The United Kingdom and Spain in the Eighteenth Century Manuel-Reyes García Hurtado,2024-09-23 This book seeks to bridge a gap in the historiography of Spain and Great Britain by arguing that while the eighteenth century witnessed periods of tension, conflict and hostility between the two powers, their relationship remained multifaceted and significant in other spheres. Throughout the eighteenth century, Spain and Great Britain passed through phases of open warfare, armed peace and deep suspicion. The British capture of Gibraltar and Menorca dealt a severe blow to the newly established Bourbon dynasty in Spain. Even in times of war, however, not all communication channels were closed, with numerous formal and informal contacts being made despite the volatile political climate and enmities. The contributors of this book go beyond the well-known animosity and conflicts to explore the spectrum of interactions, encompassing cultural exchange, traditional diplomacy, trade and espionage plus a multitude of other facets. This book is a valuable resource for researchers and students interested in the complex relations between Great Britain and Spain during the eighteenth century, as well as for a broader audience of historians and both undergraduate and postgraduate students of history and international relations.

Historia del poder político en España José Luis Villacañas Berlanga, 2018-06-08 LA MEJOR HISTORIA DE LAS LUCHAS POR EL PODER EN ESPAÑA. Examinar cómo el poder se ha configurado y consolidado en un territorio es siempre una manera de mirar el pasado, pero también una forma de entender el presente de ese espacio geopolítico. A partir de esta premisa, José Luis Villacañas explora en esta penetrante obra el ejercicio del poder en tierras hispanas a lo largo de su historia, desde los visigodos hasta nuestra época. Para ello, este análisis histórico nada complaciente sabe mirar más allá del deseo de los gobernantes de ser vistos de manera positiva por los gobernados. El resultado es un apasionante relato de las luchas en las que los diferentes poderes se implicaron y de cómo estos se impusieron o fueron derrotados. Pero también es un retrato de unas élites hispánicas atenazadas por las crisis, los miedos, las desconfianzas y el instinto de supervivencia que las moldearon.
