**Gate of Darkness, Circle of Light** Tanya Huff,2012-07-01 First published in 1989 and taking place in downtown Toronto, one of the earliest of the modern urban fantasies, *Gate of Darkness, Circle of Light* is the story of a fight against encroaching darkness by a developmentally handicapped young woman, a street musician with no idea of his potential, a bag-lady who's tired of picking up the pieces, and an adept of the light. Mixing actual Toronto ghost-stories with traditional Faerie, a police procedural, and a cat, *Gate of Darkness, Circle of Light* opened a gate at street level to the urban fantasy that followed. **REVIEWS** Huff's real-world fantasy presents an enlightened, compassionate view of the forgotten heroes of urban society. High Recommended. -- Library Journal Contemporary urban fantasy at its best. -- Locus Tanya Huff has a rollicking good time playing with the lighter side of her plot and provides a set of dramatic personae whose fate engage our deeper feelings. [The novel] works its own distinctive charms upon one of the standard plots of the fantasy genre. -- Toronto Star

*The Creator of the Wombles* Kate Robertson,2023-04-06 This is the extraordinary story of Elisabeth Beresford, creator of The Wombles, the furry, fun-loving recyclers of rubbish which became a children's publishing and television sensation in the 1970s. What drove this imaginative and prolific writer of children's books to invent The Wombles? From her birth in Paris in 1926 to her death in the Channel Islands in 2010, Beresford's working life was led to the full, driven by the fear of debt. Married to the TV and radio sports commentator, Max Robertson, and with two children, Elisabeth's life was never dull but

always uncertain. In addition to writing over 140 children's books, she wrote romantic fiction for women's magazines, became a regular contributor to the Today program, Woman's Hour (BBC) and Woman's World (Central Office of Information). As a journalist she interviewed a fascinating range of people from politicians and film stars to children in the remote Australian Outback. With the publication of *The Wombles*, and subsequently the enchanting BBC films, Elisabeth found fame and for a very brief moment, fortune. This is the first biography of 'Mrs Womble' as Elisabeth was known by millions of fans. Written by her daughter with insider knowledge and access to private family archives - diaries, letters, photographs and family memories - this book relates the remarkable and often hilarious life of one of the 20th century's most successful children's authors.

**The Art of Teaching Children** Phillip Done, 2023-07-18 An essential guide for teachers and parents that's destined to become a classic, *The Art of Teaching Children* is one of those rare and masterful books that not only defines a craft but offers a magical reading experience. After more than thirty years in the classroom, award-winning teacher Phillip Done decided that it was time to retire. But a teacher's job is never truly finished, and he set out to write the greatest lesson of his career: a book for educators and parents that would pass along everything he learned about working with kids. From the first-day-of-school jitters to the last day's tears, Done writes about the teacher's craft, classrooms and curriculums, the challenges of the profession, and the reason all teachers do it—the children. Drawing upon decades of experience, Done shares time-tested tips and sage advice: Real learning is messy, not linear. Greeting kids in the morning as they enter the classroom is an important part of the school day. If a student is having trouble, look at what you can do differently before pointing the finger at the child. Ask yourself: Would I want to be a student in my class? When children watch you, they are learning how to be people, and one of the most important things we can do for our students is to model the kind of people we would like them to be. Done tackles topics you won't find in any other teaching book, including Back to School Night nerves, teacher pride, the Sunday Blues, Pinterest envy, teacher guilt, and the things they never warn you about in "teacher school" but should, like how to survive recess duty, field trips, and lunch supervision. Done also addresses some of the most important issues schools face today: bullying, excessive screen time, the system's obsession with testing, teacher burnout, and the ever-increasing demands of meeting the diverse learning needs of students. But *The Art of Teaching Children* is more than a guide to educating today's young learners. These pages are alive with inspiration, humor, and tales of humanity. Done welcomes us like visitors at Open House Night to the world of elementary school, where we witness lessons that go well and others that flop, periods that run smoothly and ones that go haywire when a bee flies into the room. We meet master teachers and new ones, librarians and lunch supervisors, principals and parents (some with too much time on their hands). We get to know kids who want to hold a ball and those who'd rather hold a marker, students with difficult home lives and children with disabilities, youngsters who need drawing out and those who happily announce (in the middle of a math lesson) that they have a loose tooth. With great wit and wisdom, irresistible storytelling, and boundless compassion, *The Art of Teaching Children* is the new educator's bible for teachers, parents, and all who work with kids and care about their learning and success.

**Books and Beyond** Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

**Animals and Greek Cinema** Nikitas Fessas, 2025-05-02 This book offers a non-anthropocentric account of a national cinema. Drawing on cutting-edge developments in Animal (film) studies, the book gathers a wide range of species and genres to discuss the Greek cinematic animal. This entails recalibrating the readers'/viewers' gazes to include particular nonhumans, often displaced in the frame's margins. While acknowledging the cost paid in animal suffering for Greek cinema to rise, the book features instances of animal-human bonding. Combining close readings with interviews with directors, human actors, screenwriters, cinematographers, producers, special effects artists, and animal wranglers, this book proposes a paradigm of human-animal praxis, arguing that revisiting nonhuman images can lead to renewed ethical relations, and to less speciesist cinemas, film industries, and societies..

*To Hell With Love* Sherri Browning Erwin, 2014-11-20 You like to sin, Kate? When Boston interior designer Kate Markham meets real estate mogul Owen Glendower at a dinner party, sparks fly. Not only is Owen GQ-cover, drop-dead sexy and filthy

rich, he has a maddeningly seductive way of knowing intimate details about her. Details that send heat rushing to her cheeks not to mention certain other parts of her body. Swept deliciously off her feet, Kate lets herself fall into a breathtakingly sensual journey she hopes will never end, even when Owen reveals his little secret: he happens to be Hades, ruler of the underworld and the devil himself! Caught in the fiery-sweet grip of a desire so consuming, Kate must choose between her business, her family, her life on Earth, and spending eternity in Hell with Owen. Then, out of the blue, family tragedy strikes, shaking her out of a rapturous trance to face the decision of a lifetime. Will she spend eternity with this devil of her dreams or follow her conscience back to earthly reality? Sherri Browning Erwin is a graduate of Mount Holyoke College and a member of Romance Writers of America (RWA). She lives with her family in Needham, Massachusetts. Wickedly entertaining! Sinfully sexy! Sherri Erwin's razor-sharp wit will make you laugh out loud. --Virginia Henley, author of *Notorious* and *Infamous*
