Jerry Tennant,MD Jerry L Tennant MD

Healing is Voltage Jerry Tennant,MD Jerry L Tennant MD,2015-03-27 Cells in the body require voltage to work and to make new cells to replace worn out cells. Our muscles are rechargeable batteries that provide this voltage. Each organ has its own battery pack. Such battery packs are specific stacks of muscles. These muscle stacks are known as acupuncture meridians.

Healing is Voltage Jerry Tennant,2010 This book tells how to measure the voltages of each organ, how to insert new electrons and how to figure out why voltage dropped in the first place.--Page 4 of cover.

Surgery of the Cervical Spine Howard S An,J Michael Simpson,1994-01-01 Provides a comprehensive survey of the problems of the cervical spine. Experts in the field have contributed to this text on the management of the many problems generated by diseases and trauma to the cervical spine.

Summary of Jerry Tennant's Healing is Voltage Everest Media,2022-05-04T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Acupuncture is the stimulation of specific acupuncture points along the skin of the body involving various methods such as penetration by thin needles or the application of heat, pressure, or laser light. It is a form of alternative medicine and a key component of traditional Chinese medicine. #2 The meridian system is a traditional Chinese medicine belief about a path through which the life energy known as qi flows. The meridian network is typically divided into two categories, the jingmai or meridian channels and the luomai or associated vessels. #3 San Jiao is a term found in traditional Chinese medicine, and it is used to describe the workings of the human body attempted by early Chinese medical writers. It is used in the practice of Chinese herbal medicine, along with acupuncture and other Chinese medicine modalities. #4 The Upper Jiao refers to the upper part of the body, and includes the Heart, Lung, and Pericardium organs. The Pericardium is the corresponding internal organ of the Triple Burner.

Healing is Voltage Jerry Tennant,2021

Healing Is Voltage Jerry L. Tennant, M.d.,2015-10-13 Theodor Heinrich Boveri was a German biologist. He also reasoned in 1902 that a cancerous tumor begins with a single cell in which the makeup of its chromosomes becomes

scrambled, causing the cells to divide uncontrollably. This was the predominant theory until 2014 when Thomas Seyfried et al proved that genetic changes were secondary in cancer. Thus physicians have been searching for the cause of cancer since the time of Hippocrates in 400 BC. Most research has been focused on finding the causes of genetic changes. Perhaps the cause of cancer has been elusive because the evidence supports the theory that the cause is a reversal of polarity instead of biochemical. In addition, one must consider that each organ has its own battery pack: a stack of muscle batteries known as an acupuncture meridian. The reversal of polarity occurs in a battery in a circuit and the accompanying loss of oxygen with low voltage tells local stem cells to make a placenta (cancer) to attempt to correct the low voltage and oxygen via fermentation since there is inadequate oxygen to keep that organ functional. The On switch for cancer is an accumulation of electron stealers in an acupuncture circuit; the Off switch for cancer is removing the causes of low voltage and inserting enough electrons to reverse the polarity back to normal.
