William Ward Wight

The Lost Daughter Mary Williams, 2013-04-09 “I always hoped [Mary Williams] would tell her incredible story. She's a writer of uncommon clarity and humor, and the arrival of her memoir is cause for celebration. —Dave Eggers, author of *What Is the What* As she grew up in 1970s Oakland, California, role models for Mary Williams were few and far between: her father was often in prison, her older sister was a teenage prostitute, and her hot-tempered mother struggled to raise six children alone. For all Mary knew, she was heading down a similar path. But her life changed when she met Jane Fonda at summer camp in 1978. Fonda grew attached to the bright girl and eventually invited her to become part of her family, becoming the mother Mary never had. Mary's life since has been one of adventure and opportunity—from hiking the Appalachian Trail solo, working with the Lost Boys of Sudan, and living in the frozen reaches of Antarctica. Her most courageous trip, though, involved returning to Oakland and reconnecting with her biological mother and family, many of whom she hadn't seen since the day she left home. *The Lost Daughter* is a chronicle of her journey back in time, an exploration of fractured family bonds, and a moving epic of self-discovery.

Black Women's Mental Health Stephanie Y. Evans, Kanika Bell, Nsenga K. Burton, 2017-06-01 Creates a new framework for approaching Black women's wellness, by merging theory and practice with both personal narratives and public policy. This book offers a unique, interdisciplinary, and thoughtful look at the challenges and potency of Black women's struggle for inner peace and mental stability. It brings together contributors from psychology, sociology, law, and medicine, as well as the humanities, to discuss issues ranging from stress, sexual assault, healing, self-care, and contemplative practice to health-policy considerations and parenting. Merging theory and practice with personal narratives and public policy, the book develops a new framework for approaching Black women's wellness in order to provide tangible solutions. The collection reflects feminist praxis and defines womanist peace in terms that reject both “superwoman” stereotypes and “victim” caricatures. Also included for health professionals are concrete recommendations for understanding and treating Black women. “This book speaks not only to Black women but also educates a broader audience of policymakers and therapists about the complex and multilayered realities that we must navigate and the protests we must mount on our journey to find inner peace and optimal health.” —from the Foreword by Linda Goler Blount

The Lost Boys of Sudan Mark Bixler, 2013-05-01 In 2000 the United States began accepting 3,800 refugees from one of Africa's longest civil wars. They were just some of the thousands of young men, known as "Lost Boys," who had been orphaned or otherwise separated from their families in the chaos of a brutal conflict that has ravaged Sudan since 1983. The *Lost Boys of Sudan* focuses on four of these refugees. Theirs, however, is a typical story, one that repeated itself wherever the Lost Boys could be found across America. Jacob Magot, Peter Anyang, Daniel Khoch, and Marko Ayii were among 150 or so Lost Boys who were resettled in Atlanta. Like most of their fellow refugees, they had never before turned on a light switch, used a kitchen appliance, or ridden in a car or subway train—much less held a job or balanced a checkbook. We relive their early excitement and disorientation, their growing despondency over fruitless job searches, adjustments they faced upon finally entering the workforce, their experiences of post-9/11 xenophobia, and their undying dreams of acquiring an

education. As we immerse ourselves in the Lost Boys' daily lives, we also get to know the social services professionals and volunteers, celebrities, community leaders, and others who guided them—with occasional detours—toward self-sufficiency. Along the way author Mark Bixler looks closely at the ins and outs of U.S. refugee policy, the politics of international aid, the history of Sudan, and the radical Islamist underpinnings of its government. America is home to more foreign-born residents than ever before; the Lost Boys have repaid that gift in full through their example of unflagging resolve, hope, and faith.

Black Women's Yoga History Stephanie Y. Evans, 2021-03-01 How have Black women elders managed stress? In *Black Women's Yoga History*, Stephanie Y. Evans uses primary sources to answer that question and to show how meditation and yoga from eras of enslavement, segregation, and migration to the Civil Rights, Black Power, and New Age movements have been in existence all along. Life writings by Harriet Jacobs, Sadie and Bessie Delany, Eartha Kitt, Rosa Parks, Jan Willis, and Tina Turner are only a few examples of personal case studies that are included here, illustrating how these women managed traumatic stress, anxiety, and depression. In more than fifty yoga memoirs, Black women discuss practices of reflection, exercise, movement, stretching, visualization, and chanting for self-care. By unveiling the depth of a struggle for wellness, memoirs offer lessons for those who also struggle to heal from personal, cultural, and structural violence. This intellectual history expands conceptions of yoga and defines inner peace as mental health, healing, and wellness that is both compassionate and political.

Girl in Black and White: The Story of Mary Mildred Williams and the Abolition Movement Jessie Morgan-Owens, 2019-03-12 An “engrossing narrative history” (Joanna Scutts, *The Lily*) of the enslaved girl whose photograph transformed the abolition movement. When a decades-long court battle resulted in her family’s freedom in 1855, seven-year-old Mary Mildred Williams unexpectedly became the face of American slavery. Due to generations of sexual violence, Mary’s skin was so light she “passed” as white—a fact abolitionist Senator Charles Sumner knew would be the key to his white audience’s sympathy. *Girl in Black and White* restores Mary to her rightful place in history, “probing issues of colorism and racial politics” (New York Times Book Review) that still affect us profoundly today.
