an online rolling force model for tandem cold rolling mill has  
been developed by numerical integration method in this  
paper

methodology for calculation of rolling load and forces acting  
- Aug 09 2022

in this paper we have suggested the methodology for  
calculation of forces acting on the gear by using theory of  
hot rolling in this paper the analysis process is define by  
comparing the power and torque available at the input and  
the total power and torque required for hot rolling process  
**calculating power parameters of rolling mill based on
