Summary - See Me Summary Guy,2017-05-24 See Me - A Complete Summary!See Me, written by Nicholas Sparks, is about two main characters-Colin Hancock and Maria Sanchez-and their romance that seems to blossom overnight in a typical 'love at first sight' cliché. Even though this may seem too predictable, this is exactly what Sparks' fans love about his books. This book, as well as his previous work, is distinctive for Sparks' own special formula, where he successfully creates two, seemingly unconnected characters and then brings them together by pure coincidence, and those characters will then fall in love. A new breath into the story plot is the involvement of an unknown stalker. This is also a twist in the story, filled with tension and thriller which, although unexpected from Sparks, is still a welcomed change in the author's style. Overall, See

Me is a novel that most readers will enjoy reading, due to the fact that it has likeable and simple characters and a sweet, tender love story. But besides sweetness that undoubtedly lies beneath the surface of this book, another great element that makes this book even better and even more enjoyable to read is his new element of thriller and suspense, something readers will most definitely like.
