

# Greens Dictionary Of Slang

**Jonathon Green**

**Green's Dictionary of Slang (multi-volume set)** Jonathon Green, 2017-07-01 The three volumes of Green's Dictionary of Slang demonstrate the sheer scope of a lifetime of research by Jonathon Green, the leading slang lexicographer of our time. A remarkable collection of this often reviled but endlessly fascinating area of the English language, it covers slang from the past five centuries right up to the present day, from all the different English-speaking countries and regions. Totalling 10.3 million words and over 53,000 entries, the collection provides the definitions of 100,000 words and over 413,000 citations. Every word and phrase is authenticated by genuine and fully-referenced citations of its use, giving the work a level of authority and scholarship unmatched by any other publication in this field. Winner of the Dartmouth Medal RUSA/ALA Outstanding Reference Source 2011 Booklist Editors' Choice Library Journal Best Reference 2011

*Green's Dictionary of Slang*, 2017

**Green's Dictionary of Slang: P-Z** Jonathon Green, 2010-01-01 A collection of this often reviled but endlessly fascinating area of the English language, these volumes cover slang from the past five centuries right up to the present day, from all the different English-speaking countries and regions.

**Green's Dictionary of Slang: F-O** Jonathon Green, 2010-01-01 A collection of this often reviled but endlessly fascinating area of the English language, these volumes cover slang from the past five centuries right up to the present day, from all the different English-speaking countries and regions.

*Green's Dictionary of Slang: A-E* Jonathon Green, 2010-01-01 A collection of this often reviled but endlessly fascinating area of the English language, these volumes cover slang from the past five centuries right up to the present day, from all the different English-speaking countries and regions.

**Cassell's Dictionary of Slang** Jonathon Green, 2005 With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. 'Brilliant.' said Mark Lawson on BBC2's The Late Review; 'This is a terrific piece of work - learned, entertaining, funny, stimulating' said Jonathan Meades in The Evening Standard. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of

the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results

The Vulgar Tongue Jonathon Green, 2014-09-03 Once the language of thieves and beggars, slang is an ever present part of today's culture for people across the strata. It allows us to connect to others, to express otherwise guarded thoughts, and to convey humor in the everyday. But how did slang escape its stigma as the language of the streets and integrate itself so seamlessly with standard English? The Vulgar Tongue tells the full story of English language slang, from its origins in early British beggar books to its spread in American and Australian culture in the eighteenth century. The aim is not to record the history of the over 125,000 English words that make up the lexis. Rather, the author focuses on the common, often profane themes that run through the word-list--crime, sex, bodily parts and functions, insults, and drink and drugs--and their scope and function throughout the various cultures and overlapping subcultures of English language history, from the sporting world to the university campus to ethnic communities. In tracing its development and trajectory throughout the English-speaking world, Jonathon Green offers an impassioned defence for its vitality, showing how slang has grown into a modern, versatile vocabulary that has nevertheless established its own role in contemporary English. Drawing on thirty years' worth of research, The Vulgar Tongue is a celebration of the words and phrases of an overlooked aspect of human language and interaction.

The Stories of Slang Jonathon Green, 2017-10-05 'If you're up for an adventure through the back alleys of English, The Stories of Slang will not disappoint.' Kory Stamper, Times Literary Supplement 'Few lexicographers are lucky enough to have both endlessly pleasurable work and the talent to write amusingly about [slang]. Jonathon Green is one . . . Lovers of language should be grateful to those who create slang, and to those few like Mr Green who make it their work to open this window into the psyche for the benefit of all.' - The Economist 'By turns bawdy, swearsy and irreverent, this book . . . is a fascinating look at how centuries of slang came to inform all aspects of social life, how it was used, and how much of it still lingers.' History Revealed Like the flesh-and-blood humans whose uncensored emotions it represents, slang's obsessions are sex, the body and its functions, and intoxication: drink and drugs. Slang does not do kind. It's about hatreds - both intimate and national - about the insults that follow on, the sneers and the put-downs. Caring, sharing and compassion? Not at this address. There are over 10,000 terms focusing on sex, but love? Not one. Jonathon Green, aka 'Mr Slang', has drawn on the 600,000-plus citations that make up his magisterial Green's Dictionary of Slang (published 2010, now online at [www.greensdictofslang.com](http://www.greensdictofslang.com)) to tell some of slang's most entertaining stories. Categories range from The Body to Pulp Diction, via multi-cultural London English and pun-tastic gems. Mostly gazing up from the gutter, slang, perhaps surprisingly, also embraces the stars. These stories may look at drunken sailors, dubious doctors, and a shelf of dangerously potent

cocktails, but slang does class acts as well. None more so than Shakespeare. Devotee of the double entendre, master of the pun, first to put nearly 300 slang terms in print. 'Shakespeare, uses, at my count, just over five hundred slang terms, of which 277 are currently the first recorded use of a given term. Among these are the beast with two backs, every mother's son, fat-headed, heifer (for woman), pickers and stealers (hands), small beer (insignificant matters), what the dickens, and many more.' <http://jonathongreen.co.uk>

**Slang: A Very Short Introduction** Jonathon Green, 2016-02-25 Slang, however one judges it, shows us at our most human. It is used widely and often, typically associated with the writers of noir fiction, teenagers, and rappers, but also found in the works of Shakespeare and Dickens. It has been recorded since at least 1500 AD, and today's vocabulary, taken from every major English-speaking country, runs to over 125,000 slang words and phrases. This Very Short Introduction takes readers on a wide-ranging tour of this fascinating sub-set of the English language. It considers the meaning and origins of the word 'slang' itself, the ideas that make a word 'slang', the long-running themes that run through slang, and the history of slang's many dictionaries. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

*Odd Job Man* JONATHON. GREEN, 2017-11-30 For thirty years Jonathon Green has been collecting slang - the indefinable language of the gutter, the brothel, the jail, the barroom - producing a succession of dictionaries, most recently the three-volume Green's Dictionary of Slang, that have been recognised as the most comprehensive and authoritative ever compiled. In this fascinating memoir Green reveals that he first began collecting slang in the 1970s, noticing that the contemporary authorities (notably Eric Partridge) preferred the past to the present, unaware of the huge array of new slang being coined by the counter-culture. He ponders why he still does this strange, lonely job, exploring the satisfaction that can be gained by tracking down the first use of a term just encountered in one of the cheap dime novels he devours for research. The lexis leans towards pimping and prostitution, crime and imprisonment, violence and cruelty, drunken and drugged debauches: what does this say about the man who spends every day truffling for it? A fascinating look at how one man has built a lexis of 125,000 words that includes 1,740 words for sexual intercourse, 1,351 for the penis, 540 for defecation/urination, 247 for fat, 219 for vomiting and 180 for anal sex, *Odd Job Man* will delight all those who love the words that the conventional dictionaries leave out.

**A Dictionary of Slang and Colloquial English** John Stephen Farmer, William Ernest Henley, 1905

Chambers Slang Dictionary Jonathon Green, 2009 A scholarly reference to slang expressions from all parts of the English-speaking world includes coverage of twenty-first-century terms and lists explanations of word origins.

*Language!, 500 Years of the Vulgar Tongue* Jonathon Green, 2014 In this work, Jonathon Green traces the development of slang and its trajectory through society, and offers an impassioned argument for its defence. Beginning, at least in recorded terms, in the gutter and the thieves' tavern, and displayed only in a few criminological pamphlets, slang has made its way up and out: across social classes and into every medium.

Crooked Talk Jonathon Green, 2011-06-02 The language of crime has a long and venerable history - in fact, the first collection of words specifically used by criminals, *Hye-Way to the Spittel House*, dates from as early as 1531. Jonathon Green is our national expert on slang, and in *Crooked Talk* he looks at five hundred years of crooks and conmen - from the hedge-creepers and counterfeit cranks of the sixteenth century to the blaggers and burners of the twenty-first - as well as the swag, the hideouts, the getaway vehicles and the 'tools of the trade'. Not to mention a substantial detour into the world of prisons that faced those unlucky enough to be caught by the boys in blue. If you have ever wondered when the police were first referred to as pigs, why prison guards became known as redraws, or what precisely the subtle art of dipology involves, then this book has all the answers.

**Slangosphere** Onesimus Malatji, *Slangosphere: Navigating Global Street Talk and Social Media Buzzwords* is an encyclopedic journey through the colourful and diverse vernaculars of our global village. This dictionary stands as a testament to the rich tapestry of linguistic innovation found in urban environments and digital spaces across continents. From the vibrant street markets of Johannesburg to the bustling urban centres of London, New York, and Lagos, this volume captures the essence of contemporary street talk and digital communication. The dictionary is structured to provide readers with an alphabetical and numerical exploration of slang terms and social media language. It includes popular expressions from South Africa like *lekker* and *braai*, West African favourites like *nyash*, American and British urban lexicons, and universally recognized social media acronyms like *LOL* and regional favourites such as *SBWL*. Each entry in *Slangosphere* not only provides definitions but also delves into the cultural origins and contextual usage of the terms. This approach offers insights into the social, cultural, and historical underpinnings of slang and social media language, highlighting how these expressions reflect societal trends, cultural identities, and generational shifts. In addition to being a linguistic guide, *Slangosphere* is also an educational tool that fosters understanding and appreciation of cultural diversity. It serves as a bridge for readers to connect with the nuanced and often unspoken aspects of global cultures, promoting cross-cultural understanding in an increasingly interconnected world. Through *Slangosphere*, readers will embark on a linguistic adventure, gaining not just knowledge of words and phrases, but an appreciation for the dynamic and creative nature of language as it evolves within urban streets and the digital realm. This dictionary is an invaluable resource for linguists, cultural enthusiasts, social media aficionados, and anyone intrigued by the rich diversity of global street talk and the lexicon of the digital age

**Game** Tom Tyler, 2022-05-31 A playful reflection on animals and video games, and what each can teach us about the other. Video games conjure new worlds for those who play them, human or otherwise: they've been played by cats, orangutans, pigs, and penguins, and they let gamers experience life from the perspective of a pet dog, a predator or a prey animal, or even a pathogen. In *Game*, author Tom Tyler provides the first sustained consideration of video games and animals and demonstrates how thinking about animals and games together can prompt fresh thinking about both. *Game* comprises thirteen short essays, each of which examines a particular video game, franchise, aspect of gameplay, or production in which animals are featured, allowing us to reflect on conventional understandings of humans, animals, and the relationships between them. Tyler contemplates the significance of animals who insert themselves into video games, as protagonists, opponents, and brute resources, but also as ciphers, subjects, and subversive guides to new ways of thinking. These animals encourage us to reconsider how we understand games, contesting established ideas about winning and losing, difficulty settings, accessibility, playing badly, virtuality, vitality and vulnerability, and much more. Written in a playful style, *Game* draws from a dizzying array of sources, from children's television, sitcoms, and regional newspapers to medieval fables, Shakespearean tragedy, and Edwardian comedy; from primatology, entomology, and hunting and fishing manuals to theological tracts and philosophical treatises. By examining video games through the lens of animals and animality, Tyler leads us to a greater humility regarding the nature and status of the human creature, and a greater sensitivity in dealings with other animals.

**The Handbook of Asian Englishes** Kingsley Bolton, Werner Botha, Andy Kirkpatrick, 2020-09-14 Winner of the 2021 PROSE Humanities Category for Language & Linguistics The first volume of its kind, focusing on the sociolinguistic and socio-political issues surrounding Asian Englishes. The *Handbook of Asian Englishes* provides wide-ranging coverage of the historical and cultural context, contemporary dynamics, and linguistic features of English in use throughout the Asian region. This first-of-its-kind volume offers a wide-ranging exploration of the English language throughout nations in South Asia, Southeast Asia, and East Asia. Contributions by a team of internationally-recognized linguists and scholars of Asian Englishes and Asian languages survey existing works and review new and emerging areas of research in the field. Edited by internationally renowned scholars in the field and structured in four parts, this *Handbook* explores the status and functions of English in the educational institutions, legal systems, media, popular cultures, and religions of diverse Asian societies. In addition to examining nation-specific topics, this comprehensive volume presents articles exploring pan-Asian issues such as English in Asian schools and universities, English and language policies in the Asian region, and the statistics of English across Asia. Up-to-date research addresses the impact of English as an Asian lingua franca, globalization and Asian Englishes, the dynamics of multilingualism, and more. Examines linguistic history, contemporary linguistic issues, and English in the Outer and Expanding Circles of Asia. Focuses on the rapidly-growing complexities of English throughout Asia.

Includes reviews of the new frontiers of research in Asian Englishes, including the impact of globalization and popular culture Presents an innovative survey of Asian Englishes in one comprehensive volume Serving as an important contribution to fields such as contact linguistics, World Englishes, sociolinguistics, and Asian language studies, *The Handbook of Asian Englishes* is an invaluable reference resource for undergraduate and graduate students, researchers, and instructors across these areas. Winner of the 2021 PROSE Humanities Category for Language & Linguistics

Reference and Information Services Kay Ann Cassell, Uma Hiremath, 2013 Search skills of today bear little resemblance to searches through print publications. Reference service has become much more complex than in the past, and is in a constant state of flux. Learning the skill sets of a worthy reference librarian can be challenging, unending, rewarding, and-- yes, fun.

*The Cambridge Handbook of World Englishes* Daniel Schreier, Marianne Hundt, Edgar W. Schneider, 2020-01-02 The plural form 'Englishes' conveys the diversity of English as a global language, pinpointing the growth and existence of a large number of national, regional and social forms. The global spread of English and the new varieties that have emerged around the world has grown to be a vast area of study and research, which intersects multiple disciplines. This Handbook provides a comprehensive and authoritative survey of World Englishes from 1600 to the present day. Covering topics such as variationist sociolinguistics, pragmatics, contact linguistics, linguistic anthropology, corpus- and applied linguistics and language history, it combines discussion of traditional topics with a variety of innovative approaches. The chapters, all written by internationally acclaimed authorities, provide up-to-date discussions of the evolution of different Englishes around the globe, a comprehensive coverage of different models and approaches, and some original perspectives on current challenges.

**Pedro and Ricky Come Again** Jonathan Meades, 2021-03-18 This landmark publication collects three decades of writing from one of the most original, provocative and consistently entertaining voices of our time. Anyone who cares about language and culture should have this book in their life. Thirty years ago, Jonathan Meades published a volume of reportorial journalism, essays, criticism, squibs and fictions called *Peter Knows What Dick Likes*. The critic James Wood was moved to write: 'When journalism is like this, journalism and literature become one.' *Pedro and Ricky Come Again* is every bit as rich and catholic as its predecessor. It is bigger, darker, funnier, and just as impervious to taste and manners. It bristles with wit and pin-sharp eloquence, whether Meades is contemplating northernness in a German forest or hymning the virtues of slang. From the indefensibility of nationalism and the ubiquitous abuse of the word 'iconic', to John Lennon's shopping lists and the wine they call Black Tower, the work assembled here demonstrates Meades's unparalleled range and erudition, with pieces on cities, artists, sex, England, concrete, politics and much, much more.

## Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **Greens Dictionary Of Slang**

In a global inundated with monitors and the cacophony of instant conversation, the profound power and psychological resonance of verbal art usually fade in to obscurity, eclipsed by the constant assault of noise and distractions.
