No Place Like Home Peter Mares, 2018-09-17 More than a million lower-income households in Australia pay above the affordability benchmark for their housing costs. More than 100,000 people are homeless. Seventy per cent of us are concerned we'll never own property. Yet owning a home is still seen by most Australians as an essential part of our way of life. It is generally accepted that Australia is in the grip of a housing crisis. But we are divided—along class, generational and political lines—about what to do about it. Award-winning journalist Peter Mares draws on academic research, statistical data and personal interviews to create a clear picture of Australia's housing problems and to offer practical solutions. Expertly informed and eminently readable, *No Place Like Home* cuts through the noise and asks the common-sense questions about why we do housing the way we do, and what the alternatives might be. Peter Mares is an independent writer and researcher. He is a contributing editor with the online magazine *Inside Story*, a senior moderator with the Cranlana Programme and an adjunct fellow in the Centre for Urban Transitions at Swinburne University. Peter was a broadcaster with the ABC for twenty-five years, serving as a foreign correspondent based in Hanoi and presenting national radio programs. His 2016 book, *Not Quite Australian: How Temporary Migration Is Changing the Nation*, was shortlisted in the NSW Premier's Literary Awards. 'No Place Like Home doesn't just crunch numbers convincingly. It shows us, through the compelling stories of people affected by the housing crisis, how the whole fabric of our society is threatened if we cannot fairly address this fundamental human need for shelter.' Age 'Measured and compassionate...Mares writes simply and clearly about complex issues and policies, and avoids the sensationalism and bombast with which they are frequently handled in the media.' Australian 'Peter Mares gives a lucid overview of Australia's housing crisis...This book offers a timely discussion of an increasingly urgent and complex problem. Accessible and sympathetic, *No Place Like Home* should kick off some serious policy debates and will appeal to the general reader.' Books + Publishing 'One of the most important books published in Australia in 2016. An impressive account of one of the biggest scandals in contemporary Australia; how we've sleepwalked into a policy environment that encourages the systemic exploitation of an underclass of millions of temporary migrants in our country.' Tim Watts on *Not Quite Australian* 'Mares is indefatigable in his data gathering and scrupulously even-handed in weighing the evidence. He strikes an exquisite balance between the personal and scholarly, the humane and tough-mindedness. *Not Quite Australian* is big-picture storytelling with a pulse, always keeping ideals, blunt realities and people—the exposed who

want a place and the lucky ones entrenched here—in the frame.’ Australian on Not Quite Australian ‘Compellingly readable...[Mares’] research is comprehensive, intellectually deft, ethically and philosophically grounded – but digestible, and personally attested...This is on-the-ground, people-focused journalism of the highest kind.’ Sydney Morning Herald on Not Quite Australian ‘This detailed, careful and topical book is illuminated by the personal stories of individuals and families caught up in a complex and bureaucratic system, and it leaves a lasting impression of an Australia that is becoming a two-tiered country...Powerful and persuasive.’ Overland on Not Quite Australian

There's No Place Like Home Jamie Thompkins,2010-08 Some place where there isn't any trouble. Do you suppose there is such a place, Toto? There must be. It's not a place you can get to by a boat or a train. It's far, far away. Behind the moon, beyond the rain. -The Wizard of Oz (1939) A long time ago, a famous young woman set out to find the Emerald City and an entire generation grew up dreaming of the Yellow Brick Road, and the Wicked Witch of the West. As it turns out, the Emerald City is really not so far away. In her inspirational book *No Place Like Home*, Jamie W. Thompkins explores how every individual must follow their own Yellow Brick Road and understand the true meaning of a relationship with God, and find his own way to the true Emerald City. Through the dark forests of life, and despite the witches we may encounter, there is a brilliant path that God has laid out for each of us, which we must inevitably follow to find our way to our heavenly home. Join Jamie Thompkins on this incredible journey over the rainbow, and find your way through a winding world.

Noplace Like Home Amy C. Singleton,1997-07-31 Explores the way that four major works of Russian literature--Gogol's *Dead Souls*, Goncharov's *Oblomov*, Zamyatin's *We*, and Bulgakov's *The Master and Margarita*--define a cultural self for the Russian people. Focusing on the deep cultural currents that pull Russian society in contradictory ways, *Noplace Like Home* also explores the writer's struggle to overcome these tensions through the creation of a literary utopia.

No Place Like Home Harley Christensen,2022-01-11 Look around your street. At your neighbors. You may occasionally wave to one another, but do you truly know them? Perhaps you don't want to. Because what goes on behind their closed doors is not any of your business. Until it is. ~~~ Arianna Jackson's best friend, Leah, is missing. Her car is abandoned at the airport. Her key possessions are still present. Blood is dripping from the trunk. A lot of it. Her last known sighting was at a club she would never frequent — one where people are lured to after-parties at vacation rental properties in seemingly quiet, normal neighborhoods. That is, until girls begin to go missing when the party is over. And others turn up dead. In order to track Leah's path, AJ must elicit assistance from several unlikely sources who are at odds with one another, many of whom are known to have ulterior motives. Along the way, she must not only rely on these sources, she must decipher the truth from the lies in an underground world where silence is a non-negotiable. And the cost of admission may just be her life. While based on fiction, *No Place Like Home* addresses questions we are currently facing: Are you aware of what is going on in your own neighborhood? What are you willing to risk to keep your loved ones safe? Join AJ in this suspense-filled, edge-of-your-

seat thriller as she races to find her best friend and bring her home. Alive.

The New Yale Book of Quotations Fred R. Shapiro,2021-08-31 A revised, enlarged, and updated edition of this authoritative and entertaining reference book —named the #2 essential home library reference book by the Wall Street Journal “Shapiro does original research, earning [this] volume a place on the quotation shelf next to Bartlett's and Oxford's.”—William Safire, New York Times Magazine (on the original edition) “A quotations book with footnotes that are as fascinating to read as the quotes themselves.”—Arthur Spiegelman, Washington Post Book World (on the original edition) Updated to include more than a thousand new quotations, this reader-friendly volume contains over twelve thousand famous quotations, arranged alphabetically by author and sourced from literature, history, popular culture, sports, digital culture, science, politics, law, the social sciences, and all other aspects of human activity. Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace. The volume also reflects path-breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution. It has also incorporated noncontemporary quotations that have become relevant to the present day. In addition, The New Yale Book of Quotations reveals the striking fact that women originated many familiar quotations, yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead. This book’s quotations, annotations, extensive cross-references, and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages.

God Doesn't Live Here Anymore Michael Wood Daly,2023-01-16 The church in Canada is in trouble. Media reports suggest that nine thousand churches are likely to close over the next ten years. The United Church of Canada reports closing a congregation a week. The Anglican Church of Canada anticipates closing its last congregation by 2040, and the Roman

Catholic Church, Canada's largest religious denomination, reports having closed one-fifth of the tradition's 2,500 congregations. *God Doesn't Live Here Anymore* traces the story of the church in Canada from its far off historical roots in biblical times, rise to dominance in medieval Europe, role in the colonization of Canada, strained relations with Canada's First Nations, twentieth-century prominence, and the church's dramatic decline and loss of influence entering the twenty-first century. Wood Daly pulls no punches in calling the church to accept responsibility for its own decline, while maintaining hope that resurrection is still possible. The church, as Canadians may know it, might disappear, but for Christians death has never been the end of the story.

No Place Like Home P. L. Garside, R. W. Grimshaw, F. J. Ward, Great Britain. Department of the Environment, 1990 Examines the current state of hostel accommodation in five areas of England and looks at the characteristics of 25 case-study hostels. It points out that housing for single people often develops in an ad hoc way, and makes recommendations for improving the system of hostel provision.

The Road to Wicked Kent Drummond, Susan Aronstein, Terri L. Rittenburg, 2018-07-24 *The Road to Wicked* examines the long life of the Oz myth. It is both a study in cultural sustainability—the capacity of artists, narratives, art forms, and genres to remain viable over time—and an examination of the marketing machinery and consumption patterns that make such sustainability possible. Drawing on the fields of macromarketing, consumer behavior, literary and cultural studies, and theories of adaption and remediation, the authors examine key adaptations and extensions of Baum's 1900 novel. These include the original Oz craze, the MGM film and its television afterlife, *Wicked* and its extensions, and *Oz the Great and Powerful*—Disney's recent (and highly lucrative) venture that builds on the considerable success of *Wicked*. At the end of the book, the authors offer a foundational framework for a new theory of cultural sustainability and propose a set of explanatory conditions under which any artistic experience might achieve it.

Mixed-Up Love Jon M. Sweeney, Michal Woll, 2013-10-15 Dating, commitment, kids, and family--it's all hard work, and when you come from different religious backgrounds it's even harder. Jon, a Catholic writer, and Michal, a Reconstructionist rabbi, live out the challenges of an interfaith relationship everyday as husband and wife, and as parents to their daughter Sima, who is being raised Jewish. In *MIXED-UP LOVE*, the couple explores how interfaith relationships impact dating, weddings, holidays, raising children, and family functions--and how to not just cope, but thrive. This is an engaging and practical resource for singles who are considering dating outside their own faith, couples in interfaith relationships, relatives and friends of mixed couples who seek information and understanding, and parents desiring a fresh perspective. With clarity, insight, and humor, Sweeney and Woll demonstrate how to engage with your partner, family, and faith like never before.

Well Met Rachel Lee Rubin, 2014-02-22 The Renaissance Faire—a 50 year-long party, communal ritual, political challenge and cultural wellspring—receives its first sustained historical attention with *Well Met*. Beginning with the chaotic communal moment of its founding and early development in the 1960s through its incorporation as a major “family friendly” leisure site in the 2000s, *Well Met* tells the story of the thinkers, artists, clowns, mimes, and others performers who make the Faire. *Well Met* approaches the Faire from the perspective of labor, education, aesthetics, business, the opposition it faced, and the key figures involved. Drawing upon vibrant interview material and deep archival research, Rachel Lee Rubin reveals the way the faires established themselves as a pioneering and highly visible counter cultural referendum on how we live now—our family and sexual arrangements, our relationship to consumer goods, and our corporate entertainments. In order to understand the meaning of the faire to its devoted participants, both workers and visitors, Rubin has compiled a dazzling array of testimony, from extensive conversations with Faire founder Phyllis Patterson to interviews regarding the contemporary scene with performers, crafters, booth workers and “playtrons.” *Well Met* pays equal attention what came out of the faire—the transforming gifts bestowed by the faire’s innovations and experiments upon the broader American culture: the underground press of the 1960s and 1970s, experimentation with “ethnic” musical instruments and styles in popular music, the craft revival, and various forms of immersive theater are all connected back to their roots in the faire. Original, intrepid, and richly illustrated, *Well Met* puts the Renaissance Faire back at the historical center of the American counterculture.

Bringing It Home Tilda Shalof, 2014-04-29 ICU nurse and bestselling author Tilda Shalof learns what nursing beyond the hospital really means. For the 350,000 professional nurses in Canada and 3 million in the US; readers of Atul Gawande's award-winning books and *The American Nurse* by Carole Jones. In her latest book, ICU nurse Tilda Shalof leaves the hospital behind to accompany the nurses who work in homes, from mansions to shacks to the streets, all across the country. Working with the Victorian Order of Nurses, a Canadian not-for-profit organization that provides home and community care, Tilda meets a wide variety of nursing professionals who offer untraditional care, sometimes in unlikely settings. This book not only describes a personal journey, but it also brings to light new health care issues. North America is on the cusp of change as the needs of our aging population put pressure on our health care system; more people need care in their homes and community supports to stay well. Yet this book is not just about caring for our elderly; Tilda also discovers how nurses care for people with a home, living on the street, for teen parents, returning soldiers with PTSD, those with physical disabilities, sex trade workers, and complex pediatrics. Shalof tells her story with her usual engaging, conversational style, and with this book, she continues to enlighten, surprise, and entertain readers. A portion of the proceeds from this book benefit The Victorian Order of Nurses.

Dying of Whiteness Jonathan M. Metzl, 2019-03-05 A physician's provocative (Boston Globe) and timely (Ibram X. Kendi, New York Times Book Review) account of how right-wing backlash policies have deadly consequences -- even for the white voters they promise to help. In election after election, conservative white Americans have embraced politicians who pledge to make their lives great again. But as physician Jonathan M. Metzl shows in *Dying of Whiteness*, the policies that result actually place white Americans at ever-greater risk of sickness and death. Interviewing a range of everyday Americans, Metzl examines how racial resentment has fueled progun laws in Missouri, resistance to the Affordable Care Act in Tennessee, and cuts to schools and social services in Kansas. He shows these policies' costs: increasing deaths by gun suicide, falling life expectancies, and rising dropout rates. Now updated with a new afterword, *Dying of Whiteness* demonstrates how much white America would benefit by emphasizing cooperation rather than chasing false promises of supremacy. Winner of the Robert F. Kennedy Book Award
