Narrow It Down David J. Bates, 2012-11-20 When author David J. Bates left the active duty military at age twenty-two in 1998, he had no idea what he was going to do with the rest of his life. A fortuitous meeting on the interstate led him to Dallas, Texas, where he was tasked to establish a Leadership Cadet Corps at the middle-school level to boost student performance. In *Narrow It Down*, Bates details the insight he gained during the establishment and facilitating of that program using his experience gained during his military service. Through the eyes of an educator, this combination of educational guide and memoir discusses the lessons he learned in this educational setting and touches on specific priorities that enable educators to focus on what's important in the classroom and in life. Bates shares ideas that could create a better educational systemone that encourages pro-active thinking to solve problems. Praise for *Narrow It Down* *Narrow It Down* is a book about making a difference in the things you can control and focuses on raising the bar when it comes to the educational system. Programs like Coach Bates can significantly help in keeping young North Texanthe future of our great state and nationin school, and I applaud him on his efforts to build this program. Diary: Reference to Go Judi Shils, 2013-02-08 Being a teen is not simple. There are a wide range of issues demanding their attention and examination, from discrimination to drugs, sexuality, friendship and stress. The Diary Project website (www.diaryproject.com), started in 1995, was created to give young people a safe place to discuss issues anonymously. From the privacy of their computers, they could share thoughts, dreams, fears and advice—and, most importantly, find that they're not alone. Today there are tens of thousands of diary entries on the site. Some are funny, some poignant, some profound. All are vividly real. Diary: Reference to Go collects a sampling of these writings. Each page includes one entry and three thought-provoking questions about its topic. Diary: Reference to Go is a powerful tool to get teens, parents and teachers talking.

The Diary Deck Judi Shils, 2003-02 Based on the extraordinary Diary Project Web site, The Diary Deck is a unique resource for teachers, counselors, parents and teens seeking new lines of communication. Each of the 75 cards contains a teenager's anonymous diary entry, along with questions about the bigger issues it raises, from sexuality and discrimination to drugs and friendship.

Scripting the Life You Want Royce Christyn, 2020-04-07 A step-by-step guide to the process of "scripting" your future and successfully manifesting what you want in life • Explores the science behind how the scripting method works and shares the vivid journal entries from the author's big breakthrough--when he successfully used his method to land a lead role on a TV show • Details how the understanding of incredible new (and, until now, mostly unheard of) scientific discoveries and

emerging technologies is the most important key to creating and manifesting in your life • Reveals fun, easy tools for manifesting and self-help, updated for a new generation In this step-by-step guide, filled with success stories and practical exercises, Royce Christyn details a simple “scripting” process for harnessing the Law of Attraction and manifesting what you want in your life--happiness, wealth, travel, love, health, the perfect career, or simply a productive day. The process is backed by science and experience, yet it feels like magic. And all you need is a pen and paper. Inspired by New Thought and Positive Thinking classics, Christyn explains how he developed his scripting method through 4 years of trial and error, keeping what worked and dropping what didn't until he brought his success rate from 5% to nearly 100%. Sharing pages from his own journals, he outlines how to create the life you want with daily journaling exercises, beginning with a simple list-making practice to figure out your wants and intentions and then progressing to actual scripting of your future, whether the next 12 hours or the next 10 days. He shows how, over time, your scripts will increase in accuracy until they converge with reality. He shares the vivid entries from his big breakthrough--when he successfully used his method to land a lead guest-starring role on Disney Channel's Wizards of Waverly Place with Selena Gomez. He explores how “feeling” your future success as you write your daily scripts helps attract your desired outcomes, and he shares the key phrases to include to make your script come true. The author also explores the science behind how the scripting method works, including a down-to-earth examination of quantum mechanics. From small dreams to lifelong goals, this book gives you the tools to put your thoughts into action and finally close the gap between where you are and where you want to be in your life.

The Baddest Bad Boy Cassandra Dee, Settle down? Who me? Never. That is, until I meet the curvy, gorgeous Cammie Forster. Troy: I'm a pilot and flying the friendly skies has been my dream since I was a kid. What could be better? This is a lifestyle as much as a vocation, and I've embraced the opportunities it's given me. Except maybe I've embraced the lifestyle a little too much. I have a woman in every port. Blonde, brunette, redhead, platinum? Let's just say variety is the spice of life. That is, until I meet Cammie Forster. The sassy girl takes no sh*t, and before I know it, she's got me by the balls. The problem? That I love how it feels. Cammie: Everyone warned me about Troy Simpson. Bad boy pilot. Womanizer extraordinaire. Not to be touched unless you've got a twenty-foot pole that you're ready to sanitize afterwards using the strongest bleach. But what Troy doesn't realize is that I grew up in a houseful of boys. I know how to handle baddest bad boy ... until one day, I discover I'm accidentally pregnant. Hey Readers - This is a follow-up to My Stepmom's Boyfriend, this time featuring Caitlin's sassy friend Cammie! Pregnant By 2 Men Cassandra Dee, 2020-11-19 I'm pregnant with the babies of two different men. Mindy's pregnant by her asshole ex-boyfriend, and she's been having anxiety at the thought of being a single mom. In the middle of a panic attack,

her dad's friend Jake discovers her. The gorgeous older man helps her calm down the only way he knows how ... and suddenly, she's pregnant with his baby too. Jake Pratt's been with all kinds of women, but his friend Rob's daughter is special. For one, Mindy's no fragile flower – the curvy girl is expecting and huge. But it's a perfect match because Jake likes his women luscious, and Mindy's fertility only adds to the attraction. But is it too much if Mindy's pregnant with two babies from two different fathers? Biology doesn't stand in the way of this fantasy (although superfecundation is a real thing!) Mindy's a curvy girl who loves to have a good time, and we don't fault her one bit. In fact, we love her even more because of it! Hold onto your horses because this story is off the reservation, but only in the naughtiest of ways. Dakota: Some people say it's sick and twisted, but I'm a sassy woman who doesn't take humiliation well. Sure, Eddie and I were going through a rough patch in our relationship but that doesn't mean he had to hook up with my mom! Yep, you heard that right. I caught my boyfriend and my mother in bed together, but don't worry ... I always get the last laugh. Jack: Dakota's a feisty woman and I've noticed her ever since my son Eddie brought her home that first night. To say she's out of Eddie's league would be an understatement. But after the unthinkable happens, Dakota approaches me with a sexy idea: her body as a form of revenge. What she doesn't realize is that I want more than those luscious curves. I want a baby with the sassy girl, and I won't stop until she's round and heavy with my child! Hey Readers – We love heroines who go after what they want, and Dakota is no exception. Get ready for a tale of steamy action, in addition to incredible twists and turns that will blow your mind! No cheating, no cliffhangers, and always an HEA for my readers. This book will be one of your favorites, I promise! Xoxo, Cassie

On Greenwood We Grew Charles Livingston, 2021-06-02 My mother's motto for life was If I ever knew the answer or truth, I would never forget it. I still don't know where that saying came from, but I like it anyway and have mentioned it countless times myself. I would need to figure out what it meant for myself because she never gave me the straight answer but instead a smirky smile and a nod. I knew. For us, as well as herself, Mama always attempted to raise the bar in every possible way of life. As I have grown older, I can't help but think back and feel those emotions and perceived situations. At that time, she was correct on every most every level. Failure was never an option but instead an experience that would lead to a better outcome if it presented again. Happiness and truth are partners; they allow us a reason to do better the next time. Resilience, as we were taught, is the more important event in any part of life. I am a lot like my mother. I see perfection as a continuous or tireless goal in life. If you make a mistake, grow up, own up, recover fast, and try not to repeat that some

effort. Other than a few minor changes, that same matrix Mother used as her life coach is also stuck into my head. I am proud of the love of life and my family vision and the need to improve. And with all the opportunity to accomplish my goals, I think Mom's purpose was and is mine.

Gas \$1.00 Jim King, 2008-02 It's nearly impossible today to imagine that gas would sell for just one dollar per gallon, but that's the goal of President Jack Reeder. After extensive study, former President Jimmy Jay Peoples concluded there is a large cache of crude and natural gas buried beneath the Antarctic continent. The oil field is estimated to be five million square miles in size-almost twice the size of the United States and Canada combined-and to contain enough crude oil and natural gas to supply the entire world for hundreds of thousands of years. President Reeder's project, located on the Ross Ice Shelf, presents many challenges. Researchers determine that puncturing the surface of the cache could cause an explosion that could destroy the earth. Not only must they find a way to access the oil and natural gas without endangering the world and transport it safely and efficiently, it must be done secretly according to President Peoples' Accord, a compact that one day shapes and determines the very existence of the United States. President Reeder is banking on the success of the project for his own future and that of the citizens of his entire country.
