Histoire de la Corruption Au Niveau Du Pouvoir Central Seppo Tiihonen, 2003 Nine historical case studies explore administrative and governmental corruption in advanced capitalist countries, including Australia, Belgium, Canada, Finland, Germany, Greece, Italy, the Netherlands, and the United States. The papers focus on the development of corruption in governance during the periods the respective countries were undergoing processes of modernization, hoping to highlight administrative corruption as a historical phenomenon and as a part of development dynamics. The papers on Belgium and the United States are written in French. Annotation ©2004 Book News, Inc., Portland, OR (booknews.com).

Snow: Cursed Willa R. Finnegan,2024-12-05 Snow has always been the perfect princess or at least the best that she could be. She had done everything correctly for fifteen whole years and had always righted every single wrong that she had ever committed. Though, it still wasn't enough. On the eve of her fifteenth birthday, her father divulges a secret that her parents had kept from her since the very beginning. One that could ruin her life forever. The fact that she was cursed at birth by an evil sorceress who cast a spell that is nearly impossible to break. Snow will find that the line between good and evil is not all that it is cut out to be. It is blurred, and it has faded from the black and white that it once was. Good is not always pure, and evil is not always wicked. Throughout her adventures, battles, and difficulties she quickly discovers that she might not be on the side that she thought she was on. Will she succumb to the fate that was forced upon her or live to see another day? Will she find the truth or just encounter lies? Will she remain pure as snow, or will her conscience falter as the trials of her life wear on? Will she live happily ever after or have her future unjustly stolen from her grasp? The future is up to Snow.
