Wishes for the Grieving and Healing Heart Tricia Lavoie,2012-09-21 The beautiful parable of the water bugs and the dragonfly, written by an anonymous author, has often been a source of comfort and inspiration to those who have suffered the loss of a loved one. The dragonfly stands as a symbol of transformation and the different stages of life, a reminder that there is more to the world than our current perception allows. In *Wishes for the Grieving and Healing Heart*, author Tricia LaVoice expands upon this metaphor and uses her own personal experiences to deliver earnest insights into the emotion of loss. Her original prose, poetry, reflections, and pragmatic suggestions address the pain and suffering we experience after losing a loved one. She opens an honest conversation on the courage and support it takes to properly grieve before finding the love we need from ourselves and others to begin to heal. This book is comforting and loving, candid and raw - and it's a must-read for anyone who has lost someone dear to their heart.

The Healing Heart—Families Allison M. Cox,David H. Albert,2009-03-01 Stories and narratives aimed at helping families work through an array of subjects like health, illness, grief, adoption, sexual identity, and school. The *Healing Heart* provides powerful examples of the use of stories and storytelling in encouraging resiliency, empathy, respect, and healing. These engaging books contain stories, and narratives about the use of the stories in activities with different populations (children, teens, those with disabilities, seniors, inmates, etc.) or which address specific social or community problems (addictions, poverty, violence, racism, environmental degradation, homelessness, abuse). The books are a collective effort containing the expertise of more than 60 storytellers and health professionals who illustrate the power of story in moving others to commitment and action, in building self-esteem and mutual respect. The *Healing Heart ~ Families* focuses on families,

dealing specifically with healing through story, health promotion, disease prevention, early childhood intervention, children with medical problems, adopting families, schools, sexual identities, grief, and spiritual healing. The Healing Heart ~ Communities focuses on community-building, with sections on youth, violence prevention, poverty, domestic violence, substance abuse and addiction, racism, elders, culture, environmental protection, homelessness, and community development. Praise for The Healing Heart ~ Families “Both children and adults, sick or well, need the embrace of soulful storytelling. They need to witness and be witnessed, for it is in this state that healing occurs If newscasters were to read aloud each night to their listeners for 1,001 nights one of the stories from this treasury, we would all be healed and lose our fear, recapturing real security in our homeland.” —N. Michael Murphy, MD, author of The Wisdom of Dying “An extraordinary work Hit the bulls eye by providing both process and practice. Thought provoking and insightful theory is intertwined with appropriate stories for direct application. It makes clear that story can be a powerful catalyst for change, giving eloquent voice to what many of us have known for some time but have been unable to express. What a gift for those who work with families!” —Elizabeth Ellis, co-author of Inviting the Wolf In: Thinking about Difficult Stories

Healing From the Heart Shelby Nelson, 2019-06-24 Healing From the Heart are short inspirational poems and quotes about life and the love of God. He loved us so must that he gave his life for us. Would you give up your life for him? How many times have our hearts been broken in this world? We need our heavenly father to help heal our hearts to lead us and guide us. Perfect having all the required or desirable elements, qualities, and characteristics of an ideal model without fault. He gives us love, grace as each day he pours out his mercy. He watches over us. Will you trust him to watch over you? Call on his name day and night. He's there to receive you without a doubt. Your life does not get better by chance; it gets better by change. No matter what lies ahead of you, God is already there. The life that we're living now is just a faze. There's going to be a new heaven and earth one day. The purpose of life is to live a life of purpose. We may encounter many defeats, but we

must not be defeated. Let God heal your broken heart. Just sit back and read some of my encouraging words, and don't let yesterday take up too much of today.

The Heart's Code Paul P. Pearsall, 1999-03-10 A fascinating synthesis of ancient wisdom, modern medicine, scientific research, and personal experiences that proves that the human heart, not the brain, holds the secrets that link body, mind, and spirit. You know that the heart loves and feels, but did you know that the heart also thinks, remembers, communicates with other hearts, helps regulate immunity, and contains stored information that continually pulses through your body? In The Heart's Code, Dr. Paul Pearsall explains the theory and science behind energy cardiology, the emerging field that is

uncovering one of the most significant medical, social, and spiritual discoveries of our time: The heart is more than just a pump; it conducts the cellular symphony that is the very essence of our being. Full of amazing anecdotes and data, The Heart's Code presents the latest research on cellular memory and the power of the heart's energy and explores what these breakthroughs mean about how we should live our lives. By unlocking the heart's code we can discover new ways of understanding human healing and consciousness and create a new model for living that leads to better health, happiness, and self-knowledge.

Chinese Traditional Healing (3 vols) Paul Unschuld, Jinsheng ZHENG, 2014-05-09 Research on past knowledge, practices, personnel and institutions of Chinese health care has focussed on printed text for many decades. The Berlin collections of handwritten Chinese volumes on health and healing from the past 400 years provide a hitherto unprecedented access to a wide range of data. They extend the reach of medical historiography beyond the literature written by and for a small social elite to the reality of health care as practiced by private households, lay healers, pharmacists, professional doctors, magicians, itinerant healers and others. The nearly 900 volumes surveyed here for the first time demonstrate the heterogeneity of Chinese traditional healing. They evidence the continuation of millennia-old therapeutic approaches long discarded by the elite, and they show continuous adaptation to more recent trends.

Prodigal Heart Christine D'Clario, 2017 Your life is worth saving through God's grace. In Prodigal Heart Christine shares her compelling story and the joy she experienced in surrendering completely to God. This book is for all those who believe their lives are broken beyond repair and for those who think their scars are too deep to be healed. Hidden in the Heart Nita Anders, 2009-10 What happens when an epiphany experience suddenly turns the world inside-out; when one encounters another reality—a spiritual dimension—that appears to exist simultaneously with our physical reality? Then, what happens as one seeks to understand and integrate this new truth to live a spirit-filled life? Hidden in the Heart, a Glorious Secret is a factual account of a true-life event that occurred to Nita Anders thirty-seven years ago. Discovering an amazing truth—that the Spirit of God is always and ever with us, even when we cannot see or believe it—was a defining moment in her life. Immediately following this awesome event, speaking to an empty room, she heard herself say, Wherever this Light takes me I will follow. With an unquenchable hunger and thirst for greater knowledge, she found herself on the spiritual path. This book is her journey to find God and herself. NITA ANDERS never dreamed she would one day encounter a mystery that would transform her way of thinking, believing, and being—setting her on a path of discovery beyond anything she could

have ever imagined. It all began in the fall of 1972. Suffering intense pain from an acute attack of rheumatoid arthritis in both hands, an inner voice told her to pray. Resisting not once, not twice, but three times-she was finally forced to her knees. In that moment of surrender, an Invisible Light entered the crown of her head and washed over her in wave after wave after wave of surging, pulsing Energy; intensely powerful, yet at the same time, warm, tender, and loving. Unable to explain such an exquisite phenomenon as this, she only knew something incredibly authentic, miraculous, and healing had taken place in her innermost being. She would later call this Invisible Light/Energy a Holy Presence.
