**The Nag Hammadi Scriptures** Marvin W. Meyer,James M. Robinson,2010-09-14 The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

**Illuminating the Secret Revelation of John** Shirley Paulson,2022-04-18 Buried for more than a thousand years in the sands of Egypt, the Secret Revelation of John has stayed a secret far longer than it should have. Even now, more than seventy-five years after its discovery in 1945, it eludes easy understanding even as it shines with the message of God's loving presence amid suffering and violence. Illuminating the Secret Revelation of John is the first study written for the curious public, as well as for scholars who have not yet plumbed its depths. The ancient Secret Revelation of John unearths three

gems of healing wisdom that have been encrusted in a millennium of doubt and theological limitation. This new work explores the many facets of these gems with a historical setting and background, a contemporary paraphrase, and a study section that invites pondering of and conversation about new questions to explore.

THE GNOSTIC JESUS Edward D. Andrews, 2021-06-09 Jesus is identified by some Gnostics as an embodiment of the supreme being who became incarnate to bring gnōsis to the earth. In contrast, others adamantly denied that the supreme being came in the flesh, claiming Jesus to be merely a human who attained enlightenment through gnosis and taught his disciples to do the same. Among the Mandaeans, Jesus was considered a mšiha kdaba or “false messiah” who perverted the teachings entrusted to him by John the Baptist. Still, other traditions identify Mani and Seth, the third son of Adam and Eve, as salvific figures. In the course of a century and a half, Gnosticism comes and goes before us like a splendid vision. And yet, its influence upon Christianity was profound and permanent. It gave occasion to a great expansion of Christian thought, to a clearer idea of the historical relation of Christianity to earlier and surrounding religions, and to a better definition of the basis of true faith. Therefore, it deserves a more careful study than it has only recently received.

**The Church and Her Scriptures** Catherine Brown Tkacz, Douglas Kries, 2022-03-22 In the nearly two millennia since the resurrection of Jesus, can coherence be found within the ways Christians of different ethnicities have approached the Bible? How does one seek guidance in understanding the Scriptures and then draw on that experience to understand oneself and the world? In *The Church and Her Scriptures* the ancient diversity of Greek, Latin, and Syriac speaks through, for instance, Gregory of Nyssa, Augustine of Hippo, and Jacob of Serugh. The witness and voices of women as recorded in the Book of Daniel and the Gospels themselves are examined. Reanimated through ancient sources, the daily prayer life and holy death of Macrina the Younger, philosopher of God, attest the contemplative power of the laity. The Psalms, so interwoven in her life, prove to be vitalizing for Christians. Their example inspired new psalms in the Epistles. Typology recurred, fed by Jesus’s teaching, and this mode of exegesis and key examples of it are likewise respected in this volume. Limning the framework for all this is Patrick Hartin’s magisterial essay on *Dei Verbum*, the Vatican II document on the Bible.

The Apocalypse of Empire Stephen J. Shoemaker, 2018-11-09 In *The Apocalypse of Empire*, Stephen J. Shoemaker argues that earliest Islam was a movement driven by urgent eschatological belief that focused on the conquest, or liberation, of the biblical Holy Land and situates this belief within a broader cultural environment of apocalyptic anticipation. Shoemaker looks to the Qur'an's fervent representation of the imminent end of the world and the importance Muhammad and his earliest followers placed on imperial expansion. Offering important contemporary context for the imperial eschatology that seems to have fueled the rise of Islam, he surveys the political eschatologies of early Byzantine Christianity, Judaism, and Sasanian Zoroastrianism at the advent of Islam and argues that they often relate imperial ambition to beliefs about the end of the world. Moreover, he contends, formative Islam's embrace of this broader religious trend of Mediterranean late antiquity

provides invaluable evidence for understanding the beginnings of the religion at a time when sources are generally scarce and often highly problematic. Scholarship on apocalyptic literature in early Judaism and Christianity frequently maintains that the genre is decidedly anti-imperial in its very nature. While it may be that early Jewish apocalyptic literature frequently displays this tendency, Shoemaker demonstrates that this quality is not characteristic of apocalypticism at all times and in all places. In the late antique Mediterranean as in the European Middle Ages, apocalypticism was regularly associated with ideas of imperial expansion and triumph, which expected the culmination of history to arrive through the universal dominion of a divinely chosen world empire. This imperial apocalypticism not only affords an invaluable backdrop for understanding the rise of Islam but also reveals an important transition within the history of Western doctrine during late antiquity.

**The Electric Jesus** Jonathan Talat Phillips, 2011-11-01 When Jonathan Talat Phillips experiences a devastating loss as a countercultural media activist, he unwittingly starts on a mystical journey marked by underground ayahuasca ceremonies, kundalini awakenings, prankster spirit guides, extraterrestrial encounters at the Burning Man festival, and miraculous energy healings that reshape his skeptical worldview. Along the way, he chronicles the rise of an international movement that is trailblazing visionary ways to address our current planetary crisis through raised consciousness. To better understand his spiritual journey, Jonathan delves into his own Christian background, discovering the lost rites of the mystery schools. Uncovering secret “electric” meanings behind biblical symbols like the serpent, dove, and tree of life, he reveals how early Christians utilized a radical initiation process for harnessing divine energy in order to achieve gnosis, direct knowledge or experience of the divine. Jonathan suggests that these mystical symbols, which appear in spiritual traditions across the globe, offer a profound energetic roadmap and alchemical message for personal transformation, as well as a potential evolutionary shift for our world. About the Imprint: EVOLVER EDITIONS promotes a new counterculture that recognizes humanity's visionary potential and takes tangible, pragmatic steps to realize it. EVOLVER EDITIONS explores the dynamics of personal, collective, and global change from a wide range of perspectives. EVOLVER EDITIONS is an imprint of North Atlantic Books and is produced in collaboration with Evolver, LLC.

**The Making of the New Testament** Arthur G. Patzia, 2025-11-04 The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas, finally finding their destinations in stuffy, dimly lit Christian house churches in Corinth or Colossae. There they were read aloud and reread, handled and copied, forwarded and collected, studied and treasured. And eventually they were brought together to make up our New Testament. This revised and expanded edition of *The Making of the New Testament* is a textbook introduction to the origin, collection, copying and canonizing of the New Testament documents. Like shrewd detectives reading subtle whispers of evidence, biblical scholars have studied the trail of clues and pieced together the story of these books. Arthur Patzia tells the story, answering our many questions: How were books and documents produced in the first century? What motivated the

early Christians to commit teaching and narrative and vision to papyrus? How were the stories and sayings of Jesus circulated, handed down and shaped into Gospels? What do we know about ancient letter writing, secretaries and copy shops? Why were four Gospels included instead of just one? How were Paul's letters, sent here and there, gathered into a single collection? Who decided--and by what criteria--which documents would be included in the New Testament? Explore these questions and more about these Scriptures whose everyday, gritty story rings true to their extraordinary message: the palpable mystery of the Word made flesh.

**The Books of Jeu and the Pistis Sophia as Handbooks to Eternity** Erin Evans, 2015-08-11 Despite the surge of interest in Gnostic texts following the discovery of the Nag Hammadi library, the Coptic Books of Jeu and Pistis Sophia remain understudied. Often dismissed as convoluted, confused, and repetitious, Erin Evans convincingly shows that these texts represent the writings of a distinct religious group with a consistent system of theology, cosmology, and ritual practice. This book offers an in-depth examination of these texts, their relationship to other contemporary Gnostic ideas, and their use in the context of a practicing religious group. Three thematic sections demonstrate how the collection of texts functions as a whole, covering baptisms and mystical ascent procedures, guides to moral living, and introductory texts and myths.

*The Temple Sleep of the Rich Young Ruler* Edward Reaugh Smith, 2011-11 Who wrote the Gospel of John? The author identifies himself only as the disciple whom Jesus loved, and Christian tradition tells us that this disciple was the apostle John. However, during the past century, scholars have increasingly come to doubt that attribution. In 1902, Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus. Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized --an initiation into higher spiritual realities that uniquely qualified him to write this gospel. Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself. More important, Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus, pointing to Lazarus as the rich young ruler of Mark's Gospel.

Conservation of Books Abigail Bainbridge, 2023-03-27 Conservation of Books is the highly anticipated reference work on global book structures and their conservation, offering the first modern, comprehensive overview on this subject. The volume takes an international approach to its subject. It also examines the theoretical underpinnings of conservation: what and how to treat, and the ethical, cultural, and economic implications of treatment. Technical drawings and photographs illustrate the structures and treatments examined throughout the book. Ultimately, readers gain an in-depth understanding of the materiality of books in numerous global contexts and reflect on the practical considerations involved in their analysis and treatment. It is also an indispensable text for students to complement hands-on training in this field.

**The Apocalypse of the Reluctant Gnostics** Stuart Douglas, 2018-04-19 This book presents a comparison of the Gnostic worldviews of Carl G. Jung and science-fiction author, Philip K. Dick, two figures who have done far more than most to revive an interest in the Gnostic tradition in the modern world. Despite profoundly different approaches - one was a depth psychologist whose unique insights and approach to psychology forced him to explore the depths of the unconscious in a way that inevitably led him to touch frequently on metaphysical or spiritual matters; the other was an author of science-fiction - there are some striking parallels between their unique Gnostic visions. With the relatively recent publication of both Jung's and Dick's personal journals - *The Red Book* (2009), and, *The Exegesis of Philip K. Dick* (2011), respectively - in which they articulate their Gnostic visions, it seems timely to make this comparison.

*The Seven Guardians* Jacqueline Ferguson, 2021-08-25 Guided by Spirit to write *The Seven Guardians*, this book describes the incredible path Miryam the Migdalah (Mary Magdalene) envisioned within her heart, guided by her beloved risen Yeshua (Jesus). Following the resurrection, Yeshua appeared to Miryam in her inner vision, confirming she was an advanced disciple with the ability to “see” the multidimensionality of the Universe beyond the Earth realm. This vision also validates their unique relationship; he loved her the most, and she loved him with a devotion that transcends death. *The Seven Guardians* is a path to rediscovering the importance of Miryam in the ministry of Yeshua as a fully realized human and divine, as well as a leader of the Nazarenes. This is the way of the heart, a path for all humans to follow to become *ihidaya*, enlightened ones, while embodied in this lifetime. *The Seven Guardians* relies on scholars, theologians, and authors who translated *The Gospel of Mary*, found in the desert of Egypt and *The Gospel of the Beloved Companion*, *The Complete Gospel of Mary*. It also relies on other apocryphal gospels recently translated, *The Gospel of Phillip*, *Thomas*, *The Pistis Sophia* and others, to validate the information. In discovering how patriarchy has affected our world today, this book includes personal stories, mystical experiences, and direct communication with Infinite Love to help us recognize how balancing our masculine and feminine energies are of paramount importance for humanity and Earth to evolve and survive. It is now time for us to reunite the light of our Divine Mother and Divine Father into our hearts to awaken our own Christ consciousness.

John of History, Baptist of Faith James F. McGrath, 2024-10-04 Studies of the historical Jesus typically reduce John the Baptist to a subordinate role in the story of Christian origins. This meticulous historical study focuses on John himself, revealing his extensive and enduring influence. In the popular imagination, John the Baptist plays the supporting role of Jesus’s unkempt forerunner. But meticulous historical study reveals his wide-reaching and enduring influence on the history of religion. The first study of its kind, *John of History, Baptist of Faith* sheds light on the historical John the Baptist and his world. James F. McGrath applies historical-critical methodology not only to the New Testament but also to the Mandaean *Book of John*, a holy text of the last extant gnostic sect. McGrath uses the teachings of John’s pupil, Jesus, as a window into his mentor’s beliefs. Along the way, he brings new clarity to questions of contention among scholars, such as John’s use of immersion as a substitute for temple sacrifice. Bold in its claims yet careful in its method, *John of History, Baptist of Faith* lends fresh insight into John, Jesus, and their world. McGrath’s pioneering monograph will challenge and intrigue students and scholars of the New Testament and Second Temple Judaism.

Gnostic Morality Revisited Ismo Dunderberg, 2015-06-18 While the early Christian texts discussed in this book are often treated as gnostic ones, they are here approached as witnesses to the views of educated Christians engaged in dialogue with philosophical traditions. Following the idea that ancient philosophical schools provided their adherents with ways of life, Ismo Dunderberg explores issues related to morality and lifestyle in non-canonical gospels and among groups that were gradually denounced as heretical in the church. He deals with the soul's progress from material concerns to a life dominated

by spirit, the control of emotions, the avoidance of luxury, the ideal perfect human as a tool in moral instruction, classifications of humankind into distinct groups based on their moral advancement, and Christian debates about the value of martyrdom. In addition, he offers a critical review of some recent trends and attitudes in New Testament scholarship.
