

Were The Etruscans Black

Ensheng Dong

I 'was' or I 'were'? - English Language Learners Stack Exchange May 13, 2016 · From other's conversation, I found out they mentioned I was and sometimes they also mentioned I were. Is there any rules for I was/were? **grammar - as if it is vs. as if it were vs. as if it was - English ...** Jun 19, 2022 · I learned from many sources that as if it were is accepted by all native English speakers. And as if it was is widely used, especially informally. But is the simple present indicative accepted as ... **Meaning using "was to" and "were to" in sentence** Nov 5, 2014 · That is, both "were to" (using the irrealis "were") and "was to" (using a past-tense verb) would usually be interchangeable in a sentence structured similar to yours, but that would be if the sentence was in non-fiction text. **Verb agreement: The behavior of X and Y "was" or "were" ...** To expand on Absolute Beginner's comment a little, the subject of the sentence is "The behavior". That's singular, so it has to be was considered. Whether the behavior is of X and Y, or of an angry invisible elephant, or whatever, makes no difference. **What is the difference between "were" and "have been"?** What is the difference between "were" and "have been", and are these sentences grammatically correct? 1) some of the best known writers of detective fiction in the twentieth century were women. *Meaning Difference "Would be" and "were" - English Language ...* Were-ing (past continuous of BE) is used to situations which were happening at a special time in the past and none hypothetical, it is more direct, not imaginative. Should I use "was" or "were" in "as though he was frightened"? Technically, you should use 'were'. You are correct that the sentence is subjunctive because of the indefiniteness introduced by 'as though'. The subjunctive takes the plural form of the past tense of 'to be' as its auxiliary verb, even in the singular. Having said that, many expert native English speakers will use 'was', both formally and ... **grammar - "I wish I was" vs. "I wish I were" - English Language ...** Apr 19, 2020 · The only context where were is appropriate after I is when the sentence is in the subjunctive mood Some friend told me: in American English, people use "I wish I was " to form a subjunctive mood sentence. "I wish I was rich." in British English, people use "I wish I were " to form a subjunctive mood sentence. "I wish I were rich." Is it that true? *Should I use "was" or "were"?* - *English Language Learners Stack ...* Purdue OWL has this example which is almost identical to OP's case: One of the boxes is open. The verb agrees with the subject, "One". If you wanted to talk about "two", you would use a plural verb: Two of the successful managers were asked. One of the successful managers was asked. *meaning in context - Use of "were to" in English grammar* But I cannot rule out the possibility that Indian English—and specifically Indian Political English—has evolved this usage of

were to precisely in order to express firmness and caution in the same utterance. Perhaps our Indian readers could speak to this. † This use is called subjunctive in traditional grammar.

Immerse yourself in heartwarming tales of love and emotion with is touching creation, Tender Moments: **Were The Etruscans Black** .
