David Deborah, Sathayananda Ji

Interpreting the Wisdom Books Edward M. Curtis, 2019-03-21 The Wisdom Literature of the Bible (Job, Proverbs, Ecclesiastes, and Song of Songs) is filled with practical principles for everyday life. While some Christians are deterred by the pragmatic character of these matter-of-fact guidelines, they are as integral to God's purposes for His people as the explicitly theological material that dominates other parts of Scripture. The Wisdom books tie these two streams of God's revelation together in a way that enriches and strengthens the church. It is a thorough resource for pastors and teachers to help them navigate the sometimes bewildering waters of the Wisdom Literature.

Books of Wisdom Prepare David Deborah, Sathayananda Ji, 2004-03

The Wisdom of God Nancy Guthrie, 2012-02-29 This 10-week study of Job, Psalms, Proverbs, Ecclesiastes, and the Song of Solomon mines the Wisdom Literature not only for wise principles for living, but also for the wise person these books point to through their drama, poetry, proverb, and song. In her accessible and authentic style, Nancy Guthrie focuses on seeing Jesus in the Old Testament instead of emphasizing works-based moralism. She presents clear commentary and contemporary application of gospel truths, speaking directly to issues such as repentance, submission, happiness, and sexuality. Each weekly lesson includes questions for personal study, a contemporary teaching chapter that emphasizes how the passage fits into the bigger story of redemptive history, a brief section on how the passage uniquely points to what is yet to come at the consummation of Christ's kingdom, and a leader's guide for group discussion.

Wisdom's Daughter India Edghill,2005-11-15 This is the tale of Bilqis, the Queen of Sheba, who rules the spice lands and bows before the will of the Goddess. This is the tale of Solomon, the King of Israel and Judea, who built the golden temple to Yahweh in Jerusalem. Once he prayed that he might rule wisely. This is the tale of Solomon's wives, of his concubines ... and of his daughter Baalit, more beloved than any son. Here are their voices, their mysteries, and their deepest secrets. Here they sing their songs and weave their tapestries. As the queen's search for a true heir to her throne takes her to the court of the wisest man in the world, both she and the king learn how to value truth, love, and duty...and the king's daughter learns that not all the world is ruled by men. Wisdom's Daughter is a vivid and richly textured rendition of the biblical tale of King Solomon and the Queen of Sheba. Told in a tapestry of voices that ring with authenticity, Wisdom's Daughter profoundly reveals the deep ties among women in a patriarchal world.

I invite you to keep an open mind as you journey with me through the following pages, for many issues will be raised. Two extremes will be looked at deeply - from the sacred, ritualistic use of ancient power plants among the shaman of our world, to the favelas (slums) of Rio with their drug lords, violence and the aftermath of all that prohibition delivers in such places. While we share the different ways people alter their consciousness to release the natural opiates of the mind, in the final part of this book we assess Global Drug use, startling statistics that show the ineffectiveness of prohibition and offer solutions to it all!

The Kabbalist Semion Vinokur, 2012-01-01 At the dawn of the deadliest era in human history, the 20th century, a mysterious man appeared on the socio-political scene carrying a stern warning for humanity and an unlikely solution to its suffering. In his writings, Kabbalist Yehuda Ashlag described in clarity and great detail the wars and upheavals he foresaw, and even more strikingly, the current economic, political, and social crises we are facing today. His deep yearning for a united humanity has driven him to unlock The Book of Zohar and make it--and the unique force contained therein--accessible to all. The Kabbalist is a cinematic novel that will turn on its head everything you thought you knew about Kabbalah, spirituality, freedom of will, and our perception of reality. It is the first book of its kind to try to convey the inner workings and sensations of a Kabbalist who reached the highest level of attainment, a person who is in direct contact with the singular force governing all of reality. The Kabbalist carries a surprising message of unity with scientific clarity and poetic depth. It transcends religion, nationality, mysticism, and the sheer fabric of space and time to show us that the only miracle is the one taking place within, when we begin to act in harmony with Nature and with the entire humanity. It shows us that we can all be Kabbalists.

The Psychology of the Integral Society Michael Laitman, Anatoly Ulianov, 2011-10-16 This book presents a revolutionary approach to education. All around us we see proof that a dramatic paradigm shift is occurring within our society. An interconnected and interdependent world has started to gradually emerge displacing society's current system which was built upon egoism and hubris. While the world is evolving our education system has been stagnate and is based upon the needs and ideals of the 19th Century. A new education must be developed to meet the needs of an integral society, where all the parts work together to contribute to the well-being and success of humanity. The society will in turn, will be responsible to provide for the well-being and success of its citizens, consequently forming a relationship of mutual need. In a globalised, integral world, this is the only sensible and sustainable solution. In the book, a series of dialogs between professors Michael Laitman and Anatoly Ulianov, we see starting to unfold a new education system. Absence of competition, nurturing through a social environment, peer equality, rewarding the givers, and dynamic makeup of classrooms and instructors are only some of the new precepts introduced in this must-have book.

The Book of One Dennis Waite, 2010-05-11 A comprehensive, yet entertaining introduction to Advaita, the non-dual philosophy which provides a completely reasonable explanation for who we are and the nature of the universe. There are many self-help approaches promising enlightenment and happiness but most are illogical and lack any proven capability. Advaita has a guru-disciple tradition stretching back for several thousand years and can guarantee the sincere seeker a progressive path to self-realization. A 21st Century treatment of this ancient eastern philosophy, this book addresses all of

the issues that are covered by both traditional teachers from the lineage of Shankara and by modern satsang teaching and Direct Path methods stemming from Ramana Maharshi and Krishna Menon. Topics are explained in an accessible and readable manner, using amusing quotations and stories along with an abundance of metaphors from a wide variety of sources.

Unlocking the Zohar Michael Laitman, 2011-01-01 The Book of Zohar (Book of Radiance), also known as The Zohar is one of the most mysterious and misunderstood compositions ever written. The awe, admiration, and even fear it has evoked over the years are unsurpassed. This book contains the secrets of the whole of Creation, but until recently these secrets were

shrouded in a cloud of mystery and misconceptions. Now The Zohar is openly unfolding its wisdom throughout the world, to show humanity a way forward, as the book itself declares (VaYera, Item 460), When the days of the Messiah draw near, even infants will discover the secrets of the wisdom. The greatest Kabbalist of the 20th century, Rav Yehuda Ashlag (1884-1954) paved a new way for us by which we can reveal the secrets of The Zohar. He wrote the Sulam [Ladder] Commentary and the four introductions for The Zohar to help us come to know the forces that govern our lives, and teach us how we can assume control over our destinies. This book is an invitation to a wondrous journey to a higher world. The author, Kabbalist Dr Michael Laitman, wisely ushers us into the revelations of the Sulam commentary. In so doing, Laitman helps us fine-tune our thoughts as we read in The Zohar, to maximize the spiritual benefit derived from reading it. In addition to explaining The Book of Zohar, the book contains numerous inspiring quotes from The Zohar, specifically translated, edited, and compiled for easy reading and understanding of this powerful text.

Parenting with a Story Paul Smith, 2014-11-12 “Play nice!” “Be kind!” “Don’t do that!” Every day, it seems half our conversations with young people is made up of commands dealing with character and niceties--all issues that need to be addressed and not ignored. But how is it working? Do you find yourself back at square one the next day, with a child acting as though they had no idea they shouldn’t be lying? In Parenting with a Story, author Paul Smith, one of the world’s leading experts in organizational storytelling, shows that when stories are used to illustrate to children how choices and consequences play out in the real world, with real people, the impact will be far more profound than the relentless commands that are forgotten or ignored as soon as the parent turns away. This collection of 101 narratives from people around the world and from all walks of life includes lessons that illuminate the power of character, integrity, curiosity, creativity, grit, kindness, patience, gratitude, and other essential characteristics every parent should be trying to instill in their children. Sometimes heart-wrenching, sometimes funny, always compelling, these stories impart wisdom and help steer choices about:

- Resisting peer pressure
- Remaining open-minded
- Being humble
- Making courageous decisions
- Standing by their word
- Bouncing back from failure
- Showing compassion
- Picking friends wisely
- And more

Throughout all of history, stories have been used to help shape who we are and who we aspire to come. But effective storytelling doesn’t have to be reserved for teachers, writers, and preachers. As a parent, learn how to share stories, discuss them with your child, and watch your child grow into the adult every parent would be proud of.
