**The WhatsApp India Story** Sunetra Sen Narayan, Shalini Narayanan, 2024-02-13 WhatsApp is used by over half a billion people in India today in all fields – in business, corporate and informal sectors, in government, for education and among friends, families and acquaintances. This book critically explores the social messaging app's rapid expansion in India and its growing influence and looks at whether, as a form of horizontal communication, it poses a challenge to more traditional structures of communication. The book examines WhatsApp's spread in the personal and professional lives of Indians and the myriad ways in which people in India are using the app in social and business interactions, including among people living with disabilities. Using case studies, interviews, surveys and in-depth research, it analyses key aspects of WhatsApp's massive popularity and its impact on how people communicate. It also explores its impact on the psycho-social dynamics in

India, including the dissemination of fake news and politically motivated content, and the consequent need for media regulation in the country. One of the first books to analyse the pervasiveness of WhatsApp and social media apps in different areas of Indian society, this book will be of interest to scholars and students of media studies, communication studies, digital media, cultural studies, cyberculture studies, sociology and social policy and media law.

Non-Emerging Adulthood Dan Dulberger, Haim Omer, 2021-05-20 This book offers a therapeutic approach to a problem that many families and mental health institutions face: a growing number of adult children who struggle to progress to a psychological, social adulthood. The family patterns that revolve around adult children can remain inert for decades, are often resistant to conventional therapy, and can cause chronic suffering to adult children, parents, and extended families. The authors present a guide that addresses parents of adult children as suffering people in their own right and as essential to assisting their child into entering functional adulthood. The authors, one of whom is the originator of the Non-Violent Resistance Therapy approach (NVR), provide an intervention manual that implements NVR principles for helping families of adult children. The book is based on the authors' ten-year journey of helping such families in cases where traditional interventions and therapeutic values seem not to work.

**Portraits of Adult Jewish Learning** Diane Tickton Schuster, 2022-06-16 What do we mean by “adult Jewish learning”? Where is contemporary adult Jewish learning taking place? What kinds of learning matter to adult Jewish learners in the twenty-first century? *Portraits of Adult Jewish Learning* boldly tackles these questions through the exploration of various learners’ experiences in diverse circumstances: couples exploring a Jewish museum, actors co-creating a Jewish-themed play, social justice activists consolidating their Jewish values and identities, Jewish preschool educators visiting Israel, Jewish and non-Jewish staff at a Jewish social service agency studying traditional texts together, Latinx converts seeking to understand “how to be a good Jew,” members of a Torah study group producing their own commentaries, Jewish community leaders coming to terms with the challenges of Jewish pluralism. Using the social science methodology of portraiture, the authors provide nuanced detail about the wide range of participants, settings, subject matter, and ways of meaning making that characterize adult Jewish learning today. Viewing these narratives side by side enables readers to think “outside the frame” about programming, curricula, pedagogies, and contexts that encourage meaningful adult learning. This book will capture the imagination of educational leaders, clergy, policymakers, philanthropists, teachers, and adult learners, and will spark conversation about how to enrich the field of adult Jewish learning overall.

**Beyond Consumption** Manish K Jha, Pushpendra, 2021-10-14 This book analyses India’s middle class by recognising the

diversity within the class, the people, their practices, and the production of spaces. It explores the economic and social lives of the new middle class, expanding the areas of inquiry beyond consumption in post-liberalisation India and its intersectionalities with gender, caste, religion, migration, and other socioeconomic markers in various cities across the country. The book interrogates the meanings and perceptions of social mobility, growth, consumerism, technology, social identity, and development and examines how they can be emancipatory or subjugating in different contexts. It engages with the new entrants in the middle class, particularly from the marginalised sections, their struggles, insecurities, anxieties, agency, and experiences. The personal, emotive, and psychic dimensions of social mobility have been dealt with in the larger context of socioeconomic settings. The book crosses disciplinary and spatial boundaries and uses a variety of methodologies to provide perspectives on several unexplored or underexplored areas of India's new middle class. This book will be of interest to scholars and researchers of sociology, economics, development studies, public policy, social work, and South Asian studies.

The author provides a broad critical review of previous works to date, which has enabled her to detect areas of research still unexplored.

Putting on a Show Rob Mills, 2022-10-11 What's going on behind the bravado of the 'average Aussie bloke'? Following the untimely deaths of two friends, Rob Mills began questioning who he is as a person and a man. Soon his self-reflection shifted outwards, and he got to wondering how he fits into the category of 'Aussie bloke'. Who is the average Aussie bloke, anyway, and does he even exist? What does he see as his purpose in the world? What is the state of his mental health? What does he think about gender roles, about family, sex and mateship, about violence and vulnerability? Charged by his naturally inquisitive nature, and with enough smarts to know he doesn't have all the answers, Rob called on the help of experts and friends. This book is the result of all these questions: a fascinating, chatty, insightful and often hilarious deep dive into both Rob's own life and that of the man on the street.

Their hope is that each reader will truly find these life lessons from their 'online village' a helpful resource as they make progress in their destiny journey.
