Memories from that first Christmas with Bernard in Paris are some of her favorite -- times before marriage, before children, and even before The Copperfield House, when the love she had for Bernard was the only thing she really understood. But all that was so long ago. Now, as the world comes to terms with the fact that Bernard Copperfield spent twenty-five years in prison for crimes that he did not commit, Greta stirs with confusion about her own past and future, yet still welcomes back the entirety of The Copperfield Family for a holiday season none of them will ever forget. Can she and Bernard find a way to love one another again, even after so much time apart? And can her children truly find a way to heal after so many years of trauma? --Amazon.

Nantucket Jubilee Katie Winters, 2022 It's time for the Nantucket Jubilee-- an iconic celebration that calls back the most secretive of the Copperfield children, Ella. Twenty-five years ago, Quentin, Julia, and Alana fled The Copperfield House, leaving Greta and Ella alone-- feeling completely abandoned. But it wasn't the first time. Abandonment, as it turns out, has been the theme of Ella's life. And she doesn't even know it, yet. After graduation from Nantucket High, Ella ran off to New York City and joined an indie rock band. There, she met the heartbreakingly handsome guitarist, Will Ashton. It didn't surprise her that she fell head-over-heels for Will, but what did surprise her was all the rest: that their love and their rock band flourished. That soon, they were named one of the top indie bands to watch out for. And later, that she and Will had two perfect children, Laura and Danny. It's been over twenty-five years since her father was sent to prison. Recently, her sisters, Julia, and Alana have returned to The Copperfield House to mend the pieces of their broken family. On top of it all, Julia and Alana are now almost certain that Bernard isn't to blame for the crimes he served time for. What does Ella think about that? She doesn't have time to think about it. Her band is on the verge of breaking up; her children are teenagers; and she's holding down two jobs to make ends meet. On top of it all, her and Will's on-again, off-again relationship is almost certainly off for good. She's heartbroken. She needs help. She needs the kind of love that The Copperfield House provides. But through the mess of self-discovery at The Copperfield House-- Ella is about to learn of long-held family truths that both destroy her and make her understand herself for the very first time. It is time to live again. And maybe, just maybe, it's time to return to The Copperfield House for good.

Twenty-five years ago, their lives changed forever. And they never saw one another again. Not until now. In the spring of 1997, Julia watched as a judge sentenced her father, the renowned novelist, Bernard Copperfield, to twenty-five years in prison for conning, swindling, and stealing millions of dollars from his dearest Nantucket friends and fellow artists. With her family in ruins around her, seventeen-year-old Julia packed up her bags and ran away, pledging never to return to Nantucket ever again. Now forty-three, Julia Copperfield finds herself in the midst of another crisis. The publishing company she built from the ground up is on the brink of collapse; her husband, Jackson, makes an announcement that shocks her to the core; and her adult children have left her an empty-nester. During those long nights alone, she finds herself daydreaming about long-lost hours at the The Copperfield House, back on Nantucket. To add insult to injury, Bernard Copperfield has just been released from prison- and he's headed back to The Copperfield House. It's been twenty-five years since Julia has seen any of her three siblings or parents in the flesh. But it's time to face the horrific mess she left behind- to return to Nantucket and demand answers for why her father committed his crimes and destroyed the family she'd once adored. But upon her return to the gorgeous island of Nantucket, Julia finds something she never imagined she would- a love she'd nearly completely forgotten about, and a creativity that she'd thought remained deep in the past. Unspoken Tides Katie Winters,2024 Hollywood royalty. Betrayal. Beginning again. It's the origin story of The Salt Sisters, and it's a doozy. Hilary Salt's mother was an iconic Oscar-winning actress. Now, Hilary Salt is fifty-five and happy, mostly. She's the unofficial 'leader' of The Salt Sisters, hosting dinners on her immaculate veranda overlooking the Sound, listening to their every problem, giving advice. She hardly notices when she stops sharing her own feelings and problems. But all at once, she feels unappreciated and used. It's just as it was with her mother. Unbalanced. She feels taken advantage of by the people she loves the most. Out of the blue, Hilary's ex-husband contacts her. Twenty-seven years ago, Alana Copperfield was the beauty queen of Nantucket High and girlfriend of Jeremy Farley, the handsome and successful football quarterback. Back then, Jeremy's football scholarship to Notre Dame pushed him to break things off with the aimless Alana. Their breakup created a chain of events that ultimately led to a terrible car accident, one that left Jeremy unable to walk for nearly two years. Needless to say, his dreams were dashed forever. Meanwhile, a handsome and mysterious artist at The Copperfield House painted a portrait of Alana that shot both him and Alana into stardom. He became a world-renowned painter, while Alana became a famous model and part-time actress in her own right. Their love and success seemed boundless. Everything was perfect -- for a little while. Until now. As Alana's career peters out, her husband Asher's grows exponentially -- leaving Alana to question her talents and whether her husband ever appreciated anything more than her beautiful face. When he decides to sell the portrait of her that made him famous in the first place, Alana is not only hurt -- she's angry. Learning about his lost list of infidelities doesn't help anything, either. Alana returns to The Copperfield House to ask herself serious questions about how she wants the rest of her life to play out. Does she really want to follow Asher around the world? Or does she want to build something of her own? At forty-five years old, perhaps things are only just beginning for Alana... On top of it all, Julia and Ella are hot on the case of discovering the truth behind their father, Bernard's crimes and whether they can clear his name of any wrongdoing. He spent twenty-five years in prison -- and they're starting to believe it was all for nothing. It will be one heart wrenching and tumultuous summer on Nantucket Island, but the Copperfield sisters will welcome it with open arms.
