United States. Philippine Commission (1900-1916)

International Directory of Building Research Information and Development Organizations Studies and Documentation, International Council for Building Research, 2006-01-16 Every entry follows a standard pattern: after the address and telephone number of the institution there is a brief description of its history and financial support, followed by the names of the senior staff, total number of staff, the institution's structure and services, its main research programmes and a list of its publications. For this new edition a subject index has been added, allowing the reader to identify centres of research activity on individual construction topics throughout the world. The world-wide investment in construction industry research is enormous. This unique directory is a guidebook to that investment which will enable its readers to isolate sources of advice on practical problems, information on national standards and requirements and potential research collaborators.

A Handbook of Philippine Folklore Mellie Leandicho Lopez, 2006 The voluminous book provides a range of international theories and methodologies in analytical folklore investigations, and a classification scheme based on genre is offered as the system of taxonomy for Philippine traditional materials. Lopez counts on the regional folklorists to refine the classification according to the texts of their respective areas. The different genres, too, are explained and examined in another part of Lopez's study. The reader will definitely find interesting and useful, the illustrative examples for each genre.

The Philippine Archipelago Yves Boquet, 2017-04-19 This book presents an updated view of the Philippines, focusing on thematic issues rather than a description region by region. Topics include typhoons, population growth, economic difficulties, agrarian reform, migration as an economic strategy, the growth of Manila, the Muslim question in Mindanao, the South China Sea tensions with China and the challenges of risk, vulnerability and sustainable development.
