*A Cosmology of Monsters* Shaun Hamill, 2019-09-17 If John Irving ever wrote a horror novel, it would be something like this. I loved it.” —Stephen King Noah Turner sees monsters. His father saw them—and built a shrine to them with *The Wandering Dark*, an immersive horror experience that the whole family operates. His practical mother has caught glimpses of terrors but refuses to believe—too focused on keeping the family from falling apart. And his eldest sister, the dramatic and vulnerable Sydney, won't admit to seeing anything but the beckoning glow of the spotlight . . . until it swallows her up. Noah Turner sees monsters. But, unlike his family, Noah chooses to let them in . . .

*Revelator* Daryl Gregory, 2024-02-27 ONE OF THE WASHINGTON POST'S BEST BOOKS OF THE YEAR • The dark, gripping tale of a 1930's family in the remote hills of the Smoky Mountains, their secret religion, and the daughter who turns her back on their mysterious god—from the acclaimed author of *Spoonbenders*. “Gods and moonshine in the Great Depression, written with a tenderness and brutality ... this is as good as novels get.” —Stephen Graham Jones, author of *The Only Good Indians* In 1933, nine-year-old Stella is left in the care of her grandmother, Motty, in the backwoods of Tennessee. The mountains are home to dangerous secrets, and soon after she arrives, Stella wanders into a dark cavern where she encounters the family's personal god, an entity known as the Ghostdaddy. Years later, after a tragic incident that caused her to flee, Stella—now a professional bootlegger—returns for Motty's funeral, and to check on the mysterious ten-year-old girl named Sunny that Motty adopted. Sunny appears innocent enough, but she is more powerful than Stella could imagine—and she's a direct link to Stella's buried past and her family's destructive faith. Haunting and wholly engrossing, summoning mesmerizing voices and giving shape to the dark, *Revelator* is a southern gothic tale for the ages.

**America's First Female Serial Killer** Mary Kay McBrayer, 2020-05-19 This is Capote's *In Cold Blood* for serial killer enthusiasts: meticulously researched, superbly written, and incredibly vivid. Don't miss it.” —Gabino Iglesias, author of *Coyote Songs* *America's First Female Serial Killer* novelizes the true story of first-generation Irish-American nurse Jane Toppan, born as Honora Kelley. Although all the facts are intact, books about her life and her crimes are all facts and no story. Jane Toppan was absolutely a monster, but she did not start out that way. When Jane was a young child, her father abandoned her and her sister to the Boston Female Asylum. From there, Jane was indentured to a wealthy family who changed her name, never adopted her, wrote her out of the will, and essentially taught her how to hate herself. Jilted at the altar, Jane became a nurse and took control of her life—and the lives of her victims. “A thoughtful and inspired take on one of the greatest poisoners in history. *America's First Female Serial Killer: Jane Toppan and the Making of a Monster* seethes with rage, compulsion, and a righteous condemnation of the servitude of the underclass. A chilling and sobering read.” —Robert Levy, author of *The Glittering World* “McBrayer offers us a complex—and terrifying—portrait of a killer who seemed almost doomed from birth.” —Kate Winkler Dawson, author of *American Sherlock: Murder, Forensics, and the Birth of American CSI* “Brings the horrifying true story of Jane Toppan to lurid, novelistic life, and forces the reader face-to-face with the thoughtlessness and cruelty that helped turn a gifted, damaged child into one of America's most legendary killers.” —Shaun Hamill, author of *A Cosmology of Monsters*

*Thistlefoot* GennaRose Nethercott, 2023-07-18 In the tradition of modern fairy tales like Naomi Novik's *Spinning Silver* comes an immersive fantasy saga, a debut novel about estranged siblings who are reunited after receiving a mysterious

inheritance. “A wonderfully imaginative, wholly enchanting novel of witness, survival, memory, and family that reads like a fairy tale godfathered by Tim Burton in a wild America alive with wonders and devils alike. Thistlefoot shimmers with magic and mayhem and a thrilling emotional momentum.” —Libba Bray, bestselling author of *The Diviners* The Yaga siblings—Bellatine, a young woodworker, and Isaac, a wayfaring street performer and con artist—have been estranged since childhood, separated both by resentment and by wide miles of American highway. But when they learn that they are to receive an inheritance, the siblings agree to meet—only to discover that their bequest isn’t land or money, but something far stranger: a sentient house on chicken legs. Thistlefoot, as the house is called, has arrived from the Yagas’ ancestral home outside Kyiv—but not alone. A sinister figure known only as the Longshadow Man has tracked it to American shores, bearing with him violent secrets from the past: fiery memories that have hidden in Isaac and Bellatine’s blood for generations. As the Yaga siblings embark with Thistlefoot on a final cross-country tour of their family’s traveling theater show, the Longshadow Man follows in relentless pursuit, seeding destruction in his wake. Ultimately, time, magic, and legacy must collide—erupting in a powerful conflagration to determine who gets to remember the past and craft a new future. An enchanted adventure illuminated by Jewish myth and adorned with lyrical prose as tantalizing and sweet as briar berries, Thistlefoot is a sweeping epic rich in Eastern European folklore: a powerful and poignant exploration of healing from multi-generational trauma told by a bold new talent.

**The Hollow Kind** Andy Davidson, 2022-10-11 “The Hollow Kind seeps into your subconscious and waits for you in your nightmares.” —S. A. Cosby, bestselling author of *Razorblade Tears* Andy Davidson’s epic horror novel about the spectacular decline of the Redfern family, haunted by an ancient evil. When Nellie Gardner learns that she has inherited a turpentine estate from her long-lost grandfather, she throws everything she can think of in her pickup and flees to Georgia with her eleven-year-old son, Max, in tow. August Redfern’s “estate” is a decrepit farmhouse on a thousand acres of old pine forest, but Nellie sees it as the perfect refuge—a safe place to hide from her violent husband and the chance for a fresh start. But Max sees what his mother can’t: Redfern Hill is no haven. Something lurks beneath the soil, ancient and hungry, with the power to corrupt hearts and destroy souls. And Nellie’s return is about to wake it up. From the author of *The Boatman’s Daughter* comes a jaw-dropping, terrifying novel about legacy and the nightmares hidden in family histories. Andy Davidson’s *The Hollow Kind* is a twisted tale of cosmic horror mixed with a stunning Southern Gothic fable that will haunt you long after you turn the final page.

**The Dissonance** Shaun Hamill, 2024-07-23 From the acclaimed author of *A Cosmology of Monsters* (I loved it —Stephen King) comes an epic contemporary fantasy, a mixture of *The Magicians* and *It*: a story of dark magic, terrible mistakes, and second chances. You can never go home again, the saying goes—but Hal, Athena, and Erin have to. In high school, the three were students of the eccentric Professor Marsh, trained in a secret system of magic known as the Dissonance, which is built around harnessing negative emotions: alienation, anger, pain. Then, twenty years ago, something happened that shattered their coven, scattering them across the country, stuck in mundane lives, alone. But now, terrifying signs and portents (not to mention a pointed Facebook invite) have summoned them back to Clegg, Texas. There, their paths will collide with that of Owen, a closeted teenager from Alabama whose aborted cemetery seance with his crush summoned something far worse: a

murderous entity whose desperate, driving purpose includes kidnapping Owen to serve as its Renfield. As Owen tries to outwit his new master, and Hal, Athena, and Erin reckon with how the choices they made as teens might connect to the apocalyptic event unfurling over the Lone Star State, shocking alliances form, old and new romances brew, and three unsuccessful adults and one frightened teen are all that stand between reality and oblivion. From one of the boldest, most brilliant voices in modern fantastical horror, *The Dissonance* is a thrilling and beautifully written story of magic and monsters, forgiveness and friendship.

**Conan: Lethal Consignment** Shaun Hamill, 2024-04-30 Capturing the electric short fiction energy that led Robert E. Howard to be one of the top fantasy writers of the century, with exclusive serialized eBook stories starring Conan, Solomon Kane, and more by many of today's top writers in fantasy and sword-and-sorcery. In a port city in Zingara, Conan of Cimmeria drinks away the last of his meager purse. He's considering robbing one of the city's noble houses when he's approached by a man named Flavio, first mate on a ship called *Fortune's Dawn*. The Dawn is seeking mercenaries to transport valuable cargo to Aquilonia, the very heart of civilization. Conan is suspicious, but also deeply curious and in sore need of the coin, so he takes the job. His suspicions only deepen as he meets the reticent, sparse crew of the ship. However, Conan only realizes the severity of danger he's walked into when a terrible scream reveals a crew member dead and mutilated on the deck. Armed with only his wits and his sword, Conan must figure out the mysteries of *Fortune's Dawn* before the same fate befalls him.

**Burn the Negative** Josh Winning, 2024-05-28 A spine-tingling, rip-roaring yarn that hearkens back to the thrills and chills of the best '80s slasher horror. Hand this to readers who liked *The Final Girl* Support Group by Grady Hendrix, *My Heart Is a Chainsaw* by Stephen Graham Jones, or *My Sister, the Serial Killer* by Oyinkan Braithwaite. — Library Journal Arriving in L.A. to visit the set of a new streaming horror series, journalist Laura Warren witnesses a man jumping from a bridge, landing right behind her car. Here we go, she thinks. It's started. Because the series she's reporting on is a remake of a '90s horror flick. A cursed '90s horror flick, which she starred in as a child—and has been running from her whole life. In *The Guesthouse*, Laura played the little girl with the terrifying gift to tell people how the Needle Man would kill them. When eight of the cast and crew died in ways that eerily mirrored the movie's on-screen deaths, the film became a cult classic—and ruined her life. Leaving it behind, Laura changed her name and her accent, dyed her hair, and moved across the Atlantic. But some scripts don't want to stay buried. Now, as the body count rises again, Laura finds herself on the run with her aspiring actress sister and a jaded psychic, hoping to end the curse once and for all—and to stay out of the Needle Man's lethal reach.

The Philosophy of Horror Noel Carroll, 2003-09-02 Noel Carroll, film scholar and philosopher, offers the first serious look at the aesthetics of horror. In this book he discusses the nature and narrative structures of the genre, dealing with horror as a transmedia phenomenon. A fan and serious student of the horror genre, Carroll brings to bear his comprehensive knowledge of obscure and forgotten works, as well as of the horror masterpieces. Working from a philosophical perspective, he tries to account for how people can find pleasure in having their wits scared out of them. What, after all, are those paradoxes of the heart that make us want to be horrified?

The Soul Always Thinks Wolfgang Giegerich, 2020-05-05 C. G. Jung regarded the soul to be a reality in its own right which reflects itself in all manner of images and events, symbols and traditions. In this fourth volume of his *Collected English Papers*, Giegerich recalls the soul to the inwardness of its own home territory by bringing out the thought-character of the self-creating, self-unfolding logical life that it is. In addition to clarifying what thought means for psychology and analyzing certain misconceptions surrounding the topic of soul and thought a challenging thesis concerning the limitation of an imaginal, anima-only approach in psychology (given the essential historicity of the soul) is carefully argued, while examining at the same time such topics as the end of meaning and the birth of man, anima mundi and time, the metamorphosis of the gods, and the logical steps involved in the transition from childhood to adulthood and from a psychological oneness with nature to modern alienation from nature. The book also discusses the notion of the soul's logical life and shows in action the psychological procedure of absolute-negative interiorization of phenomena into their soul and truth in a number of in-depth examinations of particular phenomena (e.g. Heraclitus' dictum about the soul's depth, the leap into the solid stone, the negativity of the stone which is not a stone). In thorough-going critical engagements with other authors in the field, it demonstrates specific instances where psychology fails to do its job due to faulty presuppositions, above all psychology's

failure to face the modern world. It emphasizes the active role of the mind in soul-making as the making of psychic reality. It addresses the questions of the future of psychology and whether progress in psychology is possible.

**Worldbuilding for Game Designers** Steve Dee, 2025-06-02 Our modern world is dominated by giant media companies, and increasingly they don't so much sell story, characters or gameplay as they do their setting. Fictional worlds are big business and represent big value to companies and audiences alike, and they are increasingly expected and demanded by both. As yet, however, the art of building worlds has been only taught to writers of novels or films. The same worlds are frequently used across different modes of media, but successfully adapting them to games or building them for this purpose requires a specific approach. Unlike all other artforms, games mandate participation, with the audience stepping into the world of the game and taking on the roles that the rules and pieces demand of them. Likewise, whenever an audience engages with a fictional world they are inherently playing a game of make-believe and imagining themselves within a different context. This makes world building and gaming a perfect match, with each element giving more power to the other. This book unlocks exactly how the two disciplines are entwined and work together, and how a designer can harness that synergy to the best effect. The text is composed of short, focused chapters that explain every step of building a compelling world, from getting your first ideas to moving towards publication. It also provides a deeper understanding of the how and why of world creation, and why worlds have so much power over us as players and as people. Covers every step of world creation from getting ideas to seeking publication A comprehensive analysis of the field Inspirational tricks to break blocks or find new angles Practical exercises at the end of every chapter Simple and accessible for every kind of game or game designer

**Wizards Presents Worlds and Monsters** Jennifer Clarke Wilkes, 2008 This lavishly illustrated book gives role-playing game fans a unique, behind-the-screen glimpse into the making of the Dungeons & Dragons role-playing game.

**Global Indigenous Horror** Naomi Simone Borwein, 2025-04-15 Contributions by Katrin Althans, Jayson Althofer, Naomi Simone Borwein, Persephone Braham, Krista Collier-Jarvis, Shane Hawk, Jade Jenkinson, June Scudeler, and Sabrina Zacharias Global Indigenous Horror is a collection of essays that positions Indigenous Horror as more than just a genre, but as a narrative space where the spectral and social converge, where the uncanny becomes a critique, and the monstrous mirrors the human. While contentions swirl around the genre category, this exploratory anthology is the first critical edited collection dedicated solely to ways of theorizing and analyzing Indigenous Horror literature. The essays, curated by scholar Naomi Simone Borwein, ask readers to consider what Global Indigenous Horror is—and to whom. The volume opens with a preface by international bestselling horror writer Shane Hawk (enrolled Cheyenne-Arapaho, Hidatsa, and Potawatomi descent), followed by an overview of Global Indigenous Horror trends, aesthetics, and approaches. The carefully selected contributions explore Indigenous Horror literature and mixed-media narratives worldwide, unraveling the intricate dynamics

between the local and global, traditional and contemporary, and human and monstrous. Contributor chapters are grouped not by geographical or cultural variation, but along a spectrum, from a strong emphasis on ways of knowing to a critical inspection of Horror through Indigenous Gothic aesthetics across cultural boundaries and against and beyond nation states.
