Black Sheep Rachel Harrison, 2023-09-19 A New York Times Best Horror Book of the Year A cynical twentysomething must confront her unconventional family's dark secrets in this fiery, irreverent horror novel from the author of *Such Sharp Teeth and Cackle*. Nobody has a "normal" family, but Vesper Wright's is truly...something else. Vesper left home at eighteen and never looked back—mostly because she was told that leaving the staunchly religious community she grew up in meant she couldn't return. But then an envelope arrives on her doorstep. Inside is an invitation to the wedding of Vesper's beloved cousin Rosie. It's to be hosted at the family farm. Have they made an exception to the rule? It wouldn't be the first time Vesper's been given special treatment. Is the invite a sweet gesture? An olive branch? A trap? Doesn't matter. Something inside her insists she go to the wedding. Even if it means returning to the toxic environment she escaped. Even if it means reuniting with her mother, Constance, a former horror film star and forever ice queen. When Vesper's homecoming exhumes a terrifying secret, she's forced to reckon with her family's beliefs and her own crisis of faith in this deliciously sinister novel that explores the way family ties can bind us as we struggle to find our place in the world.

Two women with a deep love for disco meet one fateful night on the dance floor, changing the course of both their lives forever. American Ghoul Michelle McGill-Vargas, 2024-09-03 A wildly entertaining debut from Michelle McGill-Vargas, *American Ghoul* deftly combines horror and social commentary—with a dash of buddy comedy—in an innovative twist on the vampire genre. You can't kill someone who's already dead. That's what Lavinia keeps telling her jailer after—allegedly—killing her mistress, Simone Arceneau. But how could Simone be dead when she was taking callers just a few minutes before? And why was her house always so dark? Lavinia, a recently freed slave, met Simone, a recently undead vampire, by chance on a plantation in post-Civil War Georgia. With nothing remaining for either woman in the South, the two form a fast friendship and head north. However, Lavinia quickly learns that teaming up with this white woman may be more than she bargained for. Simone is reckless and impulsive—which would've been bad enough on its own, but when combined with her particular diet, Lavinia finds herself in way over her head. As she is forced to repeatedly compromise her morals and struggles to make lasting human connections, Lavinia begins to wonder, is she truly free or has she merely exchanged one form of enslavement for another? As bodies start to pile up in the small Indiana town they've settled in, people start to take a second look at the

two newcomers, and Simone and Lavinia's relationship is stretched to its breaking point ...

A Botanical Daughter Noah Medlock, 2024-03-19 Mexican Gothic meets *The Lie Tree* by way of Oscar Wilde and Mary Shelley in this delightfully witty horror debut. A captivating tale of two Victorian gentlemen hiding their relationship away in a botanical garden who embark on a Frankenstein-style experiment with unexpected consequences. It is an unusual thing, to live in a botanical garden. But Simon and Gregor are an unusual pair of gentlemen. Hidden away in their glass sanctuary from the disapproving tattle of Victorian London, they are free to follow their own interests without interference. For Simon, this means long hours in the dark basement workshop, working his taxidermical art. Gregor's business is exotic plants – lucrative, but harmless enough. Until his latest acquisition, a strange fungus which shows signs of intellect beyond any plant he's seen, inspires him to attempt a masterwork: true intelligent life from plant matter. Driven by the glory he'll earn from the Royal Horticultural Society for such an achievement, Gregor ignores the flaws in his plan: that intelligence cannot be controlled; that plants cannot be reasoned with; and that the only way his plant-beast will flourish is if he uses a recently deceased corpse for the substrate. The experiment – or Chloe, as she is named – outstrips even Gregor's expectations, entangling their strange household. But as Gregor's experiment flourishes, he wilts under the cost of keeping it hidden from

jealous eyes. The mycelium grows apace in this sultry greenhouse. But who is cultivating whom? Told with wit and warmth, this is an extraordinary tale of family, fungus and more than a dash of bloody revenge from an exciting new voice in queer horror.

Zero Saints Gabino Iglesias, 2024-07-23 The first novel from one of the most electrifying voices in contemporary crime fiction, Gabino Iglesias, follows Fernando, a drug dealer and enforcer living in Austin whose life takes a lethal turn when an unknown gang with seemingly supernatural abilities arrives on his turf. Enforcer and drug dealer Fernando has seen better days. On his way home from work, some heavily-tattooed gangsters throw him in the back of a car and take him to an abandoned house, where they saw off his friend's head and feed the kid's fingers to...something. Their message is clear: this is their territory, now. But Fernando isn't put down that easily. Using the assistance of a Santeria priestess, an insane Puerto Rican pop sensation, a very human dog, and a Russian hitman, he'll build the courage (and firepower) he'll need to fight a gangbanger who's a bit more than human.

Weird Tales Magazine No. 368 Jonathan Maberry, 2024-04-30 *Weird Tales* magazine is known for launching a number of sub-genres of fiction—cosmic horror, swords & sorcery, dark fantasy, and others. It has also greatly added to existing genres like science fiction, horror, and—a personal favorite of editor Jonathan Maberry—weird mystery stories. Or, as they became known—occult detective tales. Here are all-original tales about people who peer into the shadows in order to solve a mystery. Sometimes successfully ... and sometimes the darkness wins. The stories range from nail-biting horror to very dark comedy, and there's a generous mix of short stories, flash fiction (shorter works of about 1500 words), and poems. The lineup is killer, as you'll discover, and the interpretations of what constitutes "occult fiction" is unique to each writer. "The Eyrie" by Jonathan Maberry "Dead Jack and the Mystery of Room 216" by James Aquilone "Beneath the Scarred Pulpit" by Kenneth W.

The House That Horror Built Christina Henry, 2024-05-14 A single mother working in the gothic mansion of a reclusive horror director stumbles upon terrifying secrets in the captivating new novel from the national bestselling author of *Good Girls Don't Die* and *Horseman*. Harry Adams has always loved horror movies, so it’s not a total coincidence that she took the job cleaning house for movie director Javier Castillo. His forbidding graystone Chicago mansion, *Bright Horses*, is filled from top to bottom with terrifying props and costumes, as well as glittering awards from his career making films that thrilled audiences—until family tragedy and scandal forced him to vanish from the industry. Javier values discretion, and Harry has always tried to clean the house immaculately, keep her head down, and keep her job safe—she needs the money to support her son. But then she starts hearing noises from behind a locked door. Noises that sound remarkably like a human voice calling for help, even though Javier lives alone and never has visitors. Harry knows that not asking questions is a vital part of working for Javier, but she soon finds that the sinister house may be home to secrets she can’t ignore.

On the Subject of Blackberries Stephanie M. Wytovich, 2024-10-18 Winner of the Bram Stoker Award for Superior Achievement in a Poetry Collection Welcome to the garden. Here we poison our fruits, pierce ourselves with thorns, and transform under the light of the full moon. Mad and unhinged, we fall through rabbit holes, walk willingly into fairy rings, and dance in the song of witchcraft, two snakes around our ankles, the juice of berries on our tongues. Inspired by Shirley Jackson's *We Have Always Lived in the Castle*, these poems are meditations on female rage, postpartum depression, compulsion, and intrusive thoughts. They pull from periods of sleep deprivation, soul exhaustion, and nightmarish delusions, and each is left untitled, a nod to the stream-of-conscious mind of a new mother. Using found poetry and under the influence of bibliomancy, Wytovich harnesses the occult power of her imagery and words and aligns it with a new, more vulnerable, darkness. These pieces are not only visions of the madwoman in the attic, but ghostly visitations that explore the raw mental torture women sometimes experience after giving birth. This collection heals as much as it scars, and is an honest look at how trauma seeps into the soil of our bodies. Her poems are imagined horrors, fictional fears, and all the unspoken murmurs of a mind lost between reality and dream. What she leaves in her wake is nothing short of horror—the children lost, the garden dead, the women feral, ready to pounce. Advance Praise ...an uncomfortable collection. Petal-pressed and pulsing with politeness, her poetry is unflinching in its honesty, each poem a bewitchingly beautiful slurp at the horror of motherhood. A devastating work. -Lee Murray, co-author of *Tortured Willows* ...a birth announcement, a lullaby, a eulogy. It is the beautiful, yet painful tangled parts of transformation. Wytovich conjures a sympathetic magic spell, and stands firm as one of the masters of speculative poetry. -Cynthia Pelayo, *Crime Scene Dark*, lovely, and brutal, these poems are a tribute to Shirley Jackson and a hymn for the inner Blackwood sister who resides in all of us. Fans of gothic horror will devour Wytovich's stunning collection in one sitting. -Jessica Drake-Thomas, *Burials and Bad Omens* Once again, Stephanie M. Wytovich knocks it out of the park with her inimitable poetry. Everything I'd hoped it would be and more. -Gwendolyn Kiste, *Reluctant Immortals*

[Sisters of the Lost Nation](#) Nick Medina, 2024-03-19 Named a Most Anticipated Book by Barnes and Noble • BuzzFeed • GoodReads • Book Riot • CrimeReads • Ms. Magazine • SheReads • Amazon Editor's Pick • Tor.com • and more! A young Native girl's hunt for answers about the women mysteriously disappearing from her tribe's reservation leads her to delve into the myths and stories of her people, all while being haunted herself, in this atmospheric and stunningly poignant debut. Anna Horn is always looking over her shoulder. For the bullies who torment her, for the entitled visitors at the reservation's

casino...and for the nameless, disembodied entity that stalks her every step—an ancient tribal myth come-to-life, one that’s intent on devouring her whole. With strange and sinister happenings occurring around the casino, Anna starts to suspect that not all the horrors on the reservation are old. As girls begin to go missing and the tribe scrambles to find answers, Anna struggles with her place on the rez, desperately searching for the key she’s sure lies in the legends of her tribe’s past. When Anna’s own little sister also disappears, she’ll do anything to bring Grace home. But the demons plaguing the reservation—both ancient and new—are strong, and sometimes, it’s the stories that never get told that are the most important. Part gripping thriller and part mythological horror, author Nick Medina spins an incisive and timely novel of life as an outcast, the cost of forgetting tradition, and the courage it takes to become who you were always meant to be.

Good Boy Neil McRobert, 2025-10-09 PART OF THE NORTHERN WEIRD PROJECT After a boy vanishes on the outskirts of a small town, a woman spies a mysterious man digging a grave in the exact spot of the disappearance. However, when she confronts him, the man's true purpose is far more chilling than she could have imagined. Advance Praise: “An excellent story – reminded me of classic English stories of the supernatural. People like M.R. James and Arthur Machen. Heady company to be in!” Stephen King “A profoundly moving and genuinely eerie tale about the cruel, persistent horrors of this world, about roads not taken, about love and grief, about courage and sacrifice, about what we do with the time we are given...an extraordinary, utterly unforgettable debut. A beautiful ode to goodness.” Rachel Harrison, USA Today bestselling author of *So Thirsty* and *Black Sheep* “Somewhere between the cosmic precision of John Langan, the undulating mundanity of Robert Aickman, and the boundless heart of Stephen King, sits Neil McRobert's *Good Boy*. This is an expertly executed story.” Nat Cassidy, USA Today bestselling author of *When the Wolf Comes Home* and *Mary* “Assured, heartfelt horror firmly rooted in affection, longing and loss and a quiet Northern resignation to things beyond any earthly control. This is a haunting little sting of a book, a sharp nip at the heels.” Gemma Amor, Bram Stoker and British Fantasy Award nominated author of *Itch* “There’s good dogs, there’s excellent writers, and there’s extraordinary novellas. What you’re holding in your hands now is all three.” Stephen Graham Jones, author of *The Buffalo Hunter Hunter* “A chilling tale that breaks your heart. Neil McRobert speaks to one of the truest forms of love there is, that bond between a boy and his dog, written with the elegiac flood of Dylan Thomas and the homespun verve of a fireside ghost story told at the local pub.” Clay McLeod Chapman, author of *Wake Up* and *Open Your Eyes* “Both terrifying and deeply heartfelt. Echoing the best of Stephen King, it's a story of monstrous horror and quiet sacrifice; it's about how we live our lives and the pets that accompany us, if we're lucky. I loved this very English monster story, and I especially loved the titular good boy. You will, too.” Trevor Henderson, author of *Scarewaves*
