**Washington State Notary Public Guide** Washington State Department,2019-04-06 The Department of Licensing has worked to keep the notary public application process as simple as possible. A prospective notary need only submit a complete application, proof of a \$10,000 surety bond, and appropriate fees to the Department of Licensing in order to begin the process. *Every Assistance & Protection* Jane Doulman,David Lee,2008 Every Assistance and Protection is the first book presenting an in-depth history of the Australian passport. In charting the development of the passport from its early beginnings to its present form, the book traverses changes in government policy and social history from the early 19th century to the modern era. It shows how the Australian passport evolved from a signifier of British nationality into a badge of membership of one of the most multicultural countries in the world. The book explores the landmark events in this history:the great 19th century diasporas, resulting from relaxation of official controls on the movement of people; the early passport regime regulating the movement of ticket-of-leave convicts; the establishment of the centralised passport system during World War I; the enactment of the first passport legislation for the Commonwealth, The Passports Act 1920, and the reaction of some Australians who felt the new law infringed the liberties of the British subject; changes to the laws in 1938 such that possession of a passport was no longer mandatory for an Australian to travel, though still a practical necessity; the use of the government's discretionary power to cancel or withhold passports to inhibit the movement of individual communists; the

establishment of Australian citizenship in 1948 - the basis for possession of an Australian passport; the removal of the word British from the cover in 1967; the effects of globalisation and heightened security in the late 20th and early 21st century. It also touches on the lives of individuals: boxer Les Darcy, journalist Wilfred Burchett, and General Sir Thomas Blamey, are among the many Australians featuring in these pages. The book is based on an exhaustive examination of hitherto unexamined primary sources of many government departments, including the Departments of External Affairs, the Prime Minister's, the Attorney-General's, Defence, Home and Territories, Immigration and Foreign Affairs. Sponsored by Department of Foreign Affairs and Trade

*Between the World and Me* Ta-Nehisi Coates,2015-07-16 In the 150 years since the end of the Civil War and the ratification of the Thirteenth Amendment, the story of race and America has remained a brutally simple one, written on flesh: it is the story of the black body, exploited to create the country's foundational wealth, violently segregated to unite a nation after a civil war, and, today, still disproportionately threatened, locked up and killed in the streets. What is it like to inhabit a black body and find a way to live within it? And how can America reckon with its fraught racial history? *Between the World and Me* is Ta-Nehisi Coates' attempt to answer those questions, presented in the form of a letter to his adolescent son. Coates shares with his son—and readers—the story of his own awakening to the truth about history and race through a series of revelatory experiences: immersion in nationalist mythology as a child; engagement with history, poetry and love at Howard University; travels to Civil War battlefields and the South Side of Chicago; a journey to France that reorients his sense of the world; and pilgrimages to the homes of mothers whose children's lives have been taken as American plunder. Taken together, these stories map a winding path towards a kind of liberation—a journey from fear and confusion, to a full and honest understanding of the world as it is. Masterfully woven from lyrical personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* offers a powerful new framework for understanding America's history and current crisis, and a transcendent vision for a way forward.

The Spell of the Sensuous David Abram,1997-02-25 Winner of the International Lannan Literary Award for Nonfiction Animal tracks, word magic, the speech of stones, the power of letters, and the taste of the wind all figure prominently in this intellectual tour de force that returns us to our senses and to the sensuous terrain that sustains us. This major work of ecological philosophy startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active relationships not only with other people with other animals, plants, and natural objects (including mountains, rivers, winds, and weather patterns) that we have only lately come to think of as inanimate. How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his

own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which--even at its most abstract--echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

Jones makes the case: D.C. should be a state! Jhumpa Lahiri declares her reckless love for the Rhode Island coast Rich Moody explores the dark heart of Connecticut's Merritt Parkway, exit by exit Ann Patchett makes a pilgrimage to the Civil War site at Shiloh, Tennessee William T.
