*Population and housing censuses by country - Wikipedia* Population censuses have been taken in Nigeria during colonial time in 1866, 1871, 1896, 1901, 1911, 1921 and 1952. The censuses covered only the southern part of the country except for the 1952 census which was country wide, and the censuses before 1921 were based on administrative estimates rather than on an actual enumeration. *List of countries by population growth rate - Wikipedia* List of countries by population growth rate Population growth rate for 2023 by Our World in Data [1] This article includes a table of annual population growth rate for countries and subnational areas. *List of countries and dependencies by population - Wikipedia* List of countries and dependencies by population Cartogram of the world's population in 2018; each square represents 500,000 people. This is a list of countries and dependencies by population. *Human population projections - Wikipedia* History of population projections Projections of global human population are generally based on birth rates and death rates, and since these are difficult to predict very far into the future, forecasts of global population numbers and growth rates have changed over time. **List of countries and dependencies by population (United ...** List of countries and dependencies by population (United Nations) This is the list of countries and other inhabited territories of the world by estimated total population. It is based on estimates published by the United Nations in the 2024 revision of World Population Prospects. It presents population estimates from 1950 to the present. [2] *List of countries by past and projected future population* List of countries by past and projected future population Population of the present-day top seven most-populous countries, 1800 to 2100. Future projections are based on the 2024 UN's medium-fertility scenario. Chart created by Our World In Data in 2024. This article contains a list of countries by past and projected future population. This assumes that countries stay constant in ... **Demographics of the world - Wikipedia** The following estimates of global trends in various demographic indicators from 1950 to 2021 are from UN DESA 's World Population Prospects 2022. In July 2022, UN DESA published its 2022 World Population Prospects, a biennially-updated database where key demographic indicators are estimated and projected worldwide and on the country and regional level. [29] **Estimates of historical world population - Wikipedia** Population estimates cannot be considered accurate to more than two decimal digits; for example, the world population for the year 2012 was estimated at 7.02, 7.06, and 7.08 billion by the United States Census Bureau, the Population Reference Bureau, and the United Nations Department of Economic and Social Affairs, respectively, corresponding ...
