Encyclopedia of Domestic Violence and Abuse Laura L. Finley, 2013-07-16 This comprehensive, two-volume work examines domestic abuse in the United States and worldwide, providing research, personal stories, and primary documents that reveal the extent of the problem. An estimated 1,300 to 1,800 Americans are murdered by intimate partners each year. Far from being a problem that only impacts women, domestic violence hurts society as a whole both socially as well as financially, with an estimated direct and indirect cost of nearly \$6 billion annually in the United States. This book provides a timely and thorough reference for educators, students, scholars and activists seeking to better understand the global issue of domestic abuse. The entries document the history of the domestic violence prevention movement, provide explanations for abuse, identify warning signs of hidden abuse, describe types of victims and offenders, and supply information on interventions and prevention programs. Written by an array of experts in the field, the book also integrates the personal stories of survivors and addresses abuse as a global issue by covering topics such as acid attacks and female genital mutilation.

Domestic Violence and Abuse Laura L. Finley, 2020-01-07 This one-stop resource for students, activists, educators, and advocates provides a thorough and accessible overview of the many dimensions of domestic violence and abuse, including risk factors, consequences, and resources. Appropriate for readers at the high school level and above, the volume focuses on the scope, extent, and characteristics of domestic violence by studying the issue from a variety of perspectives and vantage points, including the voices of domestic violence survivors and the activists and advocates working on their behalf to end one of the world's worst human rights problems. The volume also includes illuminating chapters devoted to contextual historical overview, examinations of key issues and trends in the struggle to end domestic violence, a chronology of key events, relevant data and primary documents, a glossary of terms, and recommended online and print resources for further study and analysis.

Crimes of the Centuries Steven Chermak Ph.D., Frankie Y. Bailey, 2016-01-25 This multivolume resource is the most extensive reference of its kind, offering a comprehensive summary of the misdeeds, perpetrators, and victims involved in the most memorable crime events in American history. This unique reference features the most famous crimes and trials in the United States since colonial times. Three comprehensive volumes focus on the most notorious and historically significant

crimes that have influenced America's justice system, including the life and wrongdoing of Lizzie Borden, the bombing of the Sixteenth Street Baptist Church, the killing spree and execution of Ted Bundy, and the Columbine High School shootings. Organized by case, the work includes a chronology of major unlawful deeds, fascinating primary source documents, dozens of sidebars with case trivia and little-known facts, and an overview of crimes that have shaped criminal justice in the United States over several centuries. Each of the 500 entries provides information about the crime, the perpetrators, and those affected by the misconduct, along with a short bibliography to extend learning opportunities. The set addresses a breadth of famous trials across American history, including the Salem witch trials, the conviction of Sacco and Vanzetti, and the prosecution of O. J. Simpson.

Coercive Control Evan Stark, 2009 Drawing on cases, Stark identifies the problems with our current approach to domestic violence, outlines the components of coercive control, and then uses this alternate framework to analyse the cases of battered women charged with criminal offenses directed at their abusers.

When She Was Bad Patricia Pearson, 2021-01-05 Winner of the Arthur Ellis Award for Best Non-Fiction Crime Book From award-winning author and journalist Patricia Pearson, *When She Was Bad* questions our understanding of violent women. Why do some women murder their children? Why do others team up with men in ghoulish killing sprees? What motivates the female serial killer? *When She Was Bad* explores the enigmatic heart of female darkness, drawing into focus such fascinating characters as Dorothea Puente, who murdered several elderly tenants in her boarding house in Sacramento; Mary Beth Tinning, who killed eight of her children in upstate New York; Karla Homolka, who joined forces with Paul Bernardo to abduct, rape and murder school girls in southern Ontario; and Karla Faye Tucker, the born-again Christian who was executed in Texas for having killed two people with a pickax. In this provocative book, Patricia Pearson explores women's innate capacity for aggression, an idea we remain deeply uncomfortable with.

Women in Popular Culture Laura L. Finley, 2023-03-24 Including more than 300 alphabetically listed entries, this 2-volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day. The lives and accomplishments of women from various aspects of popular culture are examined, including women from film, television, music, fashion, and literature. In addition to profiles, the encyclopedia also includes chapters that provide a historical review of gender, domesticity, marriage, work, and inclusivity in popular culture as well as a chronology of key achievements. This reference work is an ideal introduction to the roles women have played, both in the spotlight and behind it, throughout the history of popular culture in America. From the stars of Hollywood's Golden Age to the chart toppers of the 2020s, author Laura L. Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time. The entries and essays also address such timely topics as feminism, the #MeToo movement, and the gender pay gap.

Haunted Lansing Jenn Carpenter, 2015-06-01 A tour guide for Demented Mitten Tours shares chilling supernatural tales from the history of Michigan's capital. Hastily dubbed the new capital in 1847, Lansing overcame derision and setbacks to become a booming metropolis. Yet its rich history hides chilling legends... Bertie Clippinger plays tricks on the unwary at the Capitol Building, where the teen accidentally fell to his death when a game went horribly wrong. One of Lansing's founding families keeps a spectral vigil over its homestead, the Turner Dodge House. Malevolent spirits stalk the derelict Michigan School for the Blind. A witch's vengeful curse follows those who trespass on Seven Gables Road, one of the state's most haunted stretches. Founder of Demented Mitten Tours and local author Jenn Carpenter leads readers to the dark side of the Capital City.

Abuse Rosemarie Skaine, 2015-04-21 This timely volume shows how abuse impacts every segment of society—and how society is seeking effective ways to respond. Abuse, a key theme of health education curricula, is also a major issue faced by many segments of society. Intended for high school students as well as undergraduates and the general reader, this comprehensive encyclopedia explores abuse in all its forms—physical, sexual, emotional, and verbal—among a variety of age and demographic groups from children to the elderly to the disabled. It sheds light on causes and symptoms of abuse, examines lasting impacts, and suggests avenues for prevention and treatment. Specific topics of concern to a secondary school audience include bullying and cyberbullying; abuse of those in same-sex relationships; and sexual abuse through rape, date rape, incest, and sexting. Elder abuse, which has become of greater concern as our society ages, is covered, as are domestic abuse, child abuse, and abduction. Through up-to-date entries by expert contributors, readers will learn about the causes and results of specific types of abuse, as well as their legal and sociological dimensions. The title will also serve as a gateway to further study—and as a resource for readers seeking help.

Authored by renowned experts, the Fifth Edition places recent crimes in context by reviewing current homicide laws, introducing the latest theories that seek to explain murder, and presenting up-to-date statistical data that identify homicide patterns and trends. You will develop a foundational

understanding of a variety of topics, for example, domestic and workplace homicide, cult and hate killings, murders committed by juveniles, and serial slayings. You will also examine various criminal justice responses to homicide, including the strategies and tactics employed to apprehend, prosecute, and punish killers. New to the Fifth Edition Up-to-date research and data offers you the latest statistics on homicide patterns and trends in recent years. New illustrative cases cover various forms of homicide, focusing on crimes that drew significant interest from the public and policymakers alike and provide you with unique insights into violent behavior. Updated coverage of recent controversies, legislative changes, and Supreme Court decisions includes heightened concern over mass shootings, hate-motivated homicide and terrorism; new laws, shifting policies, and Supreme Court rulings pertaining to gun rights, juvenile offenders and the death penalty; and advances in surveillance technology, computer-aided investigation, and DNA forensic testing. Early introduction of theories helps you to understand the definition of homicide/homicide laws before developing a theoretical framework to explain violence.

Gendered Justice Venessa Garcia, Patrick McManimon, 2012-07-10 *Gendered Justice* takes a unique, multi-layered look at the various elements that factor into our understanding of domestic violence and how the criminal justice system handles situations of domestic violence. The book focuses primarily on the role of gender, but also considers socio-economic status, race, age, education, and the relationship between the victim and criminal. Illustrated with case studies throughout, the book introduces major themes, such as the social construction of gender and victimology, as well as topics such as the portrayal of intimate partner violence in the media and how it shapes our understanding of violence.

Intimate Violence and Abuse in Families Richard J. Gelles, 2017 This Fourth Edition of *Intimate Violence and Abuse* in

Families updates a best-selling core text in the field of intimate violence and child maltreatment. New features include: a Global Perspectives call-out box for each of the chapters that explore an aspect of research, policy, and practice globally or in another nation; and a separate chapter that examines forms of intimate partner violence other than male-to-female. Bidirectional intimate partner violence and female-to-male violence remain contentious topics in the field of intimate partner violence and rarely receive extensive coverage in books or texts; Chapter 7 includes a new examination of brain and behavior research and theory as it can be applied to intimate partner violence. Further, Chapter 8 adds a much-expanded examination of the most important federal policies pertaining to child welfare and child maltreatment. The inclusion of all forms of relationship and intimate violence continues to be a distinctive feature of the book, which is a must-have for both undergraduate and graduate students studying social work, family studies, criminology, nursing, sociology, and/or psychology.

The Canadian Family in Crisis John F. Conway, 2003-08 In this book, sociology professor John F. Conway looks at families past, present and future and examines the changing nature of family. Figures from the first decade of the new millennium tell us that one marriage in two may well end in divorce. Conway considers the implications of divorce, the impact of social changes on men, women and children, and suggests how these issues might be better addressed through family policy. The new edition addresses the harsh new reality facing Canadian families, especially those most vulnerable as a result of the crisis of the family. The Canadian Family in Crisis is the first book to examine the drastic changes in the Canadian family over the last thirty years.

Justifiable Homicide Dan Brown, 2021-09-07 This book, *Justifiable Homicide*, exams twenty actual criminal cases where a woman has been charged with the crime of murder as the result of a homicide where the victim is a man. The Insanity Defense Mark D. White, 2017-01-23 How often is the defense of insanity or temporary insanity for accused criminals valid—or is it ever legitimate? This unique work presents multidisciplinary viewpoints that explain, support, and critique the insanity defense as it stands. What is the role of the insanity defense as a legal excuse? How does U.S. law handle criminal trials where the defendant pleads insanity, and how does our legal system's treatment differ from those of other countries or cultures? How are insanity defenses used, and how successful are these defenses for the accused? What are the costs of incarceration versus psychiatric treatment and confinement? This book presents a range of expert viewpoints on the insanity defense, exposing common myths; investigating its effectiveness and place in our legal system through

history, case studies, and comparative analysis; and supplying perspectives from the disciplines of psychology, psychiatry, sociology, and neuroscience. The content also addresses the ramifications of declaring citizens insane or incapacitated and examines trials that involved pleas of insanity and temporary insanity.

Domestic Violence in Hollywood Film Diane L. Shoos, 2017-12-19 This is the first book to critically examine Hollywood films that focus on male partner violence against women. These films include *Gaslight*, *Sleeping with the Enemy*, *What's Love Got to Do with It*, *Dolores Claiborne*, *Enough*, and *Safe Haven*. Shaped by the contexts of postfeminism, domestic abuse post-awareness, and familiar genre conventions, these films engage in ideological "gaslighting" that reaffirms our preconceived ideas about men as abusers, women as victims, and the racial and class politics of domestic violence. While the films purport to condemn abuse and empower abused women, this study proposes that they tacitly reinforce the very attitudes that we believe we no longer tolerate. Shoos argues that films like these limit not only popular understanding but also social and institutional interventions.
