My Wife Said You May Want to Marry Me Jason B. Rosenthal, 2020-04-21 An inspiring memoir of life, love, loss, and new beginnings by the widower of bestselling children's author and filmmaker Amy Krouse Rosenthal, whose last act of love before her death was setting the stage for her husband's life without her in the viral New York Times Modern Love column, "You May Want to Marry My Husband." On March 3, 2017, Amy Krouse Rosenthal penned an op-ed piece for the New York Times' "Modern Love" column—"You May Want to Marry My Husband." It appeared ten days before her death from ovarian cancer. A heartbreaking, wry, brutally honest, and creative play on a personal ad—in which a dying wife encouraged her husband to go on and find happiness after her demise—the column quickly went viral, reaching more than five million people worldwide. In *My Wife Said You May Want to Marry Me*, Jason describes what came next: his commitment to respecting Amy's wish, even as he struggled with her loss. Surveying his life before, with, and after Amy, Jason ruminates on love, the pain of watching a loved one suffer, and what it means to heal—how he and their three children, despite their profound sorrow, went on. Jason's emotional journey offers insights on dying and death and the excruciating pain of losing a soulmate, and illuminates the lessons he learned. As he reflects on Amy's gift to him—a fresh start to fill his empty space with a new story—Jason describes how he continues to honor Amy's life and her last wish, and how he seeks to appreciate every day and live in the moment while trying to help others coping with loss. *My Wife Said You May Want to Marry Me* is the poignant, unreserved, and inspiring story of a great love, the aftermath of a marriage ended too soon, and how a surviving partner eventually found a new perspective on life's joys in the wake of tremendous loss.

Finding Love After Loss Marti Benedetti, Mary A. Dempsey, 2021-10-11 Guides readers through the emotions and practical concerns of finding love after the death of a partner. Romantic love, in all its permutations, forms one of the most fascinating of human interactions. It also can be one of life's thorniest challenges, especially in a world where relationships often unfold online and, recently, where a pandemic barred face-to-face contact with people outside one's immediate household. Among those seeking romance in increasing numbers is a group that stands apart: the women who, slammed by the death of a spouse, bravely pursue new love. *Finding Love After Loss: A Relationship Roadmap for Widows* goes to the trenches to interview widows who have embarked, nervously but with hope, on this quest. Their frank and revealing interviews, along with wisdom from relationship experts, provide guidance to other women trying to navigate the relationship

scene when their last date might have been decades ago. Where do widows find new partners? How much should they share in their online profile? What do they tell their friends and family? What about getting naked for the first time with a new man? Who pays when the bill appears at a restaurant? More than any time in U.S. history, the country's widows are seeking another chance at romance. The sheer number of widows—11 million, with an average age in the fifties—makes them a formidable force. They are living longer and have broader views on sex and money. Yet it is difficult for them to find their footing. Many of them have been away from the courtship arena for decades. They may make their return to dating with children and in-laws in tow. They are confused by the new rules and unclear on the expectations but convinced that they are capable of loving again. This book, written by a widow and a co-author who dated a widower, details just how powerful, sometimes daunting, and exhilarating the journey to new love can be. It also unveils the extraordinary ways that widows are reshaping the romance landscape: by tossing traditional marriage vows by the roadside, by skipping marriage entirely, or even by committing to a new partner but living apart. This isn't your grandmother's widowhood scene, not by a long shot. *Finding Love After Loss* examines the crazy, sad, and even zany contributions that people left behind by the death of a partner bring to new relationships. At the same time, it reveals both the amazing resilience of women who have lived through great loss and the irresistible pull of human connection.

Surviving Alex Patricia A. Roos, 2024-05-17 In 2015, Patricia Roos's twenty-five-year-old son Alex died of a heroin overdose. Turning her grief into action, Roos, a professor of sociology at Rutgers University, began to research the social factors and institutional failures that contributed to his death. *Surviving Alex* tells her moving story—and outlines the possibilities of a more compassionate and effective approach to addiction treatment. Weaving together a personal narrative and a sociological perspective, *Surviving Alex* movingly describes how even children from "good families" fall prey to addiction, and recounts the hellish toll it takes on families. Drawing from interviews with Alex's friends, family members, therapists, teachers, and police officers—as well as files from his stays in hospitals, rehab facilities, and jails—Roos paints a compelling portrait of a young man whose life veered between happiness, anxiety, success, and despair. And as she explores how a punitive system failed her son, she calls for a community of action that would improve care for substance users and reduce addiction, realigning public health policy to address the overdose crisis.

The One-Tree Grove Yeshell,2007 Did you ever hear about Mao's era from a countryside resident, a beautiful village girl? I reckon the answer is no. Meinia was a pretty and compassionate village girl in Xishuangbanna, China. Responding to Mao's call, five members of the so-called Zhi-qing (educated youth or high school students and graduates from cities) came to her village. She and other villagers did their best to help the Zhi-qing, but these not-educated-nor-useful Zhi-qing inflicted huge and lasting hurt and pains on her and the villagers, .. Filling up with songs of young people, and full of wisdom of an oriental minority culture, this is a bright love-story book for readers of all ages. This is also an informative book for readers who have interest in the diversity of Chinese culture, and who are planning a visit to southern China. The Author was born in a small village in southern China and had been living there for 17 years, most in Mao's era.
