*Coming of Age in America* Mary C. Waters, 2011-09-20 Much hand-wringing has occurred over the so-called failure of young people to grow up today. This volume persuasively shows the range of forces that shape the protracted transition to adulthood. An excellent and enjoyable read. --Deborah Carr, Professor of Sociology, Rutgers University, and editor of the *Encyclopedia of the Life Course and Human Development*. The essays in this volume are written with great verve and intelligence, grounded in extensive fieldwork and careful data analysis. --Frank Furstenberg, Professor of Sociology in the Population Studies Center at the University of Pennsylvania

The Young Crusaders V. P. Franklin, 2021-02-23 An authoritative history of the overlooked youth activists that spearheaded the largest protests of the Civil Rights Movement and set the blueprint for future generations of activists to follow. Some of the most iconic images of the Civil Rights Movement are those of young people engaged in social activism, such as children and teenagers in 1963 being attacked by police in Birmingham with dogs and water hoses. But their contributions have not been well documented or prioritized. *The Young Crusaders* is the first book dedicated to telling the story of the hundreds of thousands of children and teenagers who engaged in sit-ins, school strikes, boycotts, marches, and demonstrations in which Dr. Martin Luther King Jr. and other national civil rights leaders played little or no part. It was these young activists who joined in the largest civil rights demonstration in US history: the system-wide school boycott in New York City on February 3, 1964, where over 360,000 elementary and secondary school students went on strike and thousands attended freedom schools. Later that month, tens of thousands of children and teenagers participated in the "Freedom Day" boycotts in Boston and Chicago, also demanding "quality integrated education." Distinguished historian V. P. Franklin illustrates how their ingenuity made these and numerous other campaigns across the country successful in bringing about the end to legalized racial discrimination. It was these unheralded young people who set the blueprint for today's youth activists and their campaigns to address poverty, joblessness, educational inequality, and racialized violence and discrimination. Understanding the role of children and teenagers transforms how we understand the Civil Rights Movement and the broader part young people have played in shepherding social and educational progress, and it serves as a model for the youth-led "reparatory justice" campaigns seen today mounted by Black Lives Matter, March for Our Lives, and the Sunrise Movement. Highlighting the voices of the young people themselves, Franklin offers a redefining narrative,

complemented by arresting archival images. The Young Crusaders reveals a radical history that both challenges and expands our understanding of the Civil Rights Movement.

**Coming of Age the RITE Way** David G Blumenkrantz, 2016-05-02 Coming of Age the RITE Way: Youth & Community Development through Rites of Passage addresses the absence of community-oriented rites of passage. This book is distinguished from others in that it combines almost fifty years of scholarship and practice to examine the concepts of rites of passage and sense of community, as it exists in literature and life. It focuses on the reciprocal relationship between rites of passage and sense of community and ways for it to impact the development of children and the health and adaptability of their community. This text raises and answers some of the most fundamental questions facing parents, schools and communities; How do we raise our children to be resilient, self-reliant, capable adults who are competent and with compassion that is manifested in civic engagement for social justice? The book sets forth guiding principles and clear methods for putting into practice a whole systems approach to youth development through rites of passage. The approach involves connecting and enhancing environments and building competencies, which promote the positive development of children and youth in their families, in their schools, among their peers in their community and with a strong connection to the natural world. It provides extensive narratives and case studies to illustrate how a framework of rites of passage is used to weave a common language throughout the community and links techniques for youth development with prevention, identification, intervention, and treatment and strengthens the fabric of community support.

**The Coming of Age** Simone de Beauvoir, 1996 As the definitive study of the universal problem of growing old, The Coming of Age is a brilliant achievement (Marc Slonin, New York Times).

Margaret Meek is Reader Emeritus at the Institute of Education in London. Victor Watson is Assistant Director of Research at Homerton College, Cambridge.

*Coming of Age in Jewish America* Patricia Keer Munro, 2016-05-01 The Jewish practice of bar mitzvah dates back to the twelfth century, but this ancient cultural ritual has changed radically since then, evolving with the times and adapting to

local conditions. For many Jewish-American families, a child's bar mitzvah or bat mitzvah is both a major social event and a symbolic means of asserting the family's ongoing connection to the core values of Judaism. *Coming of Age in Jewish America* takes an inside look at bar and bat mitzvahs in the twenty-first century, examining how the practices have continued to morph and exploring how they serve as a sometimes shaky bridge between the values of contemporary American culture and Judaic tradition. Interviewing over 200 individuals involved in bar and bat mitzvah ceremonies, from family members to religious educators to rabbis, Patricia Keer Munro presents a candid portrait of the conflicts that often emerge and the negotiations that ensue. In the course of her study, she charts how this ritual is rife with contradictions; it is a private family event and a public community activity, and for the child, it is both an educational process and a high-stakes performance. Through detailed observations of Conservative, Orthodox, Reform, and independent congregations in the San Francisco Bay Area, Munro draws intriguing, broad-reaching conclusions about both the current state and likely future of American Judaism. In the process, she shows not only how American Jews have forged a unique set of bar and bat mitzvah practices, but also how these rituals continue to shape a distinctive Jewish-American identity.

Girlhood in British Coming-of-Age Novels Soňa Šnircová, 2018-01-23 The book discusses a selection of coming-of-age narratives that offer a revisiting of the classic Bildungsroman heroine – the young white middle-class woman – and present her developments in postwar and postmillennial British literature. In terms of theoretical approaches, the study draws on works by the feminist critics whose incorporation of gender into the studies of the Bildungsroman resulted in the delineation of the female version of the genre, the female Bildungsroman and its specific twentieth-century variation, the feminist Bildungsroman. The selected coming-of-age novels present further transformations of the female Bildungsroman. The classic heroine of eighteenth- and nineteenth-century Bildung narratives reappears in twentieth-century novels as a modern girl who experiences a significant rise of feminist consciousness. In more recent works, she becomes a postfeminist girl who questions “victim feminism” and tests the potential of “girl power” to subvert the patriarchal tradition. Relating the postfeminist developments of the girl heroine to the influence of contemporary media culture, the book explores whether these literary representations of girlhood incorporate antifeminist backlash messages. It will be of interest to scholars and students in the fields of literary and girls' studies, particularly those who want to see new trends and issues in young adult fiction in the context of a literary tradition.

**Claiming Space** Sheila Bock, 2023-10-09 *Claiming Space* examines the growing tradition of decorating mortarboards at college graduations, offering a performance-centered approach to these material sites of display. Taking mortarboard displays seriously as public performances of the personal, this book highlights the creative, playful, and powerful ways graduates use their caps to fashion their personal engagement with notions of self, community, education, and the unknown future. Claiming the space of these graduation caps is a popular and widespread way that individuals make their voices

heard, or rather seen, in the visual landscape of commencement ceremonies. The forms and meanings of these material displays take shape in relation to broader, ongoing conversations about higher education in the United States, conversations grounded in discourses of belonging, citizenship, and the promises of the American Dream. Integrating observational fieldwork with extensive interviews and surveys, author Sheila Bock highlights the interpretations of individuals participating in this tradition. She also attends to the public framings of this tradition, including how images of mortarboards have grounded online enactments of community through hashtags such as #LatinxGradCaps and #LetTheFeathersFly, as well as what rhetorical framings are employed in news coverage and legal documents in cases where the value of the practice is both called into question and justified. As university administrators and cultural commentators seek to make sense of the current state of higher education, these forms of material expression offer insight into how students themselves are grappling with higher ed's promises and shortcomings. *Claiming Space* is a meaningful contribution to folklore, cultural studies, media studies, and education.

**In Praise of Ageing** Patricia Edgar, 2013-09-25 Retirement is not the time to cut all ties and head off to live in a warm climate but rather to ask: Who do I want to be near? How will my relationships be reaffirmed? What do I care about? What can I create and contribute to the world? Meet Jim Brierley, who was still jumping out of planes aged eighty-eight. And Muriel Crabtree, whose exhibition of pastels was opened by the governor-general shortly after Crabtree died aged 102. Australians are staying healthy and living longer than ever before. Yet rather than focusing on the productive, rich, varied lives older people lead we dwell on the burden of ageing. *In Praise of Ageing* tells the stories of eight people who have lived well into their nineties and beyond. These people will inspire you, entertain you and motivate you to be connected, interested, risk-taking and inventive. They will challenge your preconceptions. And they will convince you that fifty is now the start of the second half of life and not the beginning of the end. Patricia Edgar's *In Praise of Ageing* is timely and groundbreaking in its desire to reshape our thinking. Patricia Edgar is a sociologist, educator, film and television producer, writer, researcher, and policy analyst. Through a career spanning four decades she has been at the forefront of media for children nationally and internationally, winning multiple awards for her achievements and programs. In this book she turns her attention to ageing policy in Australia. [textpublishing.com.au](http://textpublishing.com.au) 'Patricia is a sort of centurion in her abilities to kick down doors and push walls over...she gets things done.' Phillip Adams 'With her characteristic passion, Patricia Edgar has exploded

the myth that an ageing population is unrelieved bad news for our social and economic future. This book is bursting with intellectual energy: if Edgar's rational arguments don't convince you, her human stories will.' Hugh Mackay 'Patricia Edgar brilliantly portrays the challenges and, more importantly, the manifold joys of growing older. She dissects the biased and inaccurate attitudes which prevent society from gaining maximum value out of its senior citizens. She highlights the experience, perspective, integrity and wisdom of our elders and introduces us to eight individuals enjoying fulfilling lives towards the end of their journeys - independent, interesting and inspirational people, examples to be emulated. This book is a must read for every thinking Australian.' Sir Gus Nossal

Spectres of 1919 Barbara Foley, 2010-10-01 A look at the violent "Red Summer of 1919" and its intersection with the highly politicized New Negro movement and the Harlem Renaissance With the New Negro movement and the Harlem Renaissance, the 1920s was a landmark decade in African American political and cultural history, characterized by an upsurge in racial awareness and artistic creativity. In *Spectres of 1919* Barbara Foley traces the origins of this revolutionary era to the turbulent year 1919, identifying the events and trends in American society that spurred the black community to action and examining the forms that action took as it evolved. Unlike prior studies of the Harlem Renaissance, which see 1919 as significant mostly because of the geographic migrations of blacks to the North, *Spectres of 1919* looks at that year as the political crucible from which the radicalism of the 1920s emerged. Foley draws from a wealth of primary sources, taking a bold new approach to the origins of African American radicalism and adding nuance and complexity to the understanding of a fascinating and vibrant era.

This is a rich resource for anyone interested in understanding religious diversity, folk practices, and cultural creativity through the lens of gender.” —Deborah Dash Moore, former Director of the Frankel Center for Judaic Studies and a Frederick G.L. Huetwell Professor of History and Judaic Studies, University of Michigan “The stories speak for themselves, putting Jewish girls and women on the center of the stage, into the limelight, and at the pulpit. By showcasing ritual innovation, they make a point about Judaism’s elasticity and women’s agency.” —Hasia R. Diner, coeditor of *Remembering the Lower East Side*
