**The Ra Contact: Teaching the Law of One:** Carla L. Rueckert,Don Elkins,James Allen McCarty,2018-02-28 I am Ra. We came to your peoples to enunciate the Law of One. We wished to impress upon those who wished to learn of unity that in unity all paradoxes are resolved; all that is broken is healed; all that is forgotten is brought to light. For thousands of years those of Ra have sought to teach the Law of One to seekers of truth on Earth who wished to learn of the unity or oneness of all things. This basic law of all creation is buried deep within each of our hearts because we really are one in love and in light, the building blocks of the universe. We are all manifestations of the One Infinite Creator. We are the Creator. We are not learning this law for the first time but are remembering it yet again as all mystics have taught throughout Earth's history. Our journey of self-realization is the discovery or remembrance of this essential truth, our essential identity. A waking up, as some have called it, within an illusion of separation. Don Elkins and Carla L. Rueckert worked together for 12 years to perfect the channeling process and receive philosophical inspiration and guidance from extraterrestrial sources. When Jim McCarty joined them in 1980 they began to receive a new and unique type of channeling contact from those of Ra. Through this contact, Ra shared information to help seekers of truth deepen their awareness and acceptance of self and other, and to help Earth move into the emerging fourth density of love and understanding. This book is the transcript from the recording of that conversation between the Questioner and Ra. Through questions & answers, the metaphysical blueprint of spiritual evolution is explored, from the microcosm to the macrocosm, from the particulars of life on this planet to the life of the cosmos, to the possibilities of healing, transformation, and self-realization for spiritual seekers and wanderers. \* \* \* \* \*

The Ra Contact: Teaching the Law of One Volume 1 contains Ra contact sessions 1-56. As with all L/L Research material, this book can be read for free in PDF form on L/L's archive website.

**The Reincarnation of Edgar Cayce?** Wynn Free,David Wilcock,2010-06-15 Discover the legacy of the most famous psychic of the 20th-century in this stirring exploration of psychic abilities, reincarnation, and other paranormal phenomena There are remarkable parallels between the work of David Wilcock and Edgar Cayce—the legendary clairvoyant, ‘sleeping prophet’, and ‘father of holistic medicine’. Here, author Wynn Free explores these parallels, building a convincing case that the two men shared the same source of prophetic information—and that Wilcock might indeed be Cayce’s reincarnation.

Compiling some of Wilcock's most inspirational and life-transforming prophetic guidance from his channeled Source, this book conveys profound insights into topics such as earth changes, secret cabals, soul evolution, death and reincarnation, ascension, crop circles, and the theory of evolution. Explaining how energetic increases occurring in the Sun and planets can have scientifically-measurable, far-reaching effects in a number of realms, *The Reincarnation of Edgar Cayce* presents new evidence that this energy can transform DNA, potentially making ESP, telekinesis, levitation, and other paranormal activities as common as breathing and usher in the Golden Age promised by every major spiritual tradition in human history. Readers will come away with a deeper understanding not only of the life and work of both Wilcock and Cayce, but with a broader sense of the many forces—seen and unseen—at work in the universe today.

**The Ra Material: Law of One** Jim McCarty, Don Elkins, Carla L Rueckert, 2020-10-28 Is our universe intelligently designed? What are the possibilities of healing, transformation, and service? What is the Law of One? After 19 years of research into the channeling phenomenon that involved communications with members of the Confederation of Planets in the Service of the One Infinite Creator, a group consciousness called Ra, who had evolved on the planet Venus, established contact with three dedicated seekers of truth to explore these and other questions. Ra said that all people and all of creation are One Being: the One Infinite Creator. They suggested that the process of learning to love (awakening to the Original Thought) is studied via humanity's movement through all of time. The Ra Material sessions conducted by these three individuals examine the meaning of our cosmic existence and contain 106 transcripts of every conversation, including events leading up to first contact, and, in Book V, commentary about the contact. This 40th-anniversary boxed set includes all five books in hard cover.

It provides sources from books, booklets, articles, and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling, the bibliography takes the most diverse and useful sources of the time. This volume although published almost 30 years ago, still provides a unique and insightful collection for academics of religion, in particular those researching spiritualism and the occult.

**The Law of Good People** Yuval Feldman, 2018-06-07 Currently, the dominant enforcement paradigm is based on the idea that states deal with 'bad people' - or those pursuing their own self-interests - with laws that exact a price for misbehavior through sanctions and punishment. At the same time, by contrast, behavioral ethics posits that 'good people' are guided by cognitive processes and biases that enable them to bend the laws within the confines of their conscience. In this illuminating book, Yuval Feldman analyzes these paradigms and provides a broad theoretical and empirical comparison of traditional and non-traditional enforcement mechanisms to advance our understanding of how states can better deal with misdeeds committed by normative citizens blinded by cognitive biases regarding their own ethicality. By bridging the gap between new findings of behavioral ethics and traditional methods used to modify behavior, Feldman proposes a 'law of good people' that should be read by scholars and policymakers around the world.

**The Wiley Blackwell History of Islam** Armando Salvatore, Roberto Tottoli, Babak Rahimi, 2018-06-18 A theoretically rich, nuanced history of Islam and Islamic civilization with a unique sociological component This major new reference work offers a complete historical and theoretically informed view of Islam as both a religion and a sociocultural force. Uniquely comprehensive, it surveys and discusses the transformation of Muslim societies in different eras and various regions, providing a broad narrative of the historical development of Islamic civilization. This text explores the complex and varied history of the religion and its traditions. It provides an in-depth study of the diverse ways through which the religious dimension at the core of Islamic traditions has led to a distinctive type of civilizational process in history. The book illuminates the ways in which various historical forces have converged and crystallized in institutional forms at a variety of levels, embracing social, religious, legal, political, cultural, and civic dimensions. Together, the team of internationally renowned scholars move from the genesis of a new social order in 7th-century Arabia, right up to the rise of revolutionary Islamist currents in the 20th century and the varied ways in which Islam has grown and continues to pervade daily life in the Middle East and beyond. This book is essential reading for students and academics in a wide range of fields, including sociology, history, law, and political science. It will also appeal to general readers with an interest in the history of one of the world's great religions.

**Souls of Distortion Awakening** J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago. More and more scientists are discovering that both disciplines are only two sides of the same coin.

We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world. This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya, Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time. This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united.

*THE MIND, BODY, SPIRIT, And STORYTELLING* Hakeem R. Jelani, 2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author's discourse with a new subjective viewpoint regarding the Anunnaki ancient world. Their significant deeds and contributions to humanity. Which syncs very nicely with the modern ancient astronauts hypothesis. Events that are largely associated with the Old Testament Bible Genesis narrative, are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki(Ea). From his home planet Nibiru, the eponymous God of creation, imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians (Mithrum). Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar's of god on Earth. Reading this book gives you this powerful insight from a mind, body, and spirit perspective. You discover a different view of the Holy Old Testament Bible Genesis narrative and storytelling. Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African-Egyptian consciousness of spiritual science precepts. The Kemetic ankh (life) became the Christian cross (death). Each represents important symbolism. Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible, religion and canons as the doctrine of theology. It's a great story that postulates an assertion that calls one to reexamine the Bible book of genesis. Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods. The truth about the elite, Royals pantheon of alien gods as Anunnaki Anu, Enlil, and Enki as: Those who from the Heavens came down. The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites, which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood. This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective. The Biblical history of Genesis, as it should be taught. Not like the Christian, Catholic, Protestant, and Baptist religions teach the gospels of the Christian, savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven. Not like the Christian, Catholic, Protestant, and Baptist religions of blind faith. But in its purest form of theology, that is primarily the Gospels of death, salvation, and the resurrection after the end of Jesus Christ's crucifixion by the Roman. Albeit speculative,

its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki (Ea) deeds. This book is complete speculation with emphasis on the Bible book of Genesis. Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor. Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale. Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces, omitted the rulers, suppressed by the Church, or destroyed in order to control the narrative of historical evidence. He pointed to Enki's process concerning an African female's mitochondrial DNA biological chromosome genetic codes, manipulated and used to fashion Adam (men) as his Hebrew ancestral Royal bloodline. It's a fictionalized story written to make people think about this with intellectual intuition, logic, and reason.

**Knowing the Infinite Creator** Angel V. Ornedo Jr.,2013-06-11 If you live as a purpose, objective driven person, a human being of persistence and substance, you will find this book very informative, a perspective of how to be successful in any of your positive endeavours, spiritual in objectivity, scientific in perspective and written with a real eye for service to other people. If your desires are only material in nature, this may not fit your profile as this book is a combination of success of spiritually and scientifically driven people, materially and spiritually with a major touch of helping other people as this is the real intention of the writer, learning and knowing how to serve others as service to others is service to the CREATOR. Abundance is a positive way of helping people and the Universe supplies everyone this wealth continuously, endlessly and without exhaustion!! Chapters I, II and III are devoted to our Maker, the Infinite Creator, Infinity, the Source Energy and names he is often called ALL THERE IS/ALL THAT IS. God gave us free will and no one, not even the Angels and the Higher Beings, RA, Christ or other Icons can violate this, otherwise they will come back to the Wisdom vibration and density of soul development. We have guardians, confederates and spiritual guides who are always there to guide us but they can never violate this rule, FREE WILL is given to us humans and all the entities of creation be they at the 4th or the seventh density of existence. Human beings have a penchant for discovery of things that have been discovered in the past. We always say we discovered, innovated or created when in fact as you read from artifacts of yore or the libraries of Nineveh discovered in Southern Iraq or Mesopotamia, almost everything we have today have been discovered or are in use during those times including lap tops, geodetic laser measuring devices, jet planes, helicopters, airplanes even tractors. Tractors are described as roaring machines that cultivates the soil in Africa. Take it from author Zechariah Sitchin and you will wonder. Thus the human being is a Creator itself created by the Maker to create beautiful things so Infinity can experience it thru us. We even duplicated and know and applied in our power systems the basic creation of God, Fusion. The olden civilizations, that in

Egypt, and the Americas are filled with facts that detail achievements of the human race and teachings that are truth but today have been adulterated to appear as possible witchcraft when in fact are real descriptions of the Law of One taught by the golden people of Venus, that of RA social memory complex and the higher beings of nearby stars which can be seen at our dark night stars of Arcturus and Sirius. The Orion star are of the negative origin and their teachings are yes, negatives like that one we call Yahweh who masquerade teaching positive but in the real sense negative. Again these are the teachings of Thou Shalt Not as it gives to you the negatives. Why would you teach thou shalt not kill! You can simply say Though shall love thy neighbour as you love thyself! This is the positive way, never an inkling of bad that will definitely sink in our one year old brain, always a year old so says the adept. Our world has been a belligerent, troubled civilization as far as my memories can remember, World War I, II and the Cold War, from my childhood to the present. The nuclear bombs stored in various countries o

**Theory of Existence** Elias Dexter,1869

*The Book of Thought* Dr. Thomas Stark,2018-02-06 Thoughts can create worlds. Every time you dream, you make worlds out of your own thoughts. You do not make dreamworlds out of atoms, out of matter. How many people grasp the significance of this fact? A dream, in and of itself, proves that a mind can create what convincingly passes as a material world, even though the dreamworld emphatically isn't material, but is made of thoughts produced by the mind of the dreamer. Why don't we indulge in the boldest of thoughts? If one mind can build a dreamworld out of its own thoughts, what would happen if all minds dreamt together? What world might they create with their united effort, with their thoughts pulled together and operating as one? In fact, they would build the very world we are living in right now! This is a universe of thought, and nothing but mind matters.
