Incredible But True Harish Yadav, 2008-08-30 Ever heard of man struck by lightning seven times. Or a man who flew in his easy chair up to three miles? Truth is stranger than fiction, goes an oft-repeated, but valid and sound observation. Reliving the age-old saying, the book is packed with anecdotes and excerpts of real-life facts which may appear all impossible but are strangely true! The book covers: *Incredible story of a man struck by lightning seven times: Sullivan survived each time. Later, he committed suicide after an unsuccessful love affair. *Balloon Flight: Larry Walters tied 42 balloons to his easy chair and up he went, in the sky. He travelled 3 miles in the air. But when he landed back, he found the police waiting for him. Larry did not have the licence to fly. *Crazy for horses: George Evar of Peru was so crazy about horses that he himself started living like one. With a bridle in his mouth he started pulling horsecart and even began to eat grass. Read on, for endless fascinating, intriguing but factual accounts.

The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

Quotationary - The A-Z Book of Quotations Nasser Amiri, 2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. *Quotationary* is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form.

It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

Thank You Mrs G Nohle Makiwa,2020-12-03 In 2010 when I joined Facebook, it was an exciting time for me. However, as I reconnected with my old schoolmates, one thing became evident; my childhood in the colonial era had impacted my life in ways I was not aware of until now. I realised even though I am black, I was a staunch believer in white supremacy or at least my behaviour testified to it. Zimbabwe's independence in 1980 had not changed this. My journey to self-awareness and ultimately self-determination as I studied my History, is what birthed this book. If you are African, I pray this book becomes a healing balm for you and awakens you to your greatness as an African.

Scare Quotes from Shakespeare Martin Harries,2000 This book argues that moments of allusion to the supernatural in Shakespeare are occasions where Karl Marx and John Maynard Keynes register the perseverance of haunted structures in modern culture. This reenchantment, at the heart of modernity and of literary and political works central to our understanding of modernity, is the focus of this book. The author shows that allusion to supernatural moments in Shakespeare (scare quotes) allows writers to both acknowledge and distance themselves from the supernatural phenomena that challenge their disenchanted understanding of the social world. He also uses these modern appropriations of Shakespeare as provocations to reread some of his works, notably Hamlet and Macbeth. Two pairs of linked chapters form the center of the book. One pair joins a reading of Marx, concentrating on The Eighteenth Brumaire, to Hamlet; the other links a reading of Keynes, focusing on The Economic Consequences of the Peace, to Macbeth. The chapters on Marx and Keynes trace some of the strange circuits of supernatural rhetoric in their work, Marx's use of ghosts and Keynes's fascination with witchcraft. The sequence linking Marx to Hamlet, for example, has as its anchor the Frankfurt School's concept of the phantasmagoria, the notion that it is in the most archaic that one encounters the figure of the new. Looking closely at Marx's association of the Ghost in Hamlet with the coming revolution in turn illuminates Hamlet's association of the Ghost with the supernatural beings many believed haunted mines. An opening chapter discusses Henry Dircks, a nineteenth-century English inventor who developed—and then lost his claim to—a phantasmagoria or machine to project ghosts on stage. Dircks resorted to magical rhetoric in response to his loss, which is emblematic for the book as a whole, charting ways the scare quote can, paradoxically, continue the work of enlightenment.
