**Maria Clara Bingemer, Peter J. Casarella**

**América Latina, hoy** ,2005

*América Latina hoy [vol. 28, agosto del 2001] ,2001*

**América Latina** Reynell Badillo Sarmiento, Henry Cancelado Franco, Carolina Cepeda Másmela, Camilo Defelipe Villa, Aymeric Durez, Alfredo Edmundo Fernández de Lara Gaitán, Juan Guillermo Ferro Medina, Florent Frasson-Quenoz, Javier Leonardo Garay Vargas, Sergio García Rendón, Verónica Giordano, Miguel Gomis-Balestreri, René Alonso Guerra Molina, Lorenzo Maggiorelli, Margarita Marín-Aranguren Erli, Esteban Nina Baltazar, Javier Ignacio Niño Cubillos, José Manuel Rivas Otero, Thiago Rodrigues, Gabriel J. Tobón Quintero, Guerrero, Ana del Valle, Oscar Vidarte A., Wabgou Maguemati, 2021-11-17 Entre 2015 y 2020, América Latina ha tenido que lidiar con la desaceleración económica de los modelos neoextractivistas, el estancamiento de la reducción de la pobreza y de la desigualdad, la creciente rivalidad entre Estados Unidos y China, además de la cada vez mayor insatisfacción de la sociedad civil con las promesas de las democracias -con frecuentes derivas autocráticas-, que han sido minadas por la corrupción o por la violencia. Con este pasado reciente en mente, este libro ofrece los aportes de veintitrés académicos de varios rincones del continente que identifican ciclos y entreciclos socioeconómicos y políticos, para entender los resultados y los desafíos de una modernización regional inacabada. El primer cuarto del siglo xxi finaliza con el agotamiento de la ola rosa, el descrédito de las promesas de las nuevas derechas o las vías intermedias y, principalmente, con una pandemia que fuerza a reformular el lugar de América Latina en el mundo y viceversa, mediante la puesta a prueba de herencias y proyectos compartidos

Women, Politics, and Democracy in Latin America Tomáš Došek, Flavia Freidenberg, Mariana Caminotti, Betilde Muñoz-Pogossian, 2017-01-04 This book discusses the current tendencies in women's representation and their role in politics in Latin American countries from three different perspectives. Firstly, the authors examine cultural, political-partisan and organizational obstacles that women face in and outside institutions. Secondly, the book explores barriers in political reality, such as gender legislation implementation, public administration and international cooperation, and proposes solutions, supported by successful experiences, emphasising the nonlinearity of the implementation process. Thirdly, the authors highlight the role of women in politics at the subnational level. The book combines academic expertise in various disciplines with contributions from practitioners within national and international institutions to broaden the reader's understanding of

women in Latin American politics.

**Latin American Democracy** Richard L. Millett, Richard L. Millet, Jennifer S. Holmes, Orlando J. Pérez, 2010-04-26 Nearly thirty years have passed since Latin America began the arduous task of transitioning from military-led rule to democracy. In this time, more countries have moved toward the institutional bases of democracy than at any time in the region's history. Nearly all countries have held free, competitive elections and most have had peaceful alternations in power between opposing political forces. Despite these advances, however, Latin American countries continue to face serious domestic and international challenges to the consolidation of stable democratic governance. The challenges range from weak political institutions, corruption, legacies of militarism, transnational crime and globalization among others. In Latin American Democracy contributors – both academics and practitioners, North Americans and Latin Americans – explore and assess the state of democratic consolidation in Latin America by focusing on the specific issues and challenges confronting democratic governance in the region.

Democracy's Resilience to Populism's Threat Kurt Weyland, 2024-01-25 The recent global wave of populist governments, which culminated in Donald Trump's victory in 2016, has convinced many observers that populism is a grave threat to democracy. In his new book, Kurt Weyland critiques recent scholarship for focusing too closely on cases where populist leaders have crushed democracy, and instead turns to the many cases where would populist-authoritarians have failed to overthrow democracy. Through a systematic comparative analysis of thirty populist chief executives in Latin America and Europe over the last four decades, Weyland reveals that populist leaders can only destroy democracy under special, restrictive conditions. Left-wing populists suffocate democracy only when benefitting from huge revenue windfalls, whereas right-wing populists must perform the heroic feat of resolving acute, severe crises. Because many populist chief executives do not face these propitious conditions, Weyland proves that despite populism's threat, democracy remains resilient.

**Geografía jurídica de América Latina** Bartolomé Clavero, 2008

**Venezuelan Politics in the Chávez Era** Steve Ellner, Daniel Hellinger, 2004 The radical alteration of the political landscape in Venezuela following the electoral triumph of the controversial Hugo Chavez calls for a fresh look at the country's institutions and policies. In response, this title offers a revisionist view of Venezuela's recent political history and a fresh appraisal of the Chavez administration.

**Women in Mexican Subnational Legislatures** Flavia Freidenberg, Karolina Gilas, Sebastián Garrido de Sierra, Camilo Saavedra Herrera, 2022-02-07 This book aims to fill a gap in research on women's political representation by developing a multidimensional assessment of female participation in subnational legislatures in a federal political system like Mexico. The Mexican experience in terms of women's political representation at the federal and subnational levels has been very successful, as the reforms created a more robust gender electoral regime that promoted an increase in the number of elected

female legislators (1987-2021). Still, little is known about the impact of the rise in women's presence in Congresses on other dimensions of political representation, such as symbolic or substantive. Although previous studies on women's political representation in Mexico have yielded exciting conclusions based on empirical evidence and strengthened a theory focused on the analysis of presence, it is still insufficient to explain the other dimensions of representation and the relationship between them. Therefore, this book contributes to the comparative scholarship from the perspective of feminist neo-institutionalism, expanding the understanding of the relationship between women's formal and descriptive representation, the content of legislative work in terms of preferences and interests (substantive representation), and its symbolic effects on women and politics in general (symbolic representation). *Women in Mexican Subnational Legislatures: From Descriptive to Substantive Representation* will be of interest to political scientists, sociologists, and jurists interested in gender and politics. The book fills a theoretical and empirical gap on the effects of gender parity in the programmatic and symbolic scope of power building. The findings on good practices and challenges are discussed within a broader body of comparative research, providing knowledge to academia, policymakers, and international cooperation agencies about the remaining obstacles to strengthening Latin American democracies and the need to continue exploring the links between subnational politics and democratization of federal political systems.

**Mujeres y política exterior en América Latina** Claudia Fuentes-Julio, 2022-06-13 A nivel mundial, diversas publicaciones recientes destacan las desalentadoras estadísticas en cuanto a la representación política inclusiva y la igualdad de género en las estructuras de gobernanza global y la diplomacia. Conscientes de que las mujeres latinoamericanas han estado invisibilizadas en las relaciones internacionales, tanto en su práctica político-internacional como en su teorización, decidimos invitar a un grupo de destacadas profesionales de varios países de América Latina para ser parte de esta publicación. Este volumen cuenta con catorce capítulos escritos por veintidós mujeres, profesionales de la diplomacia y del mundo de la política internacional, así como académicas, para examinar desde sus diversas miradas las iniciativas progénero en el ámbito global y regional, y evaluar cómo avanzar en la representación sustantiva con miras a que los intereses políticos de las mujeres se integren en la formulación de la política exterior en nuestra región. Esperamos que el nutrido grupo de expertas que hemos convocado en este volumen incentive una mayor profundización y también el debate en cada uno de los objetivos que se han propuesto alcanzar en el libro, y sobre todo que contribuya a la inclusión y participación de las mujeres en política exterior, en una región donde la reducción de la brecha de género debe ser abordada con mayor celeridad.

**Central America: Fragile Transition** Rachel Sieder, 2016-07-27 This collection explores the distinct features of post-conflict reconstruction and democratic consolidation in Central America. Three sections cover actors; political parties and party systems, the Military and returning refugees; institutions; executive-congressional relations and the judicial system; and the international context; the shifting global/regional dynamic and the impact of the United Nations on the Central

American peace process.

*Pope Francis and the Search for God in America* Maria Clara Bingemer, Peter J. Casarella, 2021-06-25 In Tutti Fratelli, Pope Francis has called again for a “culture of encounter,” But how should his theology, pastoral practice, and social message be understood and applied in the Church of the Americas, a single but complex reality that extends from South to North? This volume offers analyses from experts looking back to the Argentine pontiff’s first fateful encuentros in the Americas as a help for understanding the present reality of the Church in the Western Hemisphere. The group includes theologians, historians, and political scientists, and the unique contribution of the volume lies in the panoramic perspective offered by the book as a whole. The initial essays set the stage for the volume as a whole, offering rich insight into Argentine and Latin American history, the world from which the Pope came and to which he returned in 2015, as well as surveying the impact of the Latin American “theology of the people” on the Pope’s visit to the U.S. Additional essays address theological, historical, and pastoral engagements that cut across several of the visits. The final group of essays is dedicated to the visits themselves and is arranged in the order that they occurred. *Pope Francis and the Search for God in América* is offered to all the members of the Church in América, South and North, old and young, with the hope that it will spur even more thought, reflection, prayer, and service.

*Vision, Technology, and Subjectivity in Mexican Cyberpunk Literature* Stephen C. Tobin, 2023-07-06 *Vision, Technology and Subjectivity in Mexican Cyberpunk Literature* interrogates an array of cyberpunk and post-cyberpunk science fiction novels and short stories from Mexico whose themes engage directly with visual technologies and the subjectivities they help produce – all published during and influenced by the country’s neoliberal era. This book argues that television, computers, and smartphones and the literary narratives that treat them all correspond to separate-yet-overlapping scopic regimes within the country today. Amidst the shifts occurring in the country’s field of vision during this period, the authors of these cyberpunk and post-cyberpunk narratives imagine how these devices contribute to producing specular subjects—or subjects who are constituted in large measure by their use and interaction with visual technologies. In doing so, they repeatedly recur to the posthuman figure of the cyborg in order to articulate these changes; Stephen C. Tobin therefore contends that the literary cyborg becomes a discursive site for working through the problematics of sight in Mexico during the globalized era. In all, these “specular fictions” represent an exceptional tendency within literary expression—especially within the cyberpunk genre—that grapples with themes and issues regarding the nature of vision being increasingly mediated by technology.

**Presidential Breakdowns in Latin America** M. Llanos, Leiv Marsteintredet, 2010-03-01 This volume is the first comprehensive analysis of a new type of executive instability without regime instability in Latin America referred to as presidential breakdown. It includes a theoretical introduction framing the debate within the institutional literature on democracy and democratization, and the implications of this new type of executive instability for presidential democracies.

Two comparative chapters analyze the causes, procedures, and outcomes of presidential breakdowns in a regional perspective, and country studies provide in-depth analyses of all countries in Latin America that have experienced one or several presidential breakdowns: Argentina, Bolivia, Brazil, Dominican Republic, Ecuador, Guatemala, Paraguay, Peru, and Venezuela. The book also includes an epilogue on the 2009 presidential crisis in Honduras.

Social Sciences Lawrence Boudon, Katherine D. McCann, 2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world.... The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies. —Latin American Research Review Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon, of the Library of Congress Hispanic Division, has been the editor since 2001, and Katherine D. McCann has been assistant editor since 2000. The subject categories for Volume 59 are as follows: Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences

**Welfare and Social Protection in Contemporary Latin America** Gibrán Cruz-Martínez, 2019-03-19 Social protection serves as an important development tool, helping to alleviate deprivation, reduce social risks, raise household income and develop human capital. This book brings together an interdisciplinary team of international experts to analyse social protection systems and welfare regimes across contemporary Latin America. The book starts with a section tracking the expansion of social assistance and social insurance in Latin America through the state-led development era, the neoliberal era and the pink-tide. The second section explores the role played by local and external actors modelling social policy in the region. The third and final section addresses a variety of contemporary debates and challenges around social protection and welfare in the region, such as gender roles and the empowerment of CCT beneficiaries, and welfare provision for rural outsiders. The book touches on key topics such as conditional cash transfer programmes, trade union inclusionary strategies, transnational social policy, state-led versus market-led welfare provision, explanatory factors in the emerging dualism of social protection institutions, social citizenship rights as a consequence of changing social policy architecture and different poverty reduction strategies. This interdisciplinary volume will be of interest to economists, political scientists, sociologists,

anthropologists and historians working on social protection in Latin America, or interested in welfare systems in the global south.

**La juventud de Amalia Fenollosa** Carlos G. Espresati, 1965 Biografía de la literata Amalia Fenollosa, nacida en Castellón de la Plana, basada en datos de archivo y noticias documentales y realizada por Carlos G. Espresati.

*Social Theory and Regional Studies in the Global Age* Saïd Amir Arjomand, 2014-05-19 In this pioneering volume, leading international scholars argue for the development of a new approach to social theory that draws on regional studies for the conduct of comparative analysis in the global age. *Social Theory and Regional Studies in the Global Age* moves beyond facile generalizations based on the historical experience of modernization in the West by highlighting differences rather than similarities and contrasts rather than commonalities, and by examining civilizational processes and culturally specific developmental patterns distinctive of different world regions. Essays combine comparative and historical sociology with civilizational analysis and the study of multiple and alternative modernities. Different patterns of modernization are compared within the framework of global/local compressed communication and interaction that results from globalization. The introductory chapter puts the present effort in the context of the seminal work of three generations of comparative sociologists, and what follows is a penetrating analysis of modernization and globality, opening the way for rectifying the erasure of the historical experience of a very sizeable portion of humankind from the foundation of social theory.

Survival of Ministers and Configuration of Cabinets in Chile and Uruguay Alejandro Olivares L., 2022-02-15 This book develops an analysis of ministerial recruitment in the process of government formation, the process of dismissal, and survival of cabinet ministers in Chile and Uruguay. The two cases are countries that, generally, score the highest democracy indexes in Latin America, but also, they are considered as the most stable presidential systems in the Southern Cone of the region, allowing readers to compare within and between cases. The cases analyzed in this book are small countries with a similar history of democratic breakdowns which, in temporal terms, enable comparison. Additionally, given the reasons that triggered those processes, both cases are normally studied together. For pre-coup democracy, the cases include the governments of Chile between 1933 and 1973 and Uruguay between 1943 and 1973. This research does not analyze the military coup regime in either country. Thus, the period is resumed in the democratic transitions for both cases, i.e., 1985 for Uruguay and 1990 for Chile. Although literature on ministerial cabinets survival usually focus on parliamentary regimes from the Global North, this rather new phenomenon in presidential democracies has quickly gained academic notoriety. Research on cabinets and ministers in Latin American presidential systems tends to focus on the periods beginning with the return to democracy after the 1980s. This situation means that there is scant knowledge of the period prior to the coups. By presenting an in-depth study of two presidential systems from the Global South, *Survival of Ministers and Configuration of Cabinets in Chile and Uruguay*, will be a useful resource for political and social scientists willing to study cabinet formation and

ministerial turnover in Latin America, whether is on case-study research or in a comparative perspective.

**Democracy Against Parties** Brandon Van Dyck, 2021-09-21 Around the world, established parties are weakening, and new parties are failing to take root. In many cases, outsiders have risen and filled the void, posing a threat to democracy. Why do most new parties fail? Under what conditions do they survive and become long-term electoral fixtures? Brandon Van Dyck investigates these questions in the context of the contemporary Latin American left. He argues that stable parties are not an outgrowth of democracy. On the contrary, contemporary democracy impedes successful party building. To construct a durable party, elites must invest time and labor, and they must share power with activists. Because today's elites have access to party substitutes like mass media, they can win votes without making such sacrifices in time, labor, and autonomy. Only under conditions of soft authoritarianism do office-seeking elites have a strong electoral incentive to invest in party building. Van Dyck illustrates this argument through a comparative analysis of four new left parties in Latin America: two that collapsed and two that survived.

Delve into the emotional tapestry woven by Emotional Journey with in **Amrica Latina Hoy Revista** . **Amrica Latina Hoy Revista Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Amrica Latina Hoy Revista has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Amrica Latina Hoy Revista has opened up a world of possibilities. Downloading Amrica Latina Hoy Revista provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Amrica Latina Hoy Revista has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Amrica Latina Hoy Revista. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific

websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Amrica Latina Hoy Revista. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Amrica Latina Hoy Revista, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Amrica Latina Hoy Revista has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## FAQs About Amrica Latina Hoy Revista Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Amrica Latina Hoy Revista is one of the best book in our library for free trial. We provide copy of Amrica Latina Hoy Revista in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Amrica Latina Hoy Revista. Where to download Amrica Latina Hoy Revista online for free? Are you looking for Amrica Latina Hoy Revista PDF? This is definitely going to save you time and cash in something you should think about.
