Morami La historia de los vencidos Marcos Barraza Urquidi,2012-08-24 Una historia de amor en tiempos de la Cristiada

La historia de los vencidos Joaquín Bochaca,2018-08-17 Este no es un libro en defensa de Alemania. Es un libro en defensa de la Verdad. Tampoco es un libro "antisemita" sea lo que fuere lo que se intente evocar con esa palabra equívoca. Es una denuncia, ya formulada antes por otras personas fuera de España, y muy pocas y muy parcialmente en España, contra ciertos individuos y ciertas Fuerzas. Si la abrumadora mayoría de los individuos sirviendo a tales Fuerzas resultan pertenecer a un grupo racial determinado, ello no es culpa del Autor, sino de la naturaleza de las actividades de tales individuos. El Autor tiene plena conciencia de que muchas de las aseveraciones contenidas en este libro sorprenderán al lector. Pero, como puede comprobarse en la referenciación y bibliografía de esta obra, se ha procurado siempre, buscar la prueba de parte contraria, o, al menos, el testimonio de personas absolutamente neutrales en relación a cada caso o situación planteados. Algunas personas piensan que esta Edad de la Democracia Liberal o Popular es la más adecuada a la naturaleza del Hombre (o del Ciudadano, o del "Camarada"), que vive en el mejor de los mundos posibles. Una opinión bien panglossiana. Esas mismas personas gustan de pensar "¡el confort intelectual antes que nada!" que las guerras, revoluciones y catástrofes que continuamente se producen en este Planeta feliz no son más que accidentes, sin autores que los produzcan, ni Fuerzas que los canalicen... En este libro se sostiene una opinión contraria; una opinión basada en el principio de causalidad.

La Historia de los vencidos Joaquín Bochaca-Oriol,1979

Medianoche en la historia Reyes Mate,2023-07-10 Walter Benjamin no quiso abandonar Europa cuando el fascismo le pisaba los talones. Tenía que mirar de frente a la barbarie para arrancarle el secreto de su poder. El resultado lo dejó escrito en unos folios titulados «Sobre el concepto de historia» que le costaron la vida. Decía que eran el «armazón teórico» para desentrañar el siglo xx. Frases suyas como «No hay un documento de cultura que no lo sea también de barbarie» o «Para los oprimidos el estado de excepción es permanente», están en todas las bocas, al igual que la imagen del ángel de la historia o la singular partida de ajedrez del muñeco y el enano. Benjamin es uno de los filósofos mayores de nuestro tiempo, aunque más citado que leído o comprendido. El propósito de *Medianoche en la historia* es adentrarnos en cada frase de sus famosas Tesis para reconstruir ese armazón teórico. No es tarea fácil habida cuenta del carácter fragmentario del escrito y de la proverbial

sobriedad expresiva de su autor. «Que nada se pierda», la consigna que él daba al historiador formado en su escuela, es el principio que preside esta lectura de uno de los textos más lúcidos, radicales y conmovedores que hayan sido escritos. Aquellos eran tiempos oscuros que sólo invitaban a organizar el pesimismo. Benjamin avisó de que la lógica de su tiempo llevaba a la catástrofe. Su genialidad consistió en extraer de los desechos de la historia materiales con los que construir un futuro que no fuera prolongación del presente. Esa lección sigue vigente porque la lógica de la historia, pese a la catástrofe, sigue siendo la misma.

Las contradicciones de la evangelización de America Juan A. Estrada,1992 Si el descubrimiento de América ha sido objeto de interpretaciones muy diversas, ya hasta contradictorias, que se extienden tanto a la época de la Conquista como a la posterior de colonización, la evangelización o cristianización del continente es también el centro de una gran polémica.Desde la postura triunfalista, que pone en la expansión del cristianismo el aspecto más salvable y positivo de la Conquista, hasta las grandes impugnaciones de una evangelización impuesta y que actuó como legitimadora ideológica de dicha Conquista, se interpone una gama de posturas intermedias entre las que destaca la de quienes cuestionan la deficiente forma de realizar la cristianización de América, que obliga a plantearse una re-evangelización. La controversia se dio ya en la época misma de la Conquista y ha perdurado hasta nuestro días.Hoy vuelve a replantearse en el contexto de la propuesta de Juan Pablo II de una nueva evangelización a nivel de toda la Iglesia católica (por tanto, también para América) y ante las nuevas aportaciones de la teología latinoamericana, concretamente la teología de la liberación, que defienden una visión no europea, sino latinoamericana, de la Conquista y la cristianización del continente y un enfoque que tenga en cuenta a los paganos vencidos y no sólo a los cristianos vencedores.Este Cuaderno, tras presentar algunos pincipios e interpretación - que, a la vez que ayudan a comprender lo que pasó, dejan abierta la puerta a la necesaria crítica-, analiza cuatro impugnaciones básicas de la evangelización de América que dan las pistas adecuadas para comprender las tareas pendientes de una nueva evangelización y que incumben tanto a las iglesias latinoamericanas como a las del Primer Mundo.

El rostro de los vencidos Manuel Ruiz Amezcua, 2025-06-11 Este volumen recoge la mejor poesía social y política de uno de los poetas más relevantes de la poesía española contemporánea: Manuel Ruiz-Amezcua. En esta antología, el autor retrata con la singularidad de su voz el sufrimiento humano, la memoria de los marginados y la lucha incansable por la dignidad. Desde el dolor íntimo por la pérdida de la madre hasta el clamor colectivo por las víctimas de la historia —de Auschwitz a Gaza—, cada poema es un grito de resistencia y una búsqueda de verdad en un mundo marcado por la mentira y la traición. Con una voz que oscila entre la ternura y la rabia, entre la elegía y la denuncia, El rostro de los vencidos dialoga con grandes como Lorca, Machado y Hernández, mientras confronta las heridas de la España profunda y los horrores universales. Esta obra canta a los derrotados y los redime, invitando al lector a mirar de frente la oscuridad y a encontrar en la poesía un refugio para la esperanza. Perfecta para amantes de la poesía comprometida, este libro es un testimonio poderoso de la capacidad de las palabras para desafiar el silencio y transformar el dolor en un canto que conmueve y transforma.

Baudelaire. El heroísmo del vencido Juan Zapata, 2022-04-12 Baudelaire no es un autor para soberbios. A todos aquellos que tienen una alta concepción de sí mismos, su obra los irrita, los incomoda, los enfurece. Y con justa razón, pues no era otro el efecto que deseaba provocar en sus lectores. Había allí, en ese retrato repulsivo con el que puso en evidencia la miseria social y espiritual de la civilización moderna, una violenta acusación contra una sociedad infatuada de sí misma, un implacable juicio que aniquilaba todos los discursos filantrópicos con los que se engalana la voracidad insaciable de los hombres. Pero Baudelaire es también aquel que “lanza una luz mágica y sobrenatural en la oscuridad natural de las cosas”. De ese Mal que considera irremediable, de ese mundo en ruinas que se vislumbra en sus poemas, el poeta supo arrancar la belleza que se esconde detrás de una humanidad doliente, aquella que sufre y llora de tener que seguir viviendo, como si desde la verticalidad de la caída se contemplara mejor la inmensidad del cielo.
