oneness promote covenant understanding? How do Muslims define the Absolute Oneness of Allah? How do the Creation accounts in the Bible and Quran reflect theology? In what ways does Islam ignore a covenant ethos? What are the implications of covenant and contract when applied to marriage? Since covenant marriage patterns divine oneness in how spouses relate and share sacrificially, this mode of marriage mirrors the character of the biblical God. Marriage in the Bible reflects a relationship found in the divine Godhead and how he interacts with believers. "Nakhati Jon skillfully searches below the surface to understand the roots of the thinking of our Muslim friends and neighbors, and Christians" Patrick Cate, Ph.D. In a covenant marriage, the husband and wife become one, which means more than physical oneness but a mystical, spiritual unity that reflects the Trinity of

Oneness! Nakhati Jon Oneness describes the Islamic idea concerning deity but undermines the ideas of Islamic marriage. Nakhati Jon Excerpt: On another scorching, sweltering day in Central Asia, we traveled to the capital in our rented taxi. As per custom, my wife sat in the back with our kids while I sat in the front, chatting with the driver. Dust and welcome air flew in through the open windows, and we talked loudly to drown out the wind. Then, the inevitable conversation began: Driver: Central Asian women are beautiful, aren't they? (My back prickled in response to my wife's almost-palpable eye-roll.) Me: My wife is beautiful. Driver: You should get a second wife. (I felt my wife rethinking pacifism.) Me: (Emphatically) God is one! Therefore, I will have only one wife! Driver: Oh—this is true! (Pause) Does your wife speak the language? Me: Fluently. And she doesn't like what you're saying. Years later, my wife confessed she had ignored the illogic of the "One God/one wife" statement in return for its success as a conversation-stopper. But in researching, I happily discovered my shot at philosophy had been logical after all. In fact, my bit of accidental wisdom carried foundational truths about Yahweh's nature, his relationship with man, and his plan for marriage.

Sufism and Saint Veneration in Contemporary Bangladesh Hans Harder, 2011-03-04 Focusing on the Maijbhandari movement in Chittagong, south-eastern Bangladesh, which claims the status of the only Sufi order originated in Bengal and which has gained immense popularity in recent years, this book provides a comprehensive picture of an important aspect of contemporary Bengali Islam in the South Asian context. Expertise in South Asian languages and literatures is combined with ethnographic field work and theoretical formulations from a range of disciplines, including cultural anthropology, Islamic studies and religious studies. Analysing the Maijbhandaris tradition of Bengali spiritual songs, one of the largest popular song traditions in Bengal, the book presents an in-depth study of Bengali Sufi theology, hagiography and Maijbhandari esoteric songs, as well as a discussion of what Bengali Islam is. It is a useful contribution to South Asia Studies, as well as Islamic Studies.
