Louis Bukowiec

18,533 Days and 18 Inches to Eternity Louis Bukowiec, 2020-02-28 I'm eighty-eight, and I am awestruck that I have written a book (my first ever)! My wife Joyce died in 2015. For a time, grief and loneliness were my companions. I soon settled down, doing old-folks things like crossword puzzles, watching TV, etc. Some of my grandkids asked me what it was like being a kid during the Great Depression and World War II. Then one day, my friend Charlie gave me a packet of four one-hundred-page notebook pads. He said, Maybe you can use these. Coincidence? So with pencil in hand, I started writing my story about my favorite subject me! Many memories were rekindled, and suddenly, I had a new hobby. A word became a sentence, a sentence, a paragraph or a chapter. How far could I go with this? Night after night, the stories flowed through my mind. Quiet, tearful nights became commonplace. One night, I awoke with tears in my eyes and a word in my heart redemption. That morning, I calculated how many days from my birth, January 2, 1930, to my rebirth, October 4, 1980. It was 18,533 days. Now my story had a working title 18,533 Days to Eternity. As I read my story, I realized that I was a normal, hardworking person with a vision, like you. However, unlike most of you, I was an impulsive, addicted, egotistical, train wreck. But God had a plan for my life. He wanted to lead me from my egocentric mind to the desire of his love, my heart. It was only eighteen inches. Hope! Never give up!

Families in Rehabilitation Counseling Michael Millington, 2014-10-24 Presents an innovative family-based approach to rehabilitation counseling that can be put to use immediately! While the family has traditionally been a secondary consideration in rehabilitation, this graduate text presents an innovative approach to rehabilitation counseling that focuses on the family as the center of a person-centered model, rather than as an adjunct to individual counseling. It advocates counseling in the context of community, requiring the recognition of social transaction as the primary focus of all interventions. The book provides the tools and knowledge base to effectively work with the family and within the community, delivering a new inclusive model of care and establishing best practices in research, practice, training, and management. The text examines the rationale for embracing family values in rehabilitation counseling and provides a framework that redefines the relationship between counselor and client in the context of family and community. It describes the community-based rehabilitation model in detail according to the International Classification of Function (ICF) and presents a series of illustrative disability profiles—distilled from systematic reviews of the literature—reflecting this framework. In each case, the impact upon family participation is illustrated and optimal service and support resources are identified. The role and function of the rehabilitation counselor provide the integrative conclusion to each chapter. The book also describes grassroots initiatives, the role of family in community-based rehabilitation in developing countries, family policy across rehabilitation systems, and best practices in research, training, and management. Additionally, the text comes with access to an Instructor's Manual that includes case study discussion questions, classroom activities, and multiple-choice questions. Key Features: • Describes an innovative family-/community-focused approach to rehabilitation counseling, framed in ICF

taxonomy • Presents a pragmatic model that can be put to use immediately • Describes an array of family experiences across disability contexts, providing an opportunity to critique current practice through the lens of community-based constructs • Provides plentiful case studies based on family narratives • Broadens the scope of practice with service initiatives from around the world • Includes an Instructor's Manual with case study discussion questions, classroom activities, and multiple-choice questions

Boys, Just Boys Brian Welke, 2025-01-30 Through the voices of the men who experienced it, *Boys, Just Boys* relates the story of the 423rd regiment of the 106th Infantry Division during and after the Battle of the Bulge. In mid-December 1944, after rigorous training but no combat experience, the men of the 423rd, along with the rest of the division, arrived in the snows and forested ravines of the Ardennes/Schnee Eifel, the mountains straddling the border between Germany and eastern Belgium. As they dug into their positions, they were assured the Germans no longer posed much threat. A few days later, in the early dawn of December 16, massive German panzer divisions hit the American lines. Positioned at the center of the attack, the 423rd was hit head-on. Few of the men had seen battle before, and they were vastly outnumbered by the enemy. Many died in the assault, and most of the survivors were taken prisoner. Only a handful of soldiers escaped the Germans; the 423rd was essentially destroyed. Over 2,500 members of the 423rd were shipped as POWs to the east where they endured unimaginable hardships before the war in Europe ended. They were crushed for days onto trains without food, water, or sanitary facilities; they were herded into camps, where they were starved, beaten, and frozen; and they were sent to arbeitskommando work camps. While some of the POWs died of disease and sepsis, many died from starvation, overwork, and exposure. Others were killed in Allied bombing and strafing raids, and a few by executions and illegal shootings. Then, in the final months of the war, as the Allies began to close in from east and west, the Germans grew terrified that the conditions of the POW camps and arbeitskommandos would come to light, and they herded the POWs across country on what amounted to death marches. *Boys, Just Boys* draws upon the private accounts that some veterans wrote. Years later, the author, Kurt Vonnegut, who was among the POWs housed in Dresden's slaughterhouse and forced to collect the dead from the cellars of the city after the Allied fire bombing, wrote the novel *Slaughterhouse-Five*. Through eyewitness recollections of his fellow POWs, as well as through records left with Vonnegut's family, *Boys, Just Boys* reconstructs the whole brutal chain of events. *Boys, Just Boys* draws entirely upon the author's personal interviews with surviving veterans of the 423rd and their families, as well as upon their letters and memoirs, their obituaries, and US Army morning reports; each individual soldier in the story is unforgettable. From the prologue to the final page, it is a spellbinding and heartbreaking record of courage, loyalty, and

friendship in the face of horror, degradation, and cruelty.

The Chance to Say Goodbye Janice Cross Kerlee,2004-01-04 On November 18, 1999, a tragic accident at Texas A&M University in College Station, Texas, claimed the lives of twelve young people and seriously injured twenty-seven others when the annual bonfire to celebrate the University of Texas versus Texas A&M Thanksgiving football game collapsed during the final stages of construction. Eleven young people died at the scene, but the twelfth victim, Timothy Doran Kerlee, Jr., lived almost forty-two hours before succumbing to his injuries. Seven months after his death, his parents left their secular life in Memphis, Tennessee, and moved to College Station to work as volunteers in campus ministry at the very school where their son had died. What happened to cause this couple to make such a life-changing decision? The Chance to Say Goodbye answers that question, while telling the tale of a young hero, who, on that fateful night, refused aid for himself until his friends had been helped. Author Janice Cross Kerlee offers help to parents who have lost children. She assists them in

dealing with their grief and teaching their friends how to help in a time of need. Finally, *The Chance to Say Goodbye* testifies to the mighty works of God and His ever-present love.
