

As The Deer Lead Sheet

James Fenimore Cooper

Ghost Galleon Edward Von der Porten, 2019-10-03 *Ghost Galleon* tells the story of archaeologists' twenty-year search on a desolate beach in Baja California for the enigmatic remains of a Spanish galleon that disappeared without a trace more than four centuries ago. Carrying a cargo of Asian riches to the New World, Manila galleons forged the final link in the unification of the world through commerce by their annual voyages across the Pacific Ocean. Here, author Edward Von der Porten relates how a chance viewing of Chinese porcelain sherds in a museum catalog led him, his wife Saryl, and a team of researchers to the beachcombers who discovered the sherds. To Von der Porten, these sherds represented the possibility of something much more significant: one of the earliest known Manila galleon shipwrecks on the West Coast. In collaboration with the National Institute of Anthropology and History of Mexico (INAH), Von der Porten and his colleagues undertook the first of many archaeological expeditions to investigate the site in 1999. Over twenty years, a team of American and Mexican archaeologists recovered thousands of artifacts and concluded that they had located the remains of the cargo from a Spanish galleon—most likely the San Juanillo of 1578. This copiously illustrated, highly accessible work offers an inside view of how archaeologists carefully assemble the evidence that allows scientific reconstruction of past events. Despite the grudging resistance of time, Von der Porten and his colleagues have resurrected the tale of the ill-fated San Juanillo to enrich our understanding and appreciation of the past.

Bulletin - Division of Geology, 1924

Symbol and Substance in Japanese Lacquer Barbra Teri Okada, 1995 Published in conjunction with a fall 1995 exhibition of the Ehrenkranz Collection at the Japan Society in New York City. An introductory essay details the processes of harvesting, refining, and applying lacquer, and gives a historical overview of the evolution of specific techniques. Fifty-five examples from the 15th to the 18th centuries are shown in full-page photos, and are thoroughly described and explicated in accompanying text. A glossary of technical terms and a detailed bibliography contribute to the book's usefulness for collectors, scholars, and dealers. Annotation copyright by Book News, Inc., Portland, OR

Music Theory Through Musical Theatre John Charles Franceschina, 2015 *Music Theory through Musical Theatre* takes a new and powerful approach to music theory. Written specifically for students in music theatre programs, it offers music

theory by way of musical theatre. Not a traditional music theory text, *Music Theory through Musical Theatre* tackles the theoretical foundations of musical theatre and musical theatre literature with an emphasis on what students will need to master in preparation for a professional career as a performer. Veteran music theatre musician John Franceschina brings his years of experience to bear in a book that offers musical theatre educators an important tool in equipping students with what is perhaps the most important element of being a performer: the ability to understand the language of music in the larger dramatic context to which it contributes. The book uses examples exclusively from music theater repertoire, drawing from well-known and more obscure shows and songs. Musical sight reading is consistently at the forefront of the lessons, teaching students to internalize notated music quickly and accurately, a particularly necessary skill in a world where songs can be added between performances. Franceschina consistently links the concepts of music theory and vocal coaching, showing students how identifying the musical structure of and gestures within a piece leads to better use of their time with vocal coaches and ultimately enables better dramatic choices. Combining formal theory with practical exercises, *Music Theory through Musical Theatre* will be a lifelong resource for students in musical theatre courses, dog-eared and shelved beside other professional resource volumes.

The Deerslayer James Fenimore Cooper, 1862

Taxidermist, 1907

Adult Piano Adventures All-in-One Piano Course Book 1, 2002-01-01 (Faber Piano Adventures). Adult Piano Adventures enables the adult beginner to play music for pleasure while developing musical understanding. This comprehensive All-In-One book includes lessons, technique, and theory in a single volume for ease of use. Book 1 presents the fundamentals of music notation, chord playing, and musical form. The redesigned layout improves information hierarchy, putting focus on key concepts and step-by-step learning. Online support is now included, with over two hours of instructional videos and audio accompaniment tracks that inspire rhythmic vitality and artistic expression. Songs include: Amazing Grace * The Can-Can * Catch a Falling Star * Danny Boy * Eine Kleine Nachtmusik * The Entertainer * Greensleeves * The Lion Sleeps Tonight * and more!
