**Siddappa N.Byrareddy**

*The Wolf and the Wildflower* Ella Fields, 2022-12-05 A steamy fantasy romance about the healing yet deadly power of fate and forbidden love. When I was young, I was told that my true love would be a faerie king. I didn't heed the warning. I tumbled into love as soon as our eyes first met, unaware that he wasn't what he seemed. My king wanted marriage, power, devotion, and a family. He had all but one, and as our kingdom stood upon the precipice of ruin, the weight of failure tore us apart. Though it was not the war but his betrayal that sent me running to a foreign land. And straight into the arms of a one-eyed warrior. The wolf was a weapon of heartless destruction, a rogue without a real name, and nothing I was allowed to want. A week spent within his city and the walls of his threadbare home was all it took to irrevocably change everything. And nothing at all. For there was no escaping the life I'd once thought I'd cherish forever. My kingdom was dying and my king would soon start searching for his missing queen. Attempting to keep all I'd found in the heartache he'd caused would only create more. So I fled from the wolf who hadn't learned my true identity, and I returned to my kingdom with a silent vow to heal my torn heart. I would try to forgive my faithless husband and accept my bloodstained future. But those meddling fates had other plans. The warrior I'd left without warning was born a hunter and conditioned to be a monster. An alpha in his own right, he would accept nothing less than what he hungered for. Even if the battle of his life delivered our hearts to their doom and our kingdoms to their knees. \_ This explosive romantic fantasy is a standalone from the world of *The Savage and the Swan*. It contains mature content and a happily ever after.

*The Wolf and the Wildflower* Stacy Reid, 2023-02-27 USA Today bestselling author Stacy Reid's addictive tale of two lost people who are found...by each other London is buzzing with the news that James Winters, the Duke of Wulverton—thought lost at sea a decade ago—survived in the harsh wilderness of the Yukon. Now he's been returned to his family, his responsibilities, and a nightmarish world of artifice and noise. He has three weeks to become a refined, elegant duke for the Queen...or doom the entire family to ruin and scandal. Promising psychologist Jules Southby knows a lot about disguises. She's secretly been living as a boy since birth, enjoying the freedoms of men and knowing little about how to behave like a woman. When she meets the alluring duke, she's unprepared for his raw, masculine beauty and icy intelligence...or that he can see through her darkest secret. Jules has very little time to transform the duke into a true semblance of an English gentleman. Yet his very presence seems to unravel her in every way. Their attraction is stark and achingly real—and

forbidden. But loving the lost duke would mean losing every sacrifice she's made to earn her freedom...

**The Duke's Wicked Wife** Elizabeth Bright,2020-03-16 Sebastian Sinclair, the Duke of Wessex, is not in love with Eliza Benton—nor anyone else, for that matter. But he must marry and produce an heir, and love is not required for either. His future duchess must be of high birth and good nature, a lady unlikely to snipe at him over breakfast. In short, the complete opposite of Eliza. So who better to help him find a bride? Eliza Benton is not in love with the Duke of Wessex. He's infuriating, arrogant, and an ass of the first order. Not that she has any intention of marrying anyone now that her secret dream is on the cusp of becoming reality. A husband would ruin all her careful plans. But she's all for finding her nemesis the perfect bride, anything to get him from underfoot so she can focus on her writing. Thank goodness Sebastian and Eliza aren't in love. That would be disastrous.

**Bones & Honey** Danielle Dulsky,2023-11-07 WILD MEDICINE FOR APOCALYPTIC TIMES This Witch's devotional is a collection of nature-inspired prayers, mythic incantations, stories, and pagan poetry that can be enjoyed slowly or all at once. It will resonate with anyone looking to soothe the wounds of modernity with eco-devotional language, spellwork, and daily spiritual nourishment. Danielle Dulsky speaks to the expanding movement of those returning to slow, simple living and cultivating an Earth-inspired, sustainable existence. Organized around thirteen archetypes and their themes, ranging from the Mountain Mage (solitude) and Bone-Witch (grievors) to the Heathen Queen (empowerment) and Shepherd (nurturing), *Bones & Honey* will carry you to the "third road," the unforeseen way that arises from the tension of opposites.

**The Highlander's Unexpected Proposal** Heather McCollum,2020-10-19 A lass begging to marry him might top the list of "oddest things to happen," but Chief Adam Macquarie is desperate. And no matter how much he hates to do it, he's not above lying to get what he wants. Starting with the fact that he just omitted the truth about the situation back at his home—where there are no women and only a handful of other people. Because he has a secret need for a wife himself, one she won't be too happy about when she finds out. Lark Montgomerie is thrilled the brawny chief agrees to save her from her drunken father's machinations of wedding her off to the first fool that agrees. He's easy on the eyes and no one can be worse than her current options. Now a new life awaits her, on an exciting Scottish isle no less, and nothing will dampen her spirits. That is, until she arrives in her new homeland and realizes more than a few things are amiss... Each book in the Brothers of Wolf Isle series is STANDALONE: \* The Highlander's Unexpected Proposal \* The Highlander's Pirate Lass \* The Highlander's Tudor Lass \* The Highlander's Secret Avenger \* The Highlander's Untamed Tempest

**Rooted** Lyanda Lynn Haupt,2021-05-04 NATIONAL BESTSELLER Deepen your connection to the natural world with this inspiring meditation, a path to the place where science and spirit meet (Robin Wall Kimmerer). In *Rooted*, cutting-edge science supports a truth that poets, artists, mystics, and earth-based cultures across the world have proclaimed over millennia: life on this planet is radically interconnected. Our bodies, thoughts, minds, and spirits are affected by the whole of

nature, and they affect this whole in return. In this time of crisis, how can we best live upon our imperiled, beloved earth? Award-winning writer Lyanda Lynn Haupt's highly personal new book is a brilliant invitation to live with the earth in both simple and profound ways—from walking barefoot in the woods and reimagining our relationship with animals and trees, to examining the very language we use to describe and think about nature. She invokes rootedness as a way of being in concert with the wilderness—and wildness—that sustains humans and all of life. In the tradition of Rachel Carson, Elizabeth Kolbert, and Mary Oliver, Haupt writes with urgency and grace, reminding us that at the crossroads of science, nature, and spirit we find true hope. Each chapter provides tools for bringing our unique gifts to the fore and transforming our sense of belonging within the magic and wonder of the natural world.
