

Parrot In The Oven

Ed Teja

Parrot in the Oven Victor Martinez,1998-02-13 Dad believed people were like money. You could be a thousand-dollar person or a hundred-dollar person -- even a ten-, five-, or one-dollar person. Below that, everybody was just nickels and dimes. To my dad, we were pennies. Fourteen-year-old Manny Hernandez wants to be more than just a penny. He wants to be a vato firme, the kind of guy people respect. But that's not easy when your father is abusive, your brother can't hold a job, and your mother scrubs the house as if she can wash her troubles away. In Manny's neighborhood, the way to get respect is to be in a gang. But Manny's not sure that joining a gang is the solution. Because, after all, it's his life -- and he wants to be the one to decide what happens to it.

The Américas Award Laretta Henderson, 2015-12-16 First awarded in 1993, the Américas Award is given in recognition of books that authentically and engagingly portray Latino/as in Latin America, the Caribbean or the United States. By combining both and linking the Americas, the award reaches beyond geographic borders, as well as multicultural-international boundaries, focusing instead upon cultural heritages within the hemisphere. The Award is unique in that selects Latino/a youth literature for classroom use and in that it focuses on the entire Western Hemisphere. Scholars from the fields of literature, education, library science, and theater engage with Latino/a Critical Race Theory (LatCrit) in this ecollection of essays about the Américas Award, the Award-winning and honored books, and the contexts in which the books are used. This collection offers essays on the history of the award, close readings of Award-winning and honored books situated in the classroom, and discussions of how best to use the books in the classroom, library and theater.

Trans-Americanity José David Saldívar, 2012 In this book the author critiques the work of various writers within the framework of a globalized study of the Americas.

Nameless Mountain Ed Teja, They hit the road for adventure. Three friends want to shake off the doldrums and search out something new. Adventure is a rocky path and meeting an intriguing hooker, a Scorpio, in Las Vegas splits them up. Going back on the road in a dentist's Porsche leads through the Midwest to a small mountain town... an insignificant spot at the end of the road, high atop a mountain that doesn't even have a name. This is home to a short-order cook who is teaching himself to read Cambodian from novels, where the woman who runs the diner changes people's names at random, and life generally doesn't seem to relate to the outside world at all. Leaving that place is a challenge. But if the endless country music doesn't prove toxic, a return from the brink, to something else, might be possible. If you enjoyed Jack Kerouac's *On the Road*, you'll love this wild and unpredictable adventure. Get it now!

Pura Belpré Awards Rose Zertuche Treviño, 2006-06-05 Discusses this biennial award that honors Latino writers and illustrators, annotates the award-winning books, provides biographical information about the authors and illustrators, and

suggests booktalks and activities.

Globalization and the Decolonial Option Walter D. Mignolo, Arturo Escobar, 2013-10-18 This is the first book in English profiling the work of a research collective that evolved around the notion of coloniality, understood as the hidden agenda and the darker side of modernity and whose members are based in South America and the United States. The project called for an understanding of modernity not from modernity itself but from its darker side, coloniality, and proposes the de-colonization of knowledge as an epistemological restitution with political and ethical implications. Epistemic decolonization, or de-coloniality, becomes the horizon to imagine and act toward global futures in which the notion of a political enemy is replaced by intercultural communication and towards an-other rationality that puts life first and that places institutions at its service, rather than the other way around. The volume is profoundly inter- and trans-disciplinary, with authors writing from many intellectual, transdisciplinary, and institutional spaces. This book was published as a special issue of Cultural Studies.
