Oklahoma! Tim Carter, 2020-07-31 First published in 2007, *Oklahoma!: The Making of an American Musical* tells the full story of the beloved Rodgers and Hammerstein musical. Author Tim Carter examines archival materials, manuscripts, and journalism, and the lofty aspirations and mythmaking that surrounded the musical from its very inception. The book made for a watershed moment in the study of the American musical: the first well-researched, serious musical analysis of this landmark show by a musicologist, it was also one of the first biographies of a musical, transforming a field that had previously tended to orient itself around creators rather than creations. In this new and fully revised edition, Carter draws further on recently released sources, including the Rouben Mamoulian Papers at the Library of Congress, with additional correspondence, contracts, and even new versions of the working script used - and annotated - throughout the show's rehearsal process. Carter also focuses on the key players and concepts behind the musical, including the original play on which it was based (Lynn Riggs's *Green Grow the Lilacs*) and the Theatre Guild's Theresa Helburn and Lawrence Langner, who fatefully brought Rodgers and Hammerstein together for their first collaboration. The crucial new perspectives these revisions and additions provide make this edition of Carter's seminal work a compulsory purchase for all teachers, students, and lovers of musical theater.

**Something Wonderful** Todd S. Purdum, 2018-04-03 Even before they joined forces, Richard Rodgers and Oscar Hammerstein II had written dozens of Broadway shows, but together they pioneered a new art form: the serious musical play. Their songs and dance numbers served to advance the drama and reveal character, a sharp break from the past and the template on which all future musicals would be built. Broadway to Main Street Laurence Maslon, 2018-08-03 The music of Broadway is one of America's most unique and popular calling cards. In *Broadway to Main Street: How Show Tunes Enchanted America*, author Laurence Maslon tells the story of how the most beloved songs of the American Musical Theater made their way from the Theater District to living rooms across the country. The crossroads where the music of Broadway meets popular culture is an expansive and pervasive

juncture throughout most of the twentieth century--from sheet music to radio broadcasts to popular and original cast recordings--and continues to influence culture today through television, streaming, and the Internet. The original Broadway cast album--from the 78 rpm recording of Oklahoma! to the digital download of Hamilton--is one of the most successful, yet undervalued, genres in the history of popular recording. The challenge of capturing musical narrative with limited technology inspired the imagination of both the recording industry and millions of listeners: between 1949 and 1969, fifteen different original cast albums hit number one on the popular music charts, ultimately tallying more weeks at number one than all of the albums by Frank Sinatra, Elvis Presley, and The Beatles combined. The history of Broadway music is also the history of American popular music; the technological, commercial, and marketing forces of communications and media over the last century were inextricably bound up in the enterprise of bringing the musical gems of New York's Theater District to living rooms along Main Streets across the nation. Featuring new interviews with Stephen Schwartz, Chita Rivera, Steve Lawrence, and prominent record producers and music critics, the story of this commercial and emotional phenomenon is told here in full--from the imprimatur of sheet music from Broadway in the early 20th century to the renaissance of Broadway music in the digital age, folding in the immense impact of show music on American culture and in the context of the recording industry, popular tastes, and our shared national identity. A book which connects cherished cultural artifacts to the emotional narratives at the core of American popular music, Broadway to Main Street: How Show Tunes Enchanted America is an ideal companion for all fans of American musical theater and popular music.

Brigadoon, Braveheart and the Scots Colin McArthur,2003-09-26 The films Brigadoon and Braveheart have an enormous resonance both for Scots throughout the world and the wide audience of non-Scots for whom such films provide general impressions of Scottishness. This provocative book discusses the films' representations of Scotland and the Scots, looking at that cluster of images and stories whereby Scotland is (mis)recognized and yet often comes to be known. Colin McArthur explores Brigadoon and documents the contempt the film has elicited, particularly from the Scots intelligentsia. He succumbs to Brigadoon's charm, but finds no such mitigating features in Braveheart. Tracing the film's appropriation by political, touristic and sporting figures, he argues that, far from being about Scottish history, it is primarily about Hollywood and its cinematic traditions. He looks at the way film distorts history and examines Braveheart's sinister appeal to the proto-fascist psyche.

Songwriting: A Complete Guide to the Craft is both a comprehensive course for beginning and experienced songwriters and a rich source of new ideas, inspiration, and tricks of the trade for those who have already achieved professional standing. This fresh new edition not only contains all of the original volume's cogent advice on how to write the always-popular genres the country song, the ballad, and the love song but has been revised to include: Examples of hard rock, acid, heavy metal, bubblegum, hip-hop, salsa, rap, gangsta, reggae, ska, soul, and many other of today's most recorded styles; Finding a song concept, distilling the hook, choosing a form, adding harmony, and selecting rhythm; An appendix telling how to copyright, computerize, notate, record, and sell your song; Full glossary of musical and songwriting terms, an explanation of rap-speak with a useful section on rhyme for rap songs, many musical examples of well-known songs, and a complete index. **The Poets of Tin Pan Alley** Philip Furia,1992-06-25 From the turn of the century to the 1960s, the songwriters of Tin Pan Alley dominated American music. Irving Berlin, Cole Porter, George and Ira Gershwin, Rodgers and Hart--even today these giants remain household names, their musicals regularly revived, their methods and styles analyzed and imitated, and their songs the bedrock of jazz and cabaret. In The Poets of Tin Pan Alley Philip Furia offers a unique new perspective on these great songwriters, showing how their poetic lyrics were as important as their brilliant music in shaping a golden age of American popular song. Furia writes with great perception and understanding as he explores the deft rhymes, inventive imagery, and witty solutions these songwriters used to breathe new life into rigidly established genres. He devotes full chapters to all the greats, including Irving Berlin, Lorenz Hart, Ira Gershwin, Cole Porter, Oscar Hammerstein II, Howard Dietz, E.Y. Harburg, Dorothy Fields, Leo Robin, and Johnny Mercer. Furia also offers a comprehensive survey of other lyricists who wrote for the sheet-music industry, Broadway, Hollywood, and Harlem nightclub revues. This was the era that produced The New Yorker, Don Marquis, Dorothy Parker, and E.B. White--and Furia places the lyrics firmly in this fascinating historical context. In these pages, the lyrics emerge as an important element of American modernism, as the

lyricists, like the great modernist poets, took the American vernacular and made it sing.

**Experiencing Broadway Music** Kat Sherrell, 2016-09-29 *Experiencing Broadway Music: A Listener's Companion* explores approximately the last century of American musical theater, beginning with the early-twentieth-century shift from European influenced operettas and bawdy variety shows to sophisticated works of seamlessly integrated song and dance that became uniquely American. It concludes with an examination of current musical trends and practices on Broadway. As a musician who works on Broadway and in developmental musical theater, Kat Sherrell draws on her knowledge both as a historian of Broadway musical form and as a professional Broadway musician to offer an insider's perspective on the development and execution of the past and present Broadway scores. Despite its enormous breadth, and given the historical significance of the musical in modern popular culture, *Experiencing Broadway Music* provides listeners—whether they know musical theater well or not at all—with the tools and background necessary to gain an understanding of the highly variegated structure and character of the Broadway musical over the past century.

**The Broadway Musical** Joseph Peter Swain, 2002 This new edition of Swain's classic award-winning text reveals how a musical drama achieves plot movement, character development and conflict through strategic placement of music in twenty impressive productions. Included is the latest research and viewpoints of contemporary critics, highlighting the various styles of important composers including Jerome Kern, George Gershwin, Jerry Bock, Stephen Sondheim, and Andrew Lloyd Webber. This new edition also includes a previously unpublished essay on *Les Misérables*. An expanded epilogue offers insight into the phenomena behind *Miss Saigon* and *Phantom of the Opera*, megamusicals which seemingly popularized the Broadway tradition. For people interested in Broadway musicals, theater, popular music, American music, opera and/or twentieth-century music.

Garner, *Los Angeles Review of Books* Updated to include more than a thousand new quotations, this reader-friendly volume contains over twelve thousand famous quotations, arranged alphabetically by author and sourced from literature, history, popular culture, sports, digital culture, science, politics, law, the social sciences, and all other aspects of human activity. Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace.
