*Ghost Writer in the Sky* Piers Anthony, 2017-04-18 Two Ordinary People from Mundania travel to Xanth to defeat a rogue Night Colt in the latest in a beloved series from bestselling author Piers Anthony. The Night Colt has one ambition: to deliver dreams to the deserving. Unfortunately, only Night Mares can take on this task, and the Colt has no hope of leading his own herd if he can't get any practice. . . . So he's struck a deal with a Mundane. During the hours when the Night Mares rest—dusk and dawn—the duo plants stories in the air, compelling the people of Xanth to enact them—whether they want to or not. Unwilling to participate in these fantasies, the princesses of Xanth, Dawn and Eve, come up with a plan to fight the menacing pair, but they'll need the help of two unlikely heroes to succeed. In Mundania, a mysterious painting entrances Ordinary People Tartan and Tara. But why do they each see something different when they look at it? They quickly learn that it's not a painting after all, but a portal to a magical world. With nothing to lose, they climb through the portal into Xanth and are met with a plea to help stop the Night Colt and his ghost writer. Tartan and Tara don't hesitate to join the quest to save Xanth from the ultimate pun-tastrophe. Together with their new friends, they'll begin a journey full of magic and romance—and, of course, puns—that will lead them to a long-lost prince, a beautiful dragoness, the goddess Isis, and a demon named Ted. With rip-roaring humor and nonstop adventure, the newest addition to Piers Anthony's popular Xanth series is sure to enchant fans of epic fantasy. *Ghost Writer in the Sky* is the 41st book in the Xanth series, but you may enjoy reading the series in any order.

**The Twelfth Wonder of the World** Jerry L. Rhoads, 2017-08-31 Poetry is so personal. It is hard to convince readers to take the time to feel the words, not just read them. The Eighth Wonder of the World presents something we all possess and don't realize its value. So for this fifth book, *The Twelfth Wonder of the World*, to resonate with the buyer/reader, a love of poetry will initially be the reason it sells. After that, it will be the value to each reader as they capitalize on the wonders we all possess. The series of Wonders of the World poems are to relate all humans on Earth to a common denominator. The mind

(eight wonder) and the soul (ninth wonder) are our human metaphysical commonalties, whereas the heart (tenth wonder) and the brain (the eleventh wonder) are physical commonalties to all of us as individuals. And finally, the spirit (twelfth wonder), our infinite energy, is what each of us are metaphysically, for the infinite trip from here to there, the final wonder.

**The Xanth Novels Books 38-40** Piers Anthony, 2017-06-13 Three installments of the New York Times-bestselling series set in a land of enchantment filled with magic, surprises, adventure, and—best of all—puns! The world of Xanth is a wacky one full of offbeat heroes and surprising journeys. In these three volumes of this hilarious series, characters bumble their way through many misadventures to find their happy ending on the other side, aided and hindered by puns along the way. Board Stiff: Thanks to a mental typo and an ornery wishing well the once beautiful Irrelevant Kandy is now a board of wood—with mind control powers. And Ease wishes everything wasn't so easy. Fortunately, Humfrey the Good Magician is there to provide them with a quest: saving the puns of Xanth. But who released a virus that could destroy Xanth's essence, and will Kandy and Ease figure out how to stop it in time? Five Portraits: Astrid Basilisk is a sweet girl whose very glance is deadly. As she embarks on a selfless mission to save five difficult children from future Xanth, she must fight the pun virus that threatens to destroy the magical world. Isis Orb: Hapless has the ability to conjure any musical instrument he wants, but he can't carry a tune in a bucket. All he wants is to learn to play an instrument and get a girlfriend. When the Good Magician hears about his desperate desire, he sends Hapless on a quest to find the elusive Isis Orb, a magical talisman that could fulfill his wish. But the mysterious Egyptian goddess guarding it isn't going to let him simply take it.

*Burning Questions* Margaret Atwood, 2022-03-01 In this brilliant selection of essays, the award-winning, best-selling author of *The Handmaid's Tale* and *The Testaments* offers her funny, erudite, endlessly curious, and uncannily prescient take on everything from whether or not *The Handmaid's Tale* is a dystopia to the importance of how to define granola—and seeks answers to *Burning Questions* such as... • Why do people everywhere, in all cultures, tell stories? Including thoughts on the writing of *The Handmaid's Tale*, *The Testaments*, *Oryx & Crake*, and Atwood's other beloved works. • How much of yourself can you give away without evaporating? • How can we live on our planet? • Is it true? And is it fair? • What do zombies have to do with authoritarianism? In more than fifty pieces, Atwood aims her prodigious intellect and impish humor at the world, and reports back to us on what she finds. This roller-coaster period brought the end of history, a financial crash, the rise of Trump, and a pandemic. From when to dispense advice to the young (answer: only when asked) to Atwood's views on the climate crisis, we have no better guide to the many and varied mysteries of our universe.

*What Every Medical Writer Needs to Know* Robert B. Taylor, 2015-08-29 This book presents must-know facts generally not covered in "How To" books about medical writing. Every medical writer, whether a beginner or veteran, needs answers to questions many might not even know to ask. How does your personality type influence your writing behavior, and what can you do to make writing easier for you? What should you ask before agreeing to co-author an article for publication or write a book chapter? What are some of the current issues regarding copyright and plagiarism that authors may face? What has research discovered about the quotations and references found in journal articles? What do you need to know about open access journals and predatory publishers? Dr. Taylor tells some surprising truths about medical publishing, including possible sources of peer review bias and some alarming influences on what ends up in print. He also relates little-known stories about renowned medical writers such as Sir William Osler, William Carlos Williams and Elisabeth Kübler-Ross and the origins of some of medicine's classic publications. *What Every Medical Writer Needs to Know* provides information vital for every health care professional who aspires to write for others to read: academicians and practicing physicians; nurses, nurse practitioners and physician assistants; and professional medical and scientific writers.

**God's Teeth and Other Phenomena** James Kelman, 2020-07-05 Jack Proctor, a celebrated older writer and

curmudgeon, goes off to residency where he is to be an honored part of teaching and giving public readings, he soon finds the atmosphere of the literary world has changed since his last foray into the public sphere. Unknown to most, unable to work on his own writing, surrounded by a host of odd characters, would-be writers, antagonists, handlers, and members of the elite House of Art and Aesthetics, Proctor finds himself driven to distraction (literally in a very very tiny car). This is a story of a man attempting not to go mad when forced to stop his own writing in order to coach others to write. Proctor's tour of rural places, pubs, theaters, fancy parties, where he is to be headlining as a Banker-Prize-Winning-Author reads like a literary version of Spinal Tap. Uproariously funny, brilliantly philosophical, gorgeously written this is James Kelman at his best.

All chapters in the book are written by expert contributors of the field that provides a systematic approach of understanding various challenges, opportunities, and ethical considerations of scientific publishing ecosystem.
