Los propósitos estaban centrados en analizar, tanto desde el punto de vista teórico como del metodológico y a partir de estudios de situaciones empíricas, la naturaleza de las nuevas tendencias historiográficas que crecieron y se consolidaron en las últimas décadas del siglo pasado al amparo de una renovación de los enfoques y de los temas de la historia política del subcontinente, anclados casi todos ellos en la revaloración de la historia de la cultura política y en ejercicios de amalgama entre la historia de la cultura y la historia política propiamente dichas.

Independent Mexico Will Fowler, 2016 In mid-nineteenth-century Mexico, garrisons, town councils, state legislatures, and an array of political actors, groups, and communities began aggressively petitioning the government at both local and national levels to address their grievances. Often viewed as a revolt or a coup d'état, these pronunciamientos were actually a

complex form of insurrectionary action that relied first on the proclamation and circulation of a plan that listed the petitioners' demands and then on endorsement by copycat pronunciamientos that forced the authorities, be they national or regional, to the negotiating table. In Independent Mexico, Will Fowler provides a comprehensive overview of the pronunciamiento practice following the Plan of Iguala. This fourth and final installment in, and culmination of, a larger exploration of the pronunciamiento highlights the extent to which this model of political contestation evolved. The result of more than three decades of pronunciamiento politics was the bloody Civil War of the Reforma (1858-60) and the ensuing French Intervention (1862-67). Given the frequency and importance of the pronunciamiento, this book is also a concise political history of independent Mexico.

The Mexican Exception G. Williams, 2011-05-09 This book examines the question of democracy in post-revolutionary Mexican society. Each chapter recuperates an event or particular historical sequence that sheds light on the relation between culture and sovereign exceptionality. Each moment or sequence stages a relation to language. In these speech scenes there is a disagreement between social actors (for example, disputes between peasants and intellectuals over words such as democracy, equality, freedom, proletariat, worker, revolution etc.). Democracy in this book is not just a type of Constitution or a form of society that politics affirms on a daily basis. It is the assumption and installation of egalitarian language. Democracy is therefore the momentary interruption or suspension of the police order.
