Feel-Bad Postfeminism Catherine McDermott,2022-06-02 In Feel-Bad Postfeminism, Catherine McDermott provides crucial insight into what growing up during empowerment postfeminism feels like, and outlines the continuing postfeminist legacy of resilience in girlhood coming-of-age narratives. McDermott's analysis of *Gone Girl* (2012), *Girls* (2012-2017) and *Appropriate Behaviour* (2012) illuminates a major cultural turn in which the pleasures of postfeminist empowerment curdle into a profound sense of rage and resentment. By contrast, close examination of *The Hunger Games* (2008-2010), *Girlhood* (2014) and *Catch Me Daddy* (2014) reveals that contemporary genres are increasingly constructing girls as uniquely capable of resiliently overcoming and adapting to unforgiving social conditions. She develops an affective vocabulary to better understand contemporary modes of defiant, transformative and relational resilience, as well as a framework through which to expand on further modes that are specific to the genres they emerge within. Overall, the book suggests that exploration of the affective dimensions of girls' and women's culture can offer new insights into how coming-of-age, girlhood and femininity are culturally produced in the aftermath of postfeminism.

Media Marathoning Lisa Glebatis Perks, 2014-12-11 Media Marathoning: Immersions in Morality is a scholarly study of the intense relationship between reader and story world, analyzing the way audiences become absorbed in a fictive text and dedicate many hours to exploring its narrative contours. Rather than view these media experiences as mindless indulgences, “media marathoning” connotes a conjoined triumph of commitment and stamina. Compared to more traditional, slower-paced media engagement patterns, media marathoning affords readers greater depth of story world engagement, maximizing the emotional and cognitive rewards of the media experience. Through immersive marathoning experiences, audiences can seriously engage with mediated questions about human nature and society, refining our orientation toward morality through internal dialogue about the story and communication with other readers as we process the meaningful journey. As digital technologies facilitate easier, user-centered access to media texts, narratives increase in complexity, and more readers seek immersive story world experiences, marathoning looks to be the new normal of media engagement. Drawing from qualitative studies of book, film, and television marathoners, along with textual analysis of commonly marathoned stories, Media Marathoning presents a holistic look at marathoning’s cultural impact.

Peace and Resistance in Youth Cultures Siobhan McEvoy-Levy, 2017-12-21 This book offers a rationale for and ways of reading popular culture for peace. It argues that we can improve peacebuilding theory and practice through examining popular culture’s youth revolutionaries and their outcomes - from their digital and plastic renderings to their living embodiments in local struggles for justice. The study combines insights from post-structural, post-colonial, feminist, youth studies and peace and conflict studies theories to analyze the literary themes, political uses, and cultural impacts of two hit

book series – Harry Potter and The Hunger Games – tracing how these works have been transformed into visible political practices, including social justice advocacy and government propaganda in the War on Terror. Pop culture production and consumption help maintain global hierarchies of inequality and structural violence but can also connect people across divisions through fandom participation. Including chapters on fan activism, fan fiction, Guantanamo Bay detention center, youth as a discursive construct in IR, and the merchandizing and tourism opportunities connected with The Hunger Games, the book argues that through taking youth-oriented pop culture seriously, we can better understand the local, global and transnational spaces, discourses, and the relations of power, within which meanings and practices of peace are known, negotiated, encoded and obstructed.

Cinematic Faith William D. Romanowski, 2019-05-21 This engaging book explores how Christians can most profitably and critically hear, read, and view popular culture through the lens of film. The Future of the Nineteenth-Century Dream-Child Amy Billone, 2016-06-10 This book investigates the reappearance of the 19th-century dream-child from the Golden Age of Children's Literature, both in the Harry Potter series and in other works that have reached unprecedented levels of popular success today. Discussing Harry Potter as a reincarnation of Lewis Carroll's Alice and J.M. Barrie's Peter Pan, Billone goes on to examine the recent resurrection of Alice in Tim Burton's Alice, and of Peter Pan in Michael Jackson and in James Bond. Visiting trends that have emerged since the Harry Potter series ended, the book studies revisions of the dream-child in texts and films that have inspired mass fandom in the twenty-first century: Stephenie Meyer's *Twilight*, E.L. James's *50 Shades of Grey* and Suzanne Collins's *The Hunger Games*. The volume argues that the 21st-century desire to achieve dream-states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time. This current identification with the dream-child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age. This book not only explores how the dream-child from the past has returned to reflect misgivings about imagined dystopian futures but

also reveals how the rebirth of the dream-child opens up possibilities for new narratives where happy endings remain viable against all odds. It will appeal to scholars in a wide variety of fields including Childhood Studies, Children's/YA Literature, Cinema Studies, Cultural Studies, Cyberculture, Gender Studies, Queer Studies, Gothic Studies, New Media, and Popular Culture.

Teaching Young Adult Literature Mike Cadden, Karen Coats, Roberta Seelinger Trites, 2020-04-01 Thanks to the success of franchises such as *The Hunger Games* and *Twilight*, young adult literature has reached a new level of prominence and popularity. Teens and adults alike are drawn to the genre's coming-of-age themes, fast pacing, and vivid emotional portrayals. The essays in this volume suggest ways high school and college instructors can incorporate YA texts into courses in literature, education, library science, and general education. The first group of essays explores key issues in YA literature, situates works in cultural contexts, and addresses questions of text selection and censorship. The second section discusses a range of genres within YA literature, including both realistic and speculative fiction as well as verse narratives, comics, and film. The final section offers ideas for assignments, including interdisciplinary and digital projects, in a variety of courses.

Race, Gender, and Sexuality in Post-Apocalyptic TV and Film Barbara Gurr, 2015-10-07 This book offers analyses of the roles of race, gender, and sexuality in the post-apocalyptic visions of early twenty-first century film and television shows. Contributors examine the production, reproduction, and re-imagination of some of our most deeply held human ideals through sociological, anthropological, historical, and feminist approaches.

The Politics of Panem Sean P. Connors, 2014-09-24 The *Hunger Games* trilogy is a popular culture success. Embraced by adults as well as adolescents, Suzanne Collins's bestselling books have inspired an equally popular film franchise. But what, if anything, can reading the *Hunger Games* tell us about what it means to be human in the world today? What complex social and political issues does the trilogy invite readers to explore? Does it merely entertain, or does it also instruct? Bringing together scholars in literacy education and the humanities, *The Politics of Panem: Challenging Genres* examines how the *Hunger Games* books and films, when approached from the standpoint of theory, can challenge readers and viewers intellectually. At the same time, by subjecting Collins's trilogy to literary criticism, this collection of essays challenges its complexity as an example of dystopian literature for adolescents. How can applying philosophic frameworks such as those attributable to Socrates and Foucault to the *Hunger Games* trilogy deepen our appreciation for the issues it raises? What, if anything, can we learn from considering fan responses to the *Hunger Games*? How might adapting the trilogy for film complicate its ability to engage in sharp-edged social criticism? By exploring these and other questions, *The Politics of Panem: Challenging Genres* invites teachers, students, and fans of the *Hunger Games* to consider how Collins's trilogy, as a representative of young adult dystopian fiction, functions as a complex narrative. In doing so, it highlights questions and issues that lend themselves to critical exploration in secondary and college classrooms.

The Woman Fantastic in Contemporary American Media Culture Elyce Rae Helford, Shiloh Carroll, Sarah Gray, Michael R. Howard II, 2016-11-02 Contributions by Marleen S. Barr, Shiloh Carroll, Sarah Gray, Elyce Rae Helford, Michael R. Howard II, Ewan Kirkland, Nicola Mann, Megan McDonough, Alex Naylor, Rhonda Nicol, Joan Ormrod, J. Richard Stevens, Tosha Taylor, Katherine A. Wagner, and Rhonda V. Wilcox Although the last three decades have offered a growing body of scholarship on images of fantastic women in popular culture, these studies either tend to focus on one particular variety of fantastic female (the action or sci-fi heroine), or on her role in a specific genre (villain, hero, temptress). This edited collection strives to define the Woman Fantastic more fully. The Woman Fantastic may appear in speculative or realist settings, but her presence is always recognizable. Through futuristic contexts, fantasy worlds, alternate histories, or the display of superpowers, these insuperable women challenge the laws of physics, chemistry, and/or biology. In chapters devoted to certain television programs, adult and young adult literature, and comics, contributors discuss feminist negotiation of today's economic and social realities. Senior scholars and rising academic stars offer compelling analyses of fantastic women from Wonder Woman and She-Hulk to Talia Al Ghul and Martha Washington; from Carrie Vaughn's Kitty Norville series to Cinda Williams Chima's The Seven Realms series; and from Battlestar Gallactica's female Starbuck to Game of Thrones's Sansa and even Elaine Barrish Hammond of USA's Political Animals. This volume furnishes an important contribution to ongoing discussions of gender and feminism in popular culture.

Girls on Fire Sarah Hentges, 2018-04-18 Under the threat of climate change, corruption, inequality and injustice, Americans may feel they are living in a dystopian novel come to life. Like many American narratives, dystopian stories often focus on males as the agents of social change. With a focus on the intersections of race, gender, class, sexuality and power, the author analyzes the themes, issues and characters in young adult (YA) dystopian fiction featuring female protagonists--the Girls on Fire who inspire progressive transformation for the future.

The Hunger games / druk 11 Suzanne Collins,2012-02

The Hunger Games: Catching Fire ,2014 Jennifer Lawrence reprises her role as Katniss Everdeen in the second instalment of the sci-fi adventure trilogy based on the novel by Suzanne Collins. Fresh from her triumph in the 74th Annual Hunger Games, Katniss, along with fellow winner Peeta Mellark (Josh Hutcherson), returns home to District 12 for some much needed rest. But soon after, while on a 'Victory Tour' of the other districts, she becomes aware of growing dissent to the Capitol's rule, and realises that rebellion is in the air. As Panem prepares itself for the third 'Quarter Quell' (75th Hunger Games), autocratic ruler President Coriolanus Snow (Donald Sutherland), still smarting from the Capitol's humiliation in the last games, stacks the deck to ensure that the upcoming tournament will wipe out any resistance from the districts once and for all.
