Kiss the Detective Élmer Mendoza, 2021-04-29 An intelligent, atmospheric police procedural series for fans of John Le Carré and Mick Heron The most important thing that's happened in Mexican literature in the last thirty years Gaby Wood, Sunday Telegraph. Detective Lefty Mendieta makes a deal with the devil in a gripping new novel from the Godfather of Narco Lit Short of leads on the execution-style murder of a fortune-teller, Detective Lefty Mendieta turns to his contacts in the drug underworld. They oblige, but there is a quid pro quo: Help Samantha Valdés, head of the Pacific Cartel, slip through the net of Mexican army and federal police encircling the hospital where she is recovering after an attempt on her life. Grudgingly he agrees, but then gets caught on camera during the escape and becomes headline news. Fired from the force and on the run from the Feds, Lefty again seeks Samantha's help when he learns that his son Jason has been kidnapped in Los Angeles. There, he must come to terms with the woman who broke his heart, while contending with a thicket of conspiracies, feints and double-crosses that further blur the distinction between crime and the law. Betrayal is certain. To save his son, who will Lefty sell out? Translated from the Spanish by Mark Fried

The Trees of Sonora, Mexico Tucson Richard Stephen Felger Executive Director Drylands Institute, AZ, University of Arizona Matthew Brian Johnson Program Manager and Curator Desert Legume Program, Tucson Michael Francis Wilson Research Director Drylands Institute, AZ, 2001-03-31 The definitive treatment of the trees and tree-like plants of Sonora, a remarkably diverse and biologically important region, ranging from some of the driest and hottest areas in North America to cool, temperate woodlands and the northernmost tropical regions in the New World. The majority of the trees in this semi-arid region are at their northern limits in the Americas in this state and many range to South America. Thus, this book will be important to biologists in regions well outside of the area covered. Felger is the recognized expert in the area, and the book contains an enormous body of information nowhere else obtainable. The introductory chapter contains biotic and climatic information and an analysis of the geographical distributions of the trees of a state that is poorly known biologically. Two hundred eighty-five species of native and naturalized trees are covered, featuring extensive identification keys and illustrations, most of them newly produced for this book. The descriptive species accounts include common names,

indigenous names, and synonyms, detailed botanical descriptions, ecological and geographic data, geographic ranges, natural history, economic uses, and, in many cases, other information such as horticultural uses and conservation status.

Higher Education as Ignorance Julián Segura Camacho,2008 Higher Education as Ignorance is a perspective not solely of education, but rather a cultural analysis based on the Mexican American. This book looks at the consequences of an Anglo Pedagogy and the clash it imposes on Mexicans who are from the U.S. and hence an American-born population, but are of a different race, culture, and mindset, and still living in Northern Mexico. This book compares and contrasts White and Mexican customs as a parallel story of how the home education of centuries based from a rancho culture is forcefully imposed by utilizing the cultural elements dear to a Mexican such as a mother, food, language, and history. All done in the name of education, but whose culture and edification is being progressed and digressed. The volume does not solely vilify Anglo hegemony, but also it examines the great divide that exists among Mexican Americans and Mexican immigrants that hunger for some form of advancement, are allowed to do so, and then critique America's Mexicans as if they are to blame alone for their misfortune. Also, a critique of gender and the amalgamation of Latinos is included because for Mexican Americans who are desert U.S. born people to be merged and blended with new immigrants from Central, South America, and the Caribbeans demonstrates the racism visible in society. To piece a U.S. born population albeit desert brown with newcomers from other countries simply because they look the same is another indication of ignorance and blatant racism (that somebody like Julian Camacho even though born in California is still somehow related to people he has never met reveals the truth.) An unwanted population within the U.S.!

Limonaria Estela González,2022-09-02 Ambientada en las postrimerías del siglo XX en una ciudad costera mexicana, Limonaria es la historia de amor de dos mujeres separadas por profundas divisiones sociales y a la vez unidas por el deseo de proteger su medio ambiente. Las dinámicas de opresión de una sociedad extractivista, patriarcal y racista se reflejan en los personajes-narradores, que son un tanto víctimas y un tanto responsables de los hechos. Entre ellos se encuentran la joven pianista Mariana y su novia Fernanda, miembro de la etnia concáac del norte de Sonora; Clavel, la madre de Mariana; Alonso, su tío desaparecido, y la nana Amalia. Un secreto celosamente guardado por décadas revela la dureza de la vida para muchas mujeres e invita a reflexionar sobre la dificultad de tomar decisiones éticas cuando se vive en un estado de opresión. Con un estilo sencillo, pero de intensa profundidad emocional, Estela González brilla en la representación del erotismo y la

belleza del medio natural, presentando dinámicas racistas sin caer en reducciones indigenistas. Limonaria es un tierno relato en el que destaca la libertad que pueden brindar las verdades más dolorosas.

Malayerba Javier Valdez Cárdenas, 2017-01-26 Malayerba es uno de los libros más violentos que se han publicado en los últimos años, y también de los más interesantes, precisos, extraordinarios. Es la crónica, necesariamente fragmentaria, de la violencia del narcotráfico en el norte de México, o más bien de la experiencia de ese acaecer violento tal como se manifiesta cotidianamente en aquella zona del país: la vivencia de los niños, de los empleados y empleadas, de los ciudadanos de a pie; de los narcos incipientes y los pesados. Y es también un poderoso registro sonoro de la infiltración de esa experiencia terrible en la lengua de todos los días, en el habla de la calle. Con este libro, Javier Valdez Cárdenas entra de manera definitiva en la historia de la crónica en México, y lo hace por la puerta grande.

Retruécanos De Los Tiempos Idos Eduardo Roé Farías, 2016-09-08 Retrucanos de los tiempos idos es una obra nacida de evocaciones y recuerdos del autor, y de pasajes históricos y crónicas surgidas de las prolíficas plumas de personajes por cuyas venas corrieron y corren, como film inagotable, el amor por el terruño enmarcado en la otrora villa de San Miguel de Culiacán, una parcela perdida y olvidada por la corona española que se fue acomodando, en los tiempos, de acuerdo a los diversos acontecimientos que sucedieron en el transcurrir de las aejas centurias. Por ello conforman sus páginas divertidas anécdotas que sucedieron, muchas de ellas, en la tierra vigilada y protegida por San Miguel Arcángel, el Bienaventurado Príncipe de las Milicias y de los Espíritus Celestiales; acontecimientos de los que fue testigo el autor o que le llegaron gracias a la herencia legada por historiadores y cronistas, o como girones del pasado enmarcados en tradiciones orales recopiladas de manera directa por el narrador en sucesos que también pueden ser, muchos de ellos, acomodados en parajes distantes del terruño descrito en la obra. En la parte correspondiente al subcapítulo: Cuando las mujeres dejaron de tortear se muestra, con flashazos descriptivos, el contexto cotidiano en el que se desarrollaron las feminas hasta antes del holocausto provocado por el empresario japonés Jess Yoshio Ninomiya Futami, con la apertura de la tortillera mecanizada El Pato Pascual; una novedad que alborotó al mujero de la ciudad de Culiacán Sinaloa, México, tierra clida a la que se le endilgó el mote de La Perla del Humaya. Tienes en tus manos un texto que te hará pasar agradables momentos al recordarte parte de un entorno parecido al tuyo, pretrito en muchos casos, o de haberes que te han llegado por pláticas de los viejos que dejan un agradable sabor de boca cobijado por los perfumes del transcurso de los tiempos.

Vivir Como Judío Rabino Rifat Sonsino, 2012 Vivir Como Judío captura de forma instructiva la esencia del judaísmo moderno, demostrando tanto sus raíces en la tradición como su abrazo a la modernidad. El Rabino Sonsino ha escrito obras eruditas sobre historia y teología judía, sirviendo con distinción como rabino de su congregación. En este volumen, el autor

combina su sabiduría académica con un profundo conocimiento de la vida judía, para proporcionar a los lectores de toda confesión una excelente introducción a un tema complejo, pero de vital importancia. Rabino Eric H. Yoffie Ex Presidente, Union for Reform Judaism Vivir Como Judío proporciona más de lo que su título sugiere, porque es más que una introducción al Judaísmo Moderno-es una visión global y un análisis del Judaísmo en sí mismo. Rifat Sonsino ofrece una visión general de la historia del pueblo judío en el primer capítulo de su libro, y luego procede a explorar y a explicar la teología, las creencias, las fiestas, las prácticas del ciclo de vida y las tradiciones del pueblo judío, tanto dentro de la sinagoga como en el hogar. Además, describe la relación del Judaísmo con otras religiones, y centra su atención en las diferencias y similitudes que marcan los diversos movimientos religiosos dentro del Judaísmo. El libro concluye con una descripción del Judaísmo -sus logros y sus desafíos-así como una presentación de las bendiciones básicas hebreas. El Rabino Sonsino consigue mostrar su erudición académica y dominio de la tradición judía, a lo largo de este trabajo, de una manera accesible y articulada, y proporciona una introducción de primer nivel a la religión judía, que entusiasmará e informará, tanto a los que inician sus estudios sobre Judaísmo como a los que tienen conocimientos avanzados. Tengo el honor de dar a este libro mi recomendación más entusiasta. Rabino David Ellenson, Presidente Hebrew Union College-Jewish Institute of Religion
