About the original book: The year is 1921 in Texas. It's a season of plenty. The Great War is over, the land's wealth is abundant, and America is on the verge of a new and hopeful period. But the future appears gloomy for Elsa Wolcott, who is judged too old to marry at a period when marriage is a woman's only option. Until she meets Rafe Martinelli one night and chooses to change her life's path. With her reputation in shambles, she has no choice but to marry a guy she hardly knows. By 1934, the world had changed; millions of people were out of work, and the Great Plains had been decimated by drought. As crops fail, water runs out, and the soil breaks up, farmers are struggling to maintain their land and livelihoods. Dust storms rage over the plains incessantly. Every day is a terrible battle against nature and a fight to keep her children alive on the Martinelli farm, including Elsa's shaky marriage. In this uncertain and dangerous time, Elsa, like so many of her neighbors, must choose between fighting for the place she loves and leaving it behind to seek a better life for her family in

California.

The Four Winds Kristin Hannah, 2021-02-02 The Bestselling Hardcover Novel of the Year.--Publishers Weekly From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive.
