Wiesel was 15 years old when he was sent to Auschwitz with his mother, father, and three sisters. Wiesel recalls his horrifying ordeal, including the sadistic Nazi overseers, the death of his mother and younger sister, watching fellow prisoners disappear into the crematorium, the bloody death march to Gleiwitz, and the heartbreaking fatal beating of his father only months before the camp's liberation. Night is a poignant representation of one young Jewish man's pain amidst the violent details of the worst genocide in world history. It is an invaluable record of the past as well as an ever-relevant warning about the consequences of fascism and bigotry. The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction.

God Is Impassible and Impassioned Rob Lister, 2012-11-30 Modern theologians are focused on the doctrine of divine impassibility, exploring the significance of God's emotional experience and most especially the question of divine suffering. Professor Rob Lister speaks into the issue, outlining the history of the doctrine in the views of influential figures such as Augustine, Aquinas, and Luther, while carefully examining modernity's growing rejection of impassibility and the subsequent evangelical response. With an eye toward holistic synthesis, this book proposes a theological model based upon fresh insights into the historical, biblical, and theological dimensions of this important doctrine.

Abraham's Silence J. Richard Middleton, 2021-11-16 It is traditional to think we should praise Abraham for his willingness to sacrifice his son as proof of his love for God. But have we misread the point of the story? Is it possible that a careful reading of Genesis 22 could reveal that God was not pleased with Abraham's silent obedience? Widely respected biblical theologian, creative thinker, and public speaker J. Richard Middleton suggests we have misread and misapplied the story of the binding of Isaac and shows that God desires something other than silent obedience in difficult times. Middleton focuses on the ethical and theological problem of Abraham's silence and explores the rich biblical tradition of vigorous prayer, including the lament psalms, as a resource for faith. Middleton also examines the book of Job in terms of God validating Job's lament as right speech, showing how the vocal Job provides an alternative to the silent Abraham. This book provides a fresh interpretation of Genesis 22 and reinforces the church's resurgent interest in lament as an appropriate response to God.

Embracing Risk in Urban Education Alice E. Ginsberg, 2012-01-26 At a time when American urban public education is under broad attack, and in which America is perceived as a nation at risk that is losing the race to the top, educators and politicians from across the spectrum are promoting increased emphasis on standardized testing, business models of school reform, zero tolerance, no excuses, promoting cultural assimilation, and building a standardized curriculum. Ginsberg argues that in the effort to reduce the achievement gap and mitigate the pejorative label of at-risk, we are in danger of eliminating risk from education entirely. This is especially the case in urban schools with large numbers of poor and minority students. Ginsberg explores alternative approaches to student achievement at four dynamic Philadelphia public schools. This book provides a grounded, close look at alternative and innovative pedagogies which embrace risk through an emphasis on critical inquiry, cultural diversity, global awareness, project-based learning, collaboration, community partnerships, and student activism. The result? Schools which can nurture a new generation of students who are not only smart and literate but can think help preserve American Democracy while furthering the quest for peace, unity, equity, and social justice.

Why? Because they matter. In this compassionate and deeply personal book, Rachel Marie Kang invites you to see and be seen in the midst of your sorrow, your suffering--your story. Through prose and poetry that gives voice to all the things we lose along the way, this gracious book will help you · ponder your loss without judgment · remember what was and make meaning of your memories · reflect on what is yet to be as you heal with hope You don't have to bury your pain, and you don't have to pretend you're over it just because the world thinks you should be. Let Rachel walk hand in hand with you, giving space for sorrow and welcoming you as you find your way along the path to healing.

Holocaust Fiction Sue Vice, 2003-09-02 Examining the controversies that have accompanied the publication of novels representing the Holocaust, this compelling book explores such literature to analyze their violently mixed receptions and what this says about the ethics and practice of millennial Holocaust literature. The novels examined, including some for the first time, are: * Time's Arrow by Martin Amis * The White Hotel by D.M. Thomas * The Painted Bird by Jerzy Kosinski * Schindler's List by Thomas Keneally * Sophie's Choice by William Styron * The Hand that Signed the Paper by Helen Darville. Taking issue with the idea that the Holocaust should only be represented factually, this compelling book argues that Holocaust fiction is not only legitimate, but an important genre that it is essential to accept. In a growing area of interest, Sue Vice adds a new, intelligent and contentious voice to the key debates within Holocaust studies.

Fantasies of Witnessing Gary Weissman, 2018-07-05 Fantasies of Witnessing explores how and why those deeply interested in the Holocaust, yet with no direct, familial connection to it, endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses. Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror, the Holocaust threatens to feel distant and unreal. A prevailing rhetoric of secondary memory and

trauma, he contends, and efforts to portray the Holocaust as an immediate and personal experience, are responses to an encroaching sense of unreality: In America, we are haunted not by the traumatic impact of the Holocaust, but by its absence. When we take an interest in the Holocaust, we are not overcoming a fearful aversion to its horror, but endeavoring to actually feel the horror of what otherwise eludes us. Weissman focuses on specific attempts to locate the Holocaust: in the person of Elie Wiesel, the most renowned survivor, and his classic memoir *Night*; in videotaped survivor stories and Lawrence L. Langer's celebrated book *Holocaust Testimonies*; and in the films *Shoah* and *Schindler's List*. These representations, he explains, constitute a movement away from the view popularized by Wiesel, that those who did not live through the Holocaust will never be able to grasp its horror, and toward re-creating the Holocaust as an experience nonwitnesses may put themselves through. It is only by acknowledging the desire that gives shape to such representations, and by exploring their place in the ongoing contest over who really 'knows' the Holocaust and feels its horror, that we can arrive at a more candid assessment of our current and future relationships to the Holocaust, he says.

Elie Wiesel Joseph Berger, 2023-01-01 An intimate look at Elie Wiesel, author of the seminal Holocaust memoir *Night* and recipient of the Nobel Peace Prize Finalist for the National Jewish Book Award, Biography category An indispensable touchstone.--Julia M. Klein, *Forward* As an orphaned survivor and witness to the horrors of Auschwitz, Elie Wiesel (1928-2016) compelled the world to confront the Holocaust with his searing memoir *Night*. How did this soft-spoken man from a small Carpathian town become such an influential figure on the world stage? Drawing on Wiesel's prodigious literary output and interviews with his family, friends, scholars, and critics, Joseph Berger seeks to answer this question. Berger explores Wiesel's Hasidic childhood in Sighet, his postwar years spent rebuilding his life from the ashes in France, his transformation into a Parisian intellectual, his failed attempts at romance, his years scraping together a living in America as a journalist, his decision to marry and have a child, his emergence as a spokesperson for Holocaust survivors and persecuted peoples throughout the world, his lifelong devotion to the state of Israel, and his difficult final years. Through this penetrating portrait we come to know intimately the man the Norwegian Nobel Committee called a messenger to mankind.

Claiming God Christine Helmer, Shannon Craigo-Snell, 2022-11-09 Marilyn McCord Adams (1943-2017) was a world-renowned philosopher, a theologian who forever changed conversations about God and evil, a compelling preacher, and a fierce advocate for the full belonging of LGBTQ+ people, especially in churches. Over the course of her career, she mentored philosophers, theologians, pastors, and activists. In this book, authors from each of these fields engage and expand upon McCord Adams's work. Chapters address theodicy and the Holocaust, the nature and limits of human free will, sexual violence, Trinitarian relations, beatific vision, friendship, climate change, and how to protest heterosexism with truth, humor, and cookies. Examples of McCord Adams's revised Episcopal liturgies—previously unpublished—are used to affirm the expansive love of God. Accessible and varied, these essays attest to McCord Adams's vocational integration, as she claimed and proclaimed God's goodness in her different professional roles.

Waiting on Grace Michael Barnes, 2020-02-27 Whereas much theology of religions regards 'the other' as a problem to be solved, this book begins with a Church called to witness to its faith in a multicultural world by practising a generous yet risky hospitality. A theology of dialogue takes its rise from the Christian experience of being-in-dialogue. Taking its rise from the biblical narrative of encounter, call and response, such a theology cannot be fully understood without reference to the matrix of faith that Christians share in complex ways with the Jewish people. The contemporary experience of the Shoah, the dominating religious event of the 20th Century, has complexified that relationship and left an indelible mark on the religious sensibility of both Jews and Christians. Engaging with a range of thinkers, from Heschel, Levinas and Edith Stein who were all deeply affected by the Shoah, to Metz, Panikkar and Rowan Williams, who are always pressing the limits of what can and cannot be said with integrity about the self-revealing Word of God, this book shows how Judaism is a necessary, if not sufficient, source of Christian self-understanding. What is commended by this foundational engagement is a hope-filled 'waiting on grace' made possible by virtues of empathy and patience. A theology of dialogue focuses not on metaphysical abstractions but on biblical forms of thought about God's presence to human beings which Christians share with Jews and, under the continuing guidance of the Spirit of Christ, learn to adapt to a whole range of contested cultural and political contexts.
