When we first start facing truth, the process may be frightening, and many people run back to their old lives. But if you continue to seek truth, you will eventually be able to handle it better. In fact, you want more! It's true that many people around you now may think you are weird or even a danger to society, but you don't care. Once you've tasted the truth, you won't ever want to go back to being ignorant.

The Socratic Way of Life Thomas L. Pangle, 2018-04-03 The Socratic Way of Life is the first English-language book-length study of the philosopher Xenophon's masterwork. In it, Thomas L. Pangle shows that Xenophon depicts more authentically than does Plato the true teachings and way of life of the citizen philosopher Socrates, founder of political philosophy. In the first part of the book, Pangle analyzes Xenophon's defense of Socrates against the two charges of injustice upon which he was convicted by democratic Athens: impiety and corruption of the youth. In the second part, Pangle analyzes Xenophon's account of how Socrates's life as a whole was just, in the sense of helping through his teaching a wide range of people. Socrates taught by never ceasing to raise, and to progress in answering, the fundamental and enduring civic questions: what is pious and impious, noble and ignoble, just and unjust, genuine statesmanship and genuine citizenship. Inspired by Hegel's and Nietzsche's assessments of Xenophon as the true voice of Socrates, *The Socratic Way of Life* establishes the Memorabilia as the groundwork of all subsequent political philosophy.

Life is Just a Ride! Jocelyne Grzela, 2021-03-18 "Who are we and why are we here?" "Is life an illusion and are we mere characters in this movie we call life?" "What are the themes and patterns of your life story?" "What beliefs have shaped your life, and are you still holding on to them?" These are some of the questions to which Jocelyne Grzela has spent her life looking for answers. *Life is Just a Ride!* is the author's journey of searching for the Truth. Many of us have been searching for answers, especially in today's world. We're all trying to make sense of it all, and it can be confusing and overwhelming. This book brings together methodologies and practical tools that have been there for us since we incarnated, but may have forgotten. When we arrive in this world, many tools are made available to us to guide us as we set out on our journey. Once we find these tools, and use them to connect the pieces, we begin to create a map to help us see through the illusion of the ego in order to understand who we are, and what we're doing here. We are provided with what we need to begin enjoying the game we have chosen to partake in. Through her own strenuous challenges of loss, divorce, trauma, and a brush with death, the author demonstrates how to stop taking life so seriously, and enjoy the ride. Then you'll learn the difference between desiring and allowing, and what the purpose of karma is really all about. This path will take you from one of self-improvement to one of self-acceptance. Lastly, you'll learn how to see through the game of the ego by using the tools and exercises provided, and develop a clear map of your true identity and purpose in this life story. This inspirational memoir is meant to encourage you to find your own truth, to help you realize that you have a choice to live in fear, or live free as you were meant to be.
