The Silva Mind Control Method José Silva, Philip Miele, 1991-01-15 The revolutionary program by the founder of the world's most famous mind control course--Cover.

Free Your Magnificent Mind Jose Silva, 2023-05-16 After 15 years of teaching more than 3 million people his System for using more of their mind the way ultra-successful people do, Jose Silva wanted to continue guiding them- physically, emotionally, and spiritually - so Silva started a "Founder's Column which became the most popular feature in the Silva Method Newsletter. It ran in every issue for the last 20 years of his life. Free Your Magnificent Mind, contains 100 of these columns which include: an effective way to program for world peace observations and life experiences thoughts about why we should act our age Like many ultra-successful people, Silva was great at giving simple explanations for complex subjects. Yet his scientific discoveries about the mind and human potential have literally changed the consciousness of humanity. He held 3 patents including one that was the first patent that stated Human concentration turns on an educational program." The articles are brief, averaging about 750 words each and are easy to read whenever you have a few minutes for some inspiration and motivation. It includes an appendix with several of the mental techniques he talks about so that you can apply them yourself. There is also information about where to get more help if you need it.

Pathways to Personal Freedom Using the Silva Method Diana Silva, Robert Deutchman, 2019-01-30 Pathways to Personal Freedom using the Silva Method is a compilation of fifty ideas to help uncover the ways of inner bliss that lay dormant within each of us. Happiness and Personal Freedom are concepts that most of us have taken for granted. Society teaches us to please others; look for approval and acceptance from others; check in with those who "know better" than we do; allow our negative thoughts to overtake our actions, our way of life and even health. Each Pathway starts with a quote to encourage thinking and inspiration to bring about a spark of insight that is already known but may have been forgotten along the way. What follows are suggestions and examples from the authors' lives and experiences as to how to achieve bliss and inner harmony. Each will end with an affirmation to be recited in the present time to instill the ideas as if they are already in place and to help enhance this new way of thinking. Some of these ideas may be new and even foreign—but they have stood the

test of time and used by many throughout the world. Jose Silva, Sr. was a pioneer in the study and application of mind control. His youngest daughter, Diana Silva-Mendez and coauthor, Robert Deutchman have put together this labor of love for the benefit of Silva Method enthusiasts, trainers, Silva graduates, and to all who seek to tap into their inner wisdom.

Coconut Country Musings Jacob C Varghese, 2018-03-30 On a lazy vacation or travel, when one wants to read an enjoyable light literature, then Coconut Country Musings is the right pick. It is a collection of short stories, ruminations of a random wanderer and dateless notes on life's tipping points. Through the pages, we meet many familiar characters, the way they talk, think and act. As someone commented, “Many of us think of writing these stories from life but never get around to doing it.” Do you like reading an amusing letter from a friend? Then Coconut Country Musings will compel you to read the stories more than once. The writer sits next to you and entertains with his dramatic descriptions. He will engage you in a conversation that will take you through nature, make you feel and smell its salubrious ambience. And there are memories of a familiar childhood and episodes of youthful adventures. You may face surprises, accidental meetings and a few sagacious axioms that would pep you up. If the reader lived in the last three decades of the last century in India, then you can relate with the writer. If you are a millennial kid, you meet an uncle who lived in that sliver of land in the south of India, Kerala – the Coconut Country.

The Law of Success, Volume III Napoleon Hill,2003-09 The updated and most complete edition of Napoleon Hill`s masterworkNapoleon Hill stunned America when he published his first edition of The Law of Success. It had taken Hill twenty years to research and write. He had personally met with hundreds of the most famous self-made multimillionaires so he could study their habits, analyze their methods, and learn their secrets of success. After further testing and proving his theories, Napoleon Hill refined them into 17 basic principles that anyone could master and use.This recording explains step-by-step how you can use the following four Principles of Success:Initiative amp; Leadership: Develop your instincts to anticipate problems and know when to seize opportunitiesImagination: Stimulate your mind to create new concepts out of common ideas and put them to work for youEnthusiasm: Overcome uncertainty or shyness, and inspire others to take interest in you and your ideasSelf-control: Find the firmness of character to truly bet master of your fate and the captain of your soul.This revised and updated edition-the second of the four volumes-incorporates new information, explains historical context, and augments Napoleon Hill`s original examples with contemporary stories which conclusively prove that the Law of Success is as relevant and applicable today as it was when this landmark book was first published.Read by Mario Rosales
