**In limine. Storie di una comunità ai margini della laguna** Sauro Gelichi, Silvia Cadamuro, Alessandra Cianciosi, 2018-06-06 Il volume correda un breve percorso espositivo a pannelli (testi e immagini) per presentare i risultati delle ricerche e degli scavi svolti dal 2011 ad oggi nel sito archeologico 'Antiche Mura' di Jesolo. 'In limine' è una poesia di Eugenio Montale (introduce la raccolta "Ossi di Seppia"). Il titolo, e la poesia stessa, sono sembrati pertinenti a sintetizzare il senso del progetto archeologico sull'antica Equilo, di cui si pubblicano in questo volume i primi risultati. 'In limine' significa 'sulla soglia': indica cioè un punto di passaggio, un confine; e, nel nostro caso, metaforicamente rimarca il discrimine tra passato e presente, il luogo archeologico dove la materia inerte diviene narrazione. Qui, in limine, è anche uno spazio fisico preciso, quello dell'area delle 'Antiche Mura', luogo anche tangibile della memoria collettiva. Un luogo, ieri come oggi, ai margini. Se l'antica Equilo era stato un insediamento sul confine instabile tra mare e laguna, la moderna Jesolo, che ne ha ereditato il nome, ha lasciato che i ruderi della sua memoria restassero al di fuori del centro abitato: nel punto dove la città diventa campagna, lì sorgono le rovine dell'antica cattedrale, lì rimane il reliquiario della comunità, come una sorta di giardino 'dove affonda un morto viluppo di memorie' (di nuovo Montale). Gli archeologi hanno cercato nel tempo di recuperare quelle memorie e quel passato, con pazienza e fatica. Così, il progetto nato qualche anno fa per iniziativa del Dipartimento di Studi Umanistici dell'Università Ca' Foscari di Venezia, non costituisce che l'ultimo atto di un percorso che ha inizio dalla metà del secolo scorso, con gli scavi nell'area della cattedrale e nel vicino sito della chiesa di San Mauro. I contributi che si pubblicano in questa circostanza raccontano e sintetizzano i risultati degli ultimi anni di scavi. L'interconnessione tra le varie strategie di indagine ci ha consentito di proporre una ricostruzione storico-insediativa del sito del tutto inedita e sorprendente.

**Leading the Economic Risorgimento** Silvia A. Conca Messina, 2021-09-05 Lombardy, with about 10 million

inhabitants, is today the most populated and prosperous region of Italy, and Milan is a renowned capital of art, fashion and design. During the 19th century until WWI, the region gradually became the leader in Italy's economic development and distinguished itself in the European economic landscape for its long-standing industrial strength and diversified economy, which included one of the Europe's most productive agricultural systems. It was the economic locomotive of contemporary Italy, contributing to the economic Risorgimento that complemented the country's political resurgence. The present volume gathers the contributions of some major experts on the subject, providing an in-depth analysis of Lombardy's pattern of development, consisting of an exceptionally symbiotic and balanced interplay of sectors (agriculture, industry, trade, and banking) in a gradual yet steady growth process, also supported by progress in the education system. During the century, there was a shift away from an economy based on agriculture and commerce to a progressively more industrial economy and this process accelerated from the 1880s. The secret of this dynamic balance was Lombardy's active relationship with the rest of Europe and with the international markets. Aimed at scholars, researchers and students in the fields of early modern and modern history, economic and social history, the book provides a clear explanation of Lombardy's economic development during the long 19th Century.

Abbiamo la tecnologia per costruire un elmo come quello indossato dai mandaloriani? La scienza di Mandalorian risponde a queste e altre domande per capire le leggi che governano lo spazio, il tempo, la tecnologia e la cultura del mondo di The Mandalorian, la serie più apprezzata dai fan di Star Wars che si sviluppa ai confini tra western e fantascienza.
